-A petition is being circulated asking the council to let the cows have the freedom of the city during the daytime, anyway. It has received a number of signers, and is to be presented to the council next Monday night, which will give the aldermen a chance to show what nerve they have. The petition is said to have received even the signature of the deputy marshal whose duty it is to drive cows into the pound. He has evidently wearied in well doing.

-Some of the church ladies who have been identified with the fairs and festivals given for the relief of the poor of this city, feel a little hurt about the statement made in The Nonparell that there was dancing and raffling off prizes in connection with the enterprise. There were some prizes which were voted for, and late one evening after most had left the hall, some of the young folks took advantage of the fact that the band was playing a walts, and began the giddy whirl, but the music was changed and the dance stopped. Those of the management, who have conscientious scruples about such matters, do not like to hear the management made responsible for what did not take place.

Our New Loan and Improvement Co Investigation into the matter convinces us that one of the most equitable, reasonable and feasible plans of building houses is that proposed and in operation by the Mercantile Loan, Trust and Improvement company of this city. By investing in shares in this institution, which is backed by some of our best and most reliable business men, it becomes possible and comparatively easy for a man of moderate means to secure a comfortable home for himself and family. In takplans and system of loans will bear the most careful scrutiny and examination, and we have no hesitancy in pronouncing them reasonable and equitable, and backed by gentlemen of honor and integrity. As the company exists it becomes at once an in-stitution of value and credit to our city and those who desire homes. Their president is T. A. Kirkland: vice president, Judge Peake; secretary, I. R.
