# THE DAILY BEE .... OMAHA WEDNESDAY, FEBRUARY 7

STABLISHED 1868.

A great many people are asking what particular troubles BROWN'S IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

## A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1830. My health was much shattered by Rheumatism when I commenced taking Brown's Irm Eitters, and I scarcely had strength enough to at-tend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all. I cannot say too much in praise of it. Mrs. Mary E. BRANHAR, 173 Frestmans tt. 173 Prestman st.

#### Kidney Disease Cured.

ney Disease Cured. Christiansburg, Va., 1881. Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him from Bitters with the happlest results. J. KYLS MONTAGUE

#### Heart Disease.

d Disease. Vine St., Harrisburg, Pa. Doc. 2, 1881. After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bot-tles and never found anything that gave me so much relief. Mrs. JENNIE HESS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it.

Be sure and get the Genuine.

THE VALENTINE CRAZE. The children of to-day will probably relate to children of the next genera-tion how it snowed in San Francisco on the last day of the year 1882. Yearly Increasing in Viralence and its Victims Multiplying. CHIAL TROCHES."-Rev. G. M. F. Hamp ton, Piketon, Ky Sold only in boxes. Costly Valentines in Greater The Progress of the Oregon Short Demand Th's Year. S.I. Lake Tribune. Fernando Wood's and Roscce Conk-The Oregon Short Line track is ling's interprise in the Valwithin less than ten miles of the Wood River junction, which point will be reached between February 15 and March 1. That place is o be entine Line. Statistics do not support the asserknown in railway circles as Shoshone tion that the festival o' S. Valentine Junction. At present it is called is degenerating. New York has for a Shoshone, Naples, Wood River June long period enjoyed a monopoly in tion, and we don't know how many the valentice trade, the firm of more names it has. The railway furner & Feher having the proud authorities having given the place a distinction of taking the initiative step name, we hope it will from this on be in their manufacture. Philadelphia, one of the most promising suburbs of New York, also comes in for a share f recognition in the production of shone Falls, either of which rival the much used and often abused val- Niagars in height, but not in volume entine. At the present time three local plunge of 175 feet, while Big Sho-firms issue nine tenths of these little shone, three miles below, have a fall tokens, which find their way to all of 210 feet. These are destined to parts of the globe, and even to New Jersey. They can be made very expensive, but this mainly depends upon the size and contents of the purchaser's longer name of Shoshone Junction. wallet, and the value placed upon the The posteffice is called Naples, and object of adoration. One of the largest manufacturers, W. J. A. Lieder, of 60 Chatham street, yesterday informed a Journal Trains will be run reporter that the yearly sales of the (alleged) "comic" valontines exceeded by far the combined orders for all program also on the main line west other varieties. "Why," he said, "I north and also on the main line west don't expect you to believe it, though --the three firms in this city dispose of over 200,000 gross in the United boys the see no reason why it should not, we see no reason why it should not, with the work of grading as near comare afterward sent all over the world, but of course it is impossible to say where they all go to; but re sell them, and that's enough for us." COSTLY VALENTINES. Valentines retailing for over \$20 are not kept in st ock, since they are seldom called for, but orders for more angentice varieties are by no means uncommon, Mr. Lieder has now on hand several rauging from \$25 to \$75 These when completed will bear but little resemblance to the "every-day

designated as Shothone Junction. It is only a few miles from there to two falls on Snake river, known as Shobecome places of resort, and are entitled to all there is in plain Shoshone, and the railroad town is entitled to the The post fize is called Naples, and this will be a cause of covfusion as long as the town and postoffice have two distinct names. long as the town and postoffice have Trains will be running to Shoshon Junction as soon as the road is completed to that point, and work will with the work of grading as near comp eted as it is. Horsford's Acid Phosphate, Montal and Bedily subsustion, Etc. DR. G. KAISER, Indianapolis, Ind., says: "I have prescribed it for dyspepsia, impotency and mental and bodily exhaustion; and in all cases it has given general satisfartion." Give Them Good Food Sud Care. Many persona who have considerable broken and somewhat unproducvalentine" to baseen in store windows. tive land are advised to keep sheep, They are works of art, casket-shaped, because they will pick up a living al-most anywhere. If the owners of this with an elegant cover, lined with satin puffings and velvet trimmings, besides poor land are disinclined to work very profuse ornamentation in gold silver hard and take poor care of horses and \$378,000. and artificial flowers, while the valuacattle, they are even more strongly tine, gaudy in gilt lace paper, reposes advised to give their attention to sheep. It has been observed that Ahundred dollar valentine, although sheep will live and do fairly well on rarity, is not unknown, and the Hon a rarity, is not unknown, and the Hon Fernando Wood is said to have paid this sum a few years since for a beau-tiful specimen, which was sent to his nice. Other purchasers of these cosily tributes of affection are known, among whom the names af two promi-nent railway magentes conspicuously figure. Ex-Senator Rozco Conkling land too broken to be cultivated and figure. Ex-Senator Rozco Conkling their best on land too poor to produce mau is also reputed to have been the purabundant food, and under the managechaser of a valentice costing \$100. The more valuable of these often dis-play great ingounity of workmanship, and changeable scenes are vividly por-trayed by means of curious mechanism. A favorite life-like picture is the voy-sge from the "oradle to the grave, which, in its effect approaches realism. CHEAP VALENTINES As a matter of faot, however, the endedting food, and under the manage-agement of parsons who do not give them good care and attention. Sheep are industrious in collecting food, and will obtain it to places that larger animals can not of vegetation that houses and cattle will not touch unless driven to it by hunger. Sheep, like other grazing animals, however, only do their best matter of fact, however, the valentines mooting the largest sale when they are kept on land that proamong the gilt-lace and and isce-pap r duces an abundance of grich grass and variety are those which affect the other forage crops. They profit by pocket the least-from five to twenty. getting a full meal in a short time and five cents being about the limit of and then taking their ease as much as cattle do. It is true that some per-

INDUSTRIAL NOTES. A rolling mill is to be built at Grove City, Mercer county, Pa.

The New Era Manufacturing company of Chicago has been incorporated, with a capital of \$50,000. "I Have Been Afflicted with an Affection of the Throat from childbood, caused by diphtheria, and have used various remedies, but have never found snything equal to BROWN'S BRON-

Line.

The Kestor Lumber company of Mo-line, 11. ont 29,000,000 feet of lumber during the past season. The hardware works of Duggan & Harker, St Louis, were destroyed by fire Jan-uary 15. The loss was \$40,000.

Davenport, Iowa, is to have an exten-live new flouring mill, with a capital of \$90,000 for its erection and operation. There are eighty-six firms engaged in the

manufacture of petroleum in this country. The aggregate capital used is over \$2,789. 146 The Philadelphia bridge works at Pat tereon have turned out an average of 1.-0.00000 pounds of iron per month for the

past year. Faribult, Minn., has \$30,00 invested in the miling industry. The mills all use the roller system, and all are running to their full capacity.

Work on the "Nickel Plate" shops at Stony Island pe gresses rapidly, notwith-standing the bad weather. They are nearly completed.

The Penn-ylvania Steel company of Har-ri-burg are building a school building at Steelton, to cost \$65,000, to be used for the children of the employes.

A company has been formed at Galves-ton to build an iron pier two miles to deep water, to increase the what f scilities. The improvement will cost \$1,000,000.

The total value of products of the man-uf seturing industries of Portland, Oregon, for the year 1884 was \$7,431,800. The population of the city is less than 35,060.

The forge and bolt departments of the Etba iron works, at Frankstown, Pa, near Pittaburg, were destroyed by fire on January 15. The loss was over \$40,000; fully insured.

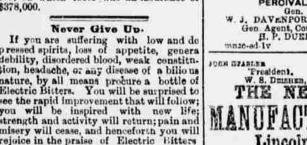

The total value of products of the manufacturing industries of Minne spolis, Minn., last year is stated at \$43,759,490, of which about \$21,750,000 must be credited to the milling industries.

At the Wabash iron company's work Terra Haute, Indiana, recently, the eight-inch guide mill, with one heating furnace, in eight heats, turned out 31,938 pounds of finished iron in one day.

The value of products of the manufac-turing industries of Toleno, O., for the year 1882 was \$15,500,000. The value of the additions to the various industries dur-ing the year was \$\$40,000.

The government of Venzuela decrees that machinery intended for exhibition at Carocas in 1783, at the centeonial celebra-tion of the liberator, Bolivar, shall be admitted at Laguira free of duty. The extensive clothing manufacturing establishment of Measure. Friend Bros., in Milwankee, Wis., was destroyed by fire January 1, involving a loss of over \$500,-000, on which there was an insurance of \$378,000.
