COUNCIL BLUFFS.

Saturday Morning, Feb 10.

Subscription Rates: By Carrier, 30 cents per week. By Mail, \$10.00 per Year.

Office: No. 7 Pearl Street, Near Broadway.

MINOR MENTIONS.

Rev. William McMeekin, of Council Bluffs, Nebraska, will preach in the Presbyterian church to-morrow morning and evening.

The knot matrimonial has been successfully tied uniting Henry Hansen to Maggie Schiller, both of Woodbine, Justice Abbott officiating.

A PARADISE.—Any person desiring to purchase an elegant residence one block from Boylston park, for \$6,500, part on time, should address W. box 157.

To aid the victims of the recent terrible floods in Germany, a concert will be given by the rare talent comprised in our local German societies. See the advertisement on this page.

The Juvenile band gave some excellent music at the coasting carnival on Willow avenue. The triple tongue polka brought out some especially fine solo work on the part of A. A. Covatt.

In the circuit yesterday, there was on trial the case of Mary Clayton vs. estate of Wm. Powell, in which the plaintiff seeks to recover \$5,000 for services rendered in caring for Mr. Powell during his long illness.

Three brothers, Edward, Jason and John Byers, of Lewis township, were arrested yesterday for malicious mischief, it being claimed that they shot a mule belonging to Mr. Plummer. Their cases are to be heard Friday of next week.

The case of Josh Chapman, charged with myxemia, in biting a bit out of O'Neal's lip, has been set for a hearing before Justice Vaughan on the 19th at 6 p. m., so as to accommodate the witnesses, who are working in the packing house.

The news comes from Silver City of a shooting fray which took place there Thursday the participants in which are said to have been James Wyatt, a merchant of that place, and A. Byers, a clerk for William Moore, of the same place. It is stated that while Byers was in Wyatt's store, an altercation arose, which ended by Wyatt shooting at Byers and wounding him quite seriously.

Following the arrest of other prominent officials on various charges, comes the arrest of the deputy city marshal for selling a horse to the highest bidder, without having an auctioneer's license. The official thus charged, on going into court found that it was all a put up job, some of the police having filed out a warrant for the fun of the thing.

The cases of Justices Vaughan and Abbott, charged with disturbing the peace, were yesterday dismissed on motion of the city attorney, and the bottom drop out of the sensation. It was a great mistake that Abbott's case was not sent to Vaughan for trial and Vaughan's case sent to Abbott. Then there would have been music.

Robert Jones was brought before Judge Aylesworth yesterday on a writ of habeas corpus, he having been committed to jail by Justice Tim Foley of Neola, on a charge of horse stealing. The court decided on account of irregularities in the proceeding to remand the case, by agreement of parties, to Justice Crow, of Minden, for a rehearing next Wednesday.

The Juvenile Band composed of five talented young men of this city give their first concert on next Friday evening, Feb. 16th. Their programme has been arranged with care and the entertainment cannot fail to please and encourage the boys. They deserve it. They have made such progress and evinced such perseverance that a substantial recognition on the part of the public is now in order. Let us all go to the juvenile concert.

A rafter, loaded with about fifteen youthful coasters, on Willow avenue, had a narrow escape. As the load was coming across Main street at a lightning speed, the sled shot between the heels of a pair of mules and the wheels of a wagon, scattering the coasters in all directions. Strangely enough, none were seriously hurt, though two or three were scratched and bruised. Jailer Schomb's son had his ear badly cut, and a boy named Davis received injuries also. The mules escaped injury.

Frank Snyder, who has been keeping bar for Max Mohr, complained of his employer for assault. Mohr's explanation was that Snyder was hanging about the hotel after he had discharged him, and ordered him away, and that Snyder made many threats that he had to throw him out. Mohr also had Snyder arrested for making threats, and the case coming before Justice Abbott yesterday morning, that against Mohr was dismissed, while Snyder was given twenty-four hours in which to leave the city for the good.

Frank Crandall, the young man arrested for getting a \$20 suit of clothes of Speitman & Bros., under false pretenses, has been discharged. It appears that the young man's brains is in rather a clouded condition, as the result of youthful indiscretion, and that he is hardly responsible for all of his acts. His father, a highly respectable and respected man, has had much trouble with him before, and in view of all the circumstances, the prosecution was dropped, the father paying the costs and for the clothes.

About a year ago the grand jury brought in an indictment against Pat Lacy, J. E. West, Ben Marks, E. Anderson and Dan McGinnis, for "maintaining a nuisance," which being translated means keeping a gambling house. The accused took a change of venue to Carroll county, where the cases came up a month or so ago, and on conviction they were fined \$150 and costs, about twice as heavy a dose as they would probably have received had they patronized home industries. The sheriff is now collecting the bills, Lacy's for instance being, with costs included, the round sum of \$182.25.

TRACK TALK.

What is Doing at the Driving Park During These Cold Days.

A Glance at Some of the Fast Steppers There Stabled.

The winter season, especially when so intensely cold as this has been, seems not very propitious for news-making or news-gathering at the driving park, and there are few in the community outside of those especially interested, who have any idea that anything is going on there, and imagine it as simply a deserted place, where snow banks and bleak winds hold full sway, with no mortals to dispute their claims, and no get going to break the monotony.

Yesterday THE BEE has made a flying trip to the driving park, behind a float stepper over which Sam Colburn, the well-known turfman drew the ribbons. The stepper was none other than one owned by Dr. O. W. Archibald, who was formerly superintendent of the institution at Glenwood, and who is now a surgeon in the regular army and stationed at present at Fort Lincoln, Dakota. The doctor, as his many friends here know, is a great lover of horses, and he has two here now in Sam Colburn's care and training, which are fine bred and full of promise. The one behind which we were yesterday whirled to the driving park was the doctor's "Glenwood," a chestnut sorrel stallion, sixteen hands high, a very stylish fellow and a swift one, he having shown on trial a quarter at 2:30 and a full mile in 2:35 without a break. He is a great horse, never having entered a race, and being yet only six years old, he promises much for the future. His sire, "Waspie," is a noted western sire of trotters and the best living representative of the Bashaw family, Waspie by Green's Bashaw, who has his credit eleven horses with records in 2:30 and better, and one with a record better than 2:30. He is to be kept here during the season and trained with a view of entering the fall races here.

On arriving at the driving park we were shown other speedy horses, some ten or twelve in all. Charlie Wilson is of course there, and Little Sioux, the two names being pretty closely linked in the public's favoritism. Little Sioux is too well known to need special comment. His record, as many know, is 2:27. He did not make as brilliant a showing last season as many expected, but this is said to have been due, in part at least to the fact that he was let up all the preceding winter, instead of being kept jogging, so as to readily work into condition. He is being carefully handled this winter, so that he will doubtless make some good showings on the track this season. Wilson has a number of other horses in his care, young, well bred and promising. Among them is Colonel Blythe, the Little Sioux, a five year old, and Wilson, whose judgment is pretty good, says he is a dead sure trotter. He has Little Frank, the pacer, who has got a record of 2:28 at Omaha; Alice McGregor, by Robert McGregor, a three year old, and a very promising mare; and a two year old, by Wyman's Logan, dam Story's Ethan Allen, owned by Mr. Story, of the Rock Island road. This colt is said to inherit the name "Inspiration," being far above the ordinary and promising to be very speedy. He is going to enter in a state race in Chicago next year. Wilson also has Stella Kane, owned by Phil Kane, of Columbus, Neb., a five year old, well bred, and though a green mare, will heat 2:40 this season. He has also Millard's colt, of Omaha, a five year old, by Horton's Adullah, dam by Lady Hambletonian. She is improving every day.

Dr. Wade Cary, the well known veterinarian, of St. Joseph, has moved his stable here, to take advantage of the track. He has Brown Dick with a record of 2:29, and who on trial has got down snug to 2:20. The doctor has also two fine colts by Col. West, a black mare, Lonie, five years, dam by Miller's Joe Downing, and Linnie H, out of the dam of Mabel H. Both promise to be speedy.

We were shown still another fleet and promising one, owned by Dr. Archibald. Both of the stallions owned by him are very fine, but this promises to be the favorite. "Normant," as he is called, is a beauty. He is a dark chestnut, has a large star, is 15 hands high, and well formed every way. When three years of age last fall he won first premium at his Nebraska state station, also first premium at the Council Bluffs fair. He was bred by Gen. Wither's. Almost the sire of some of the fastest and highest priced trotting horses in the country, among them being Piedmont, with a record of 2:17, recently purchased by ex Gov. Stanford, of California, at the price \$30,000, also Early Rose and Alcine, for which team Van derbilt paid \$35,000 and which were driven together in the unqualified double team time of 2:16. This colt has had little or no handling and yet has shown a 2:40 gait, and is regarded as being a phenomenal colt, whose future will make a sensation.

Mr. Hancock, the secretary of the Cedar Rapids association, and whose opinion has much weight among horse men. In one of his recent contributions to the Spirit of the Times, says that he has the best three year old colt in the northwest without exception, and adds, "All day has that colt" performance been in my mind. I can not banish it, and I keep saying to myself, "is he a ghost?"

With such showings of horseflesh the driving park is by no means an uninteresting place to visit even in the dead of winter. The horses are being jogged every day from five to eight miles, so as to keep them in good condition, and this exercise with the other duties attending the care of such valuable horses, keep all concerned rather busy.

It is expected that soon other stables will be added and even more activity shown, and as soon as the weather becomes so that training and speeding can commence in earnest the driving park will be livelier than at any previous year.

The track is now considered to be the

best in the state, and one of the best in the whole country, and there is the promise of some excellent meetings this season, arrangements having been already made for having a spring meeting, another on the Fourth of July, and a third in the Fall, while throughout the season there will be enough speedy horses here to get up pretty passable sport.

COUNCIL BLUFFS SPEAKS.

Keep the money in the county. Buy in the market nearest to you. These are economical principles which no individual or city can ignore and prosper. We note the growing tendencies of our dealers to handle the products of Omaha factories. Our city has no cracker or soap factories. Omaha has, and we buy largely from them, and this is as it should be. Now Omaha has no merchant mill, and we want a market there for our flour. It is a fair return and favors most of all one way.

BEAUTIFUL SILKS AND SATINS

Only 55 cents per yard at Bliss.

The finest lot of anthracite coal that has been received here this winter has just arrived at A. H. Mayne & Co's

Dr. West, Dentist, 14 Pearl street.

Thomas Lincoln, who for a long time kept a hotel in the city bearing his name, left the city recently with his family, having had financial troubles here, and not informing his friends and creditors whether he was gone. It was supposed that he had gone to Dakota, but nothing was heard definite until last evening, when his brother-in-law Henry Toller received a telegram stating that Thomas Lincoln had died on the cars and his body had been taken off at Sleepy Eye, Minn. All further inquiries have thus far proved fruitless. Mr. Lincoln leaves a wife and eight children, the oldest only about fifteen years of age.

A HOSPITAL PLAN.

A Public Meeting to Endorse the Scheme—Active Work Begins.

A meeting of citizens was held last evening to take steps toward organizing a hospital and home for the friendless. E. L. Shugart was chosen chairman and Rev. J. G. Lamer, secretary.

It was explained that the ladies had started a home for the friendless on a small but growing scale, under the relief association of the Baptist church. The drift of the meeting seemed to be to give this all possible encouragement and to center into it especially on the hospital. A resolution was adopted favoring a hospital plan and inviting all citizens to co-operate without regard to faith or party. Remarks favoring the plan were made by Dr. C. Bloomer, Dr. Hart, Dr. Cook, F. J. Evans, Rev. Mr. Hamlin, John Ahles and others. A committee was appointed consisting of Messrs. Shugart, J. J. Brown and Leman to select fifteen persons willing to associate themselves as incorporators of such a plan.

When you want to get Iowa coal that is almost if not quite equal to Wyoming, call for the Frederick, at A. H. Mayne & Co's.

There was a bold robbery last evening at P. Jennings' jewelry store on Broadway, being raised while he was at supper and the store locked. The thieves forced an entrance through the river and almost cleaned out the show cases, taking sixty watches, several trays of chains, rings, charms, etc., the total plunder amounting to about \$100.00. The thieves in their haste dropped two watches and rings, but got away with the rest.
