COUNCIL BLUFFS ADDITIONAL LOCAL NEWS

The sheriff may be a vigilant officer and sharp enough to keep prisoners from getting out of jail, but he got caught on the stamp trick yesterday. A thirty cent stamp of his, and offered to pay him for it, but the sheriff generously declined the proposed bribe. After the man had left the office the others gave him the laugh, insisting that the sheriff was duped and the man wanted the stamp to get a drink with. The sheriff wouldn't believe it, but when he watched the man tear up the envelope as he walked off, he made up his mind that they were right, and he was the victim.

A Missing Man. The chief of police yesterday received a telegram from Leshville, Ia., making inquiries concerning J. A. PICKED BY THE POLICE

The Calaboose Crowded with Unseasonal Lodgers. One of the newly appointed officers, Leonard, entered actively upon his duties by arresting a herd of vagrants, who were found sleeping in box cars in the C. B. & Q. yard. He drove them up to the calaboose and there registered them as John Maloy, John Lawler, Joe Kenney, John Williams and Ed Gast. There were four free lodgers in the calaboose also, who having no other place to stay at night and having committed no offense against the law, so far as known, were allowed to sleep there, so that with the ordinary customers the city's calaboose was packed, and the little rooms looked like well-filled herring boxes. In the morning the simple lodgers were turned loose, while those who had aspired to the luxury of sleeping in box cars were found guilty of vagrancy and fined \$50 each and costs. Being unable to pay the costs, much less the fine, they were given a chance to work out the indebtedness on the streets, with a probability of getting a chance to skip out, to the relief of the authorities and of citizens before balancing the account.

Patrick Ward was another of Officer Leonard's arrests. He stood charged with assaulting George Wesley. He owned up, and was given one day in jail.

A Schroeder charge was brought before the bar on the charge of assaulting Peter Hansen, but there was a lack of evidence and the accused was discharged.

Ed Lincoln, the colored man arrested for assaulting another fellow of his shade with a poker, was fined enough to use up a ten dollar note, and not having the note was allowed to get it.

Morals of Southern Negroes. Dr. Tucker's address on the condition of the negroes at a recent southern congress has been printed and contains some astonishing statements as to the morality in the worst sections. He says: "In the midst of prayer I have known them to steal from each other; and on the way from prayer meeting they will rob any honest man that lies conveniently at hand, and this without any thought of sin against God and even without any perception of an incongruity. The most pious negro I know is one who is in a penitentiary for atrocious murder, who can see no special sin against God in his crime, though he acknowledges an offense against man. He cannot be made to see that God must be angry with him and thinks all intimations to that effect in prayer or exhortation founded in personal dislike or prejudice, or because he is not well dressed and has a sore on his leg. Absolutely he cannot conceive of any other reason or motive for 'taking part against him' and imputing sin against God to his crime."

I have known a negro proserher guilty of incest; another of habitual theft; a third with two wives, being married to neither; a fourth who was a constant and most audacious liar, yet who were earnest and successful preachers. I could give names, dates and witnesses for these and 20 other similar cases and it would be easy to find any required number more. Yet, the four men of whom I speak do not connect with hypocrisy, and their known sins did not diminish their influence with their race. It was impossible to hear them preach or pray and doubt their absolute sincerity. As to the marriage relation, Dr. Tucker says: "In one county in Mississippi there were during two months 300 marriage licenses taken out in the county clerk's office for white people. According to the proportion of population, there would have been in the same time 1,200 or more for negroes. There can be no legal marriage of any sort in Mississippi without a license. There were actually taken out by colored people just three. I know of whole neighborhoods, including hundreds of negro families, where there is not one single legally married couple or couple not married, who stay faithful to each other beyond a few months, or a few years; at most, often but a few weeks. And if out of every 500 negro families one, except a few dozen who are legally married, this statement will hold true for millions of the colored people; and these things that I tell you to-night are but hints. I dare not, I cannot tell the full truth before a mixed audience."

The Southern Churchman publishes letters from five colored preachers in Mississippi and Louisiana, freely indorsing the truth of Dr. Tucker's account, and declaring that the half cannot be told and that moral character is not held the standard for church membership. Then missions in the south need to be carried on with desperate earnestness.

A Gloomy Outlook

Des Moines Leader, April 9th. The general feeling of the farmers at present is very blue. The time for sowing is here and already largely past, yet practically nothing has been done. In a month more corn should be planted, yet not any of the soil has been tilled. If present weather continues much longer the outlook will be decidedly gloomy.

REMARKABLE!

A very popular and well known member of our police force, who has performed duty twelve years at the Union L. R. depot, on Exchange Place, in Providence, R. I., gives his uncollected testimony. Hear him: "I have been dreadfully troubled with disease of the Kidneys and Liver during the past six months; at times I was so severely afflicted that I was unable to stand on my feet, as my feet and lower parts of my legs were very badly swollen; my urinary organs were in a dreadful condition, my blood was in a wretched state, and it had become so impure, and so full of acid, that I could not sleep, and I was so cold and numb and so white as to appear lifeless. I could not rest nights, but was so distressed all over that I could not get all in bed; but would keep turning and rolling from one side to the other all night, so that I would feel more tired and exhausted in the morning than when I went to bed. My condition became so serious that I was obliged to stop work, and for thirty days I was unable to be on duty. I consulted the best doctors, and tried the numerous medicines and so-called cures, but rapidly grew worse, and was in a sad condition every day when a long time valued friend of mine, prominent in this city in a large express company, urged me to try Hunt's Kidney and Liver Remedy, and I was obliged to stop work, and for thirty days I was unable to be on duty.
