The Union Pacific railway company announces a great reduction in freight rates on household goods and stock from the Missourl river to Utah, Idaho and Montana. The former rate ranged from \$300 to \$320 per car to points vamed below. The present rates from Council Bluffs, Omaha, St. Joseph, Kansas City or Leavenworth to Ogden, Utah; Blackfoot and Shoshone, Idaho; Dillon, Butte and Deer Lodge, Montana and interme-diate railroad points are as follows: Emigrant movables including eight

The company makes this reduction to induce immigration to the territo-ries named. The low rates will enable many familes to move to Oregon and Washington, as well as to Idaho and Montana. They can ship their teams to Shoshone, Idaho, the terminus of the Short Line, and drive thence to destination, at much less cost than heretofore. Parties of ten or more are thus able to reach Oregon and Washington at rates far below all previous calculation.

been a brake man on an Illinois railway, was put into jail Saturday for intoxication. He was half delirious, and claimed he had been robbed of \$500 recently. Jones made eight different determined efforts to hang himself by tying a noose to the bars and jumping off the window ledge, and by tying twisted piece of cloth to a ring in th floor and trying to choke himself. The desperate man tore his blankets and garments into strips for nooses, and Deputy Marshal Doty, who watching him closely, cut him down, saved his life and took away every stitch of clothing to prevent another attempt.
