sary. The wretches who committed Metz division. The marshal considthe Pheonix Park assassination had not acted on the letter, but according to the spirit of these speeches. Until Parnell expressed regret and repent. the disorganization of the war departance he could not communicate with ment at the beginning of the war, Ireland is against the agitation of Parnell and his friends since it has been unveiled and unmasked.

Loud cries for Parnell Hedid not move O'Donnelly attempting to interfere during the speech was ruled

FORSTER'S ATTACK.

The Standard says no speech of recent years produced such interest and ment as Forster's attack on the Land League. Friends and foes admitted it to be the greatest effort he ever made. The speech was keenly discussed in the lobby.

FRANCE

Special Dispatch to THE BEE.

Ferry explained the programme of the opening being 100 to 60 on Bogar- ought to be about prepared to take my the ministry. He solicited the country dence of the country, and said the government's first care would be to satisfy the wish of the chamber by applying the law of 1834, under which princes would be deprived of their military posts. The government military posts. The government thought nothing more necessary for the present. The republic is not entered to take my degree; and, if you please, this shall be my commencement oration—its subject, the rise, progress and development of the noble art of travelling of the match being 100 birds, 30 without paying for it. The subject, sair, is so broad and comprehensive, Both men appeared confident, and and there is associated with it such a wreath of posting caloring, remaining the present. The republic is not en-were called to work at 1 o'clock. Col. wreath of poetic coloring, romantic dangered, and in event of conspiracy Jno. M. Baabour, of Leuisville, was would have ample power to protect itself by the rights inherent to all governments, without infringing on the essential liberties of the people. The government demanded that measures be taken against the utterance of seditious placards. Irritating of seditious placards. Irritating a tie. Carver ell bequestions and fruitless discussions, he said, must be set aside, leaving to the government the inlative which belongs in 25 minutes. When the fiftilth bird fellows work that 'racket' for thought place of miles though Down south to it of right. The reforms required in the magistracy, the military bill and the habitual criminal's bill will be introduced. The budget for 1884 gardus 64, Carver 61. From 75 to the ninetieth Carver gained three and der the car while standing, and then interieth Carver gained three and car while standing, and then care while standing, and then ernment proposes to facilitate tied Bogardus. The excitement ran high among the crowd, but the control to the organization of a protectorate in Tunis and reduction of expenses of occupation of that country. The foreign policy of the government will be peaceful, but not necessarily one of inaction. Whenever our interests and inaction. Whenever our interests and hours and lorsy minutes.

The match passed off pleasantly withhour are engaged we must maintain out a single protest. Carver was France in the rank to which she is enheartly congratulated. Carver's stake titled. It is essential to give Europe and gate money will amount to over the spetacle of a government sure of \$1,500 Chicago men bet heavily on its tuture and better armed against factions, of administration, strong and respected, and of a parliamentary republic, reating on French virtue, good sense, labor, love and progress. Jolibers, Bonapartiat, gave notice he would submit an interpallation re-

garding Ferr,'s statements. The Bo-napartist commented on the silence of the government regarding revision of wide, over a mile long, and the averthe constitution, and give notice of a age value is two hundred and seventymotion therefor. The report of the five dollars per ton. Ore sulphate is attempt to rid it of those barnacles committee concerning Barodet Analso extensive with rich sand. Half a
drieux's proposal for a revision was
million is in sight on the claim. The presented in the house. A motion to adjourn for a month the debate on the ministers' programme was lost—320 to 170. The discussion was fixed for Saturday.

PARIS, February 22.—In the chamber of deputies to day Prime Minister

Ferry explained the programms of

pretty sore, I can assure you. Probably the lowest form of the free travelstand near the track when a train

WAS LEAVING A STATION at the rate of eighteen miles an Four suddenly turn, estch the side ladder, under the car and take a seat on the brake. This is dangerous work, how-ever. A single miscalculation would result in instant death, as the train would pass over the body and make sausage meat of au ambitious youth. This class of car parasites it is hard The ore crossing is one hundred feet to clear from a train, though I've seen a long freight train stopped in California and all hands engage in an times I'm on my way to locate huge probes, but when the train started, tan paper. Very often I approach a nine chances out of ten some one man representing myself as the genwould catch on. Of course this eral manager of the Sitka, Panama & as freight cars. A year or two ago I Sometimes I boldly announce that my saw a couple of fellows get off a Michname is the same as that of the genigan Central express who had come to cral manager, whom I address, and Chicago from Michigan City. At then innocently suggest that I have that time the Michigan Central had in forgotten his name. The freight deuse an apparatus for confining the dust partments can usually be worked in under the cars. Well, sir, when those case of failure with the general manigulars got off and stood up the dust iellows got off and stood up, the dust ager. I quietly say to the general and sand rattled down their pantaloon freight agent that I have one hundred legs until they could with difficulty oars of string beans that I want to wade out of the hill of Indiana and ship in a week, but must arrange for

DEADHEAD TRAVELLERS. poured into all alike. Another plebian way of traveling is on the bumpers between the cars. This is particularly hazardous, and,

IF AN INCIDENT HAPPENS

will remember how seven 'tramps' were killed on a derailed freight train in Iowa last summer. No tramps who has a spark of pride in his profession will adopt this method of trav eling except as a last resort. One Lord Cantyre. of the greatest 'anaps,' however, is the blind baggage and mail cars on pas. the meeting of the artiflery associasenger and express trains. These cars tion at Ottawa. He promised to ashave no end doors, and once seated on sist to send the team of Shoeburyress the platform after the train is started, to England. you are sure to go until the next stop. It is especially easy to work this in a Bloody Work in a Lumber Camp-dark night. The method is to jump off at every station and run ahead or hide behind something, and just as Tawas (Mich.) special says that at the the train starts spring quickly and noiselessly on again. For several months in the summer, several years ago, I traveled this way exclusively.

I became pretty selffill and could be train starts about a trivial bet between two men one with an added clove the other's head entirely off, it rolling on the I became pretty skiliful and could floor, opening and closing its eyes in work, on an average, 150 miles in a night. Sometimes I would make a bad was hung to a tree with a log chain. break and get left, but not often. Lumbermen from a neighboring camp Occasionally I have failed to make came in force and took the body down, connections in getting to my seat on the blind mail car, owing to the rapid movement of the train. In those cars which it is reported seven men were I would catch the railing of the last killed by axes and a number terribly sleeper on the passenger, and if a wounded.

trainman was standing there I would

The Michigan Senatorial Centest walk on through the train and take my chances of getting to the next station. If no one was present, as is usually the case, I would quickly mount the back railing and climb on top of the car, where I would lie flat 44 to 46; Palmer, 24 to 27; Willets, on my back. AND STUDY ASTRONOMY

until the next station was reached. In this way I was alway a invisible, and rarely got caught. This method is worked extensively in the north in the summer and fall, but in the winter it is too cold, and is mostly confined to the south, California and the feet 2 inches. The work of the south of the south, California and the feet 2 inches. The work of the south of th southwestern territories. Any man who has nerve can work it all seasons, however. I once made 500 miles on the Cantral Pacific, from Ogden west, on the emigrant train. The conductor only goes through the train once and gives back no checks. Well, I got on at Corinth, about fifteen miles weat of Ogden, and watched the con-ductor. He began to look at the tickets of the passengers at the front end of the train. Well, I watched him until we came to a heavy grade and the train was running very slow. I simply jumped to the ground and ran a car, getting on behind the conductor. For the next twelve hours I had no more trouble. When the next conductor came on I repeated the running act. This game I kept up until I reached Reno, Nev., on the until I reached Rone, Nev., on the Utah & Northern Oregon and Colorado roads. A great scheme is to sugar the yardmaster and have him seal you up in a freight car. The party must have a sharp kuife. With this he cuts a round hole nearly through in the vicinity of the lock on the journey, and when he arrives he knocks a hole through the door, and Kittson of S. Paul O. A. Gilman of Kittson of S. Paul O. A. Gilman of Kittson of S. Paul O. A. Gilman of the colorado and colo times the tables are turned by a train-

WHO SLYLY LOCKS THE DOOR to be more solitary. I remember coming over the Iron Mountain once is practically suspended to-day. in a box car filled with cotton bales. Some officious meddler shoved the end of Cincinnati."

"D.d you ever get caught?" "Not often, though I cannot tell a lie, I do not wholly deny the soft impeachment. Years ago it was a com-mon thing for twenty or thirty toughs to board a train in California and ride as far as they wanted. It was a strange sight to see the old miners. each with a blanket, riding on top of the freight cars. The Central Pacific, however, succeeded in getting some very stringent legislation through, and when fellows in small numbers dismissed the case, for if the allegation came to the ears of the general officers of the Central Pacific they forthwith dismissed every man of that train. The doors of loaded freight are frequently 'sprung' with fish plates. The 'fakir' gets in, taking his fish plate with him, and an outside party springs the door back.
When the traveler has gone far enough he springs the door open with his fish plate and walks forth. The interior or mail cars, too, it is said, furnish excellent facilities for free riding if the mail sgent is for free riding if the mail sgent is properly fed. The emigrant trains KIDNEY-WORT are all easy to work, and a man who can't work his way in a high toned emigrant car from Chicago to San Francisco in ten days has not the stuff in him out of which millionaires are and in an instant throw themselves made. If a fellow has a little money with which to tip the conductor, his journey will be as smooth and pleasant as the absence of rude remarks and unpleasant forebodings can make it. The last and HIGHEST FORM OF FREE TRAVELING

is on passes. I usually go to the general managers of the roads direct. Sometimes I'm a missionary, at other paper mills on the line, and sgain I cheme is worked on passenger as wall Cape Horn route, or some other line. Michigan soil. In Montana the their reception at destination. Will trainmen sometimes shoot salt into the issue me a pass over his line and these train crabs, and in Arizona I connections to Yokahama and return? am informed that trains are robbed so To be sure he will.
