A Pleasant Party of Overland Travelera.

From Omaha and Lincoln to California.

A pleasant party of ladies and gentlemen left Omaha last evening on Union Pacific train No. 7 for the Paoffic coast. No. 7 is the regular emigrant train, and the car occupied by the tourists was No. 164, en emigrant sleeper, just out of the shops and as bright, new, clean and comfortable as the most fastidious could desire.

No. 164 carried about twenty-five passengers, among whom were, Rev. J. W. Ingram, pastor of the Christian church, and family, bour d for Los Augelos; Mr. J. Wes'ey Wilkins and wife, en route to San Jose; Rev. Johnson and family, of Lincoln; Hon, S B Galey, ex-mayor of Lincoln, and Mesers. E. L. Trickey, Thorn and Sami. McCord, also of the capital. A number of Omsha people were down to bid their friends good bye and moist eyes were the rule and not the exception. The car is chartered through to San Francisco, each pessenger paying the regular emigrant rate of \$45. The trip is for many of the party one of pleasure and is made in this way to enable them to see more of the country as they pass over the backbone of the continent. They expect to arrive at their destination on Tuesday next. Messrs. Ingram and Wilkins and their families will remain on the coast, but Mr. Galey and others will return, the former in about two

He will prove a valuable acquisition to any community.

The Burglars Continue to Ply Their Vocation Steadily.

There is no diminishing in the num ber of burglaries, and scarcely a day passes without adding its quota in that

Saturday night, between 10:30 and 12 o'clock, some one gained an entrance to the building occupied by street, by prying open the back door. They took the till out and carried it into the alley in the rear, where they emptied it of its contents, papers, money and all, not leaving a single penny, although there were over one hundred copper cents saved up by Mr. Gladstone from time to time during several years past. It is evi-dent that the rebbers were amateurs, as the store was filled with valuable goods, cigars, etc., which could easily have been carried off but were left untouched. A light is always left burning at night and it is a wonder the visitors had not been seen The clerk, who returned at 12 o'clcck, got up at 5:30 and found the door open, which was the first known of the raid. The amount secured was

only about \$5 or \$6. On Friday night the residence of Mr. P. E. Her, on Jackson street, was attacked by burgiars, who tried to gain admission through one of the windows. Taey were frightened off by a dog after breaking two panes of

The same night the residence which stands high upon the hill, north of Howard street, was visited, but here, too, the burglars were frightened away by a dog and get nothing. The last raid by the gang was on the residence of James Russe, where they were more successful.

This is not as it should be for as order are known, old soldiers having honorable discharges, seek to join visitors. Many of the delegates with us. Instances occur often where members of the same regiment meet and know each other within the post and at our camp fires, who would never have such privileges granted them had our order not existed.
