Four young men of DeWitt, Clinton county, attempted to cross Dead Man's bluff, four miles south of that place, on the afternoon of the 11th. They were caught by the young men who saved their lives by desperate exertions, but the team, wagon and contents went down in a deep hole.

The Dubuque Herald mourns the loss to that city and her honored men of the \$10,000,000 received by an English syndicate for 3,000,000 acres of land in Texas on the terms of J. K. Graves, a capitalist of that city, had the plans completed for building the Texas state house and returning the land, but the weak-kneed standing committee refused to join him in raising the necessary \$300,000.

A Life Saving Service. Dr. M. E. Allison, Hutchinson, Kan., cured his life by a simple Tonic Bottle of Dr. King's New Discovery for Consumption, which caused him to procure a large bottle that completely cured him, when Doctors, change of climate and everything else failed. Asthma, Bronchitis, Whooping Cough, and all Throat and Lung diseases, is guaranteed to cure.

A Wooden Leg Under Fire. New York Herald. A fashionably dressed matron sat in the rear cabin of a Fulton ferry boat.

"What's that one making that noise?" "Hush, my dear; you must not be so rude." "But, ma' (in a very audible whisper), 'I look at his leg.' "Be quiet, Ethel, I tell you," frantically urged the matron in an agitated tone.

"The poor man has lost his leg. It's very rude to notice it." "Hush of wood, my dear. Look at that pretty boy over there. See how good he is." "Did you ever have a leg like that, ma'?" "No, my dear. Look over there at that..."

"Will pa or Uncle John or I ever have one, ma'?" "No, dear." "Could he kick a ball with that leg?" "Hush, do!" "But, ma'..."

At this juncture the man with the wooden leg sought, in turn, to create a diversion. He drew from his pocket a pretty little bonbon box and offered the child some sweets. The child accepted them with some hesitation and mistrust.

"Ethel advanced, her eyes still firmly fixed upon the object of interest. She held out the tips of her little fingers." "Good-by," she said, in a voice full of emotion; "good-by, you poor, poor man."

The mother seized the child by the hand and, hurrying through the boat, gained the bridge. Hersford's Acid Phosphate is an appetizer; it stimulates the stomach to renewed activity; and in many ways tones up and invigorates the whole system.

Information Wanted. The man who can inform the United States government, before July 1, the best way to dispense with the use of revenue stamps in the bank check-books without destroying the check books, may possibly hear of something to his advantage by communicating with Secretary Folger.

An Answer Wanted. Can any one bring us a case of Kidney or Liver Complaint that Electric Bitters will not speedily cure? We say they can not, as thousands of cases already permanently cured, and who are daily recommending Electric Bitters, will prove.

The Fruit of Creeping Vines. Less attention is given by western farmers to the production of melons, squashes and pumpkins than is deserved. Few of our large farmers pay any attention to them.

Winter of has already contributed \$15,000 to the fund for the Disabled Soldiers' Home. The various townships in the county are holding meetings and voting for, which will swell the amount to a large sum.

A number of swindling tree peddlers were summarily dealt with in Millico county last week. The men were overruled by the farmers at Hastings and forced to give up the fraudulent criers they had taken.

Sioux City State Press: Our bucket shop is doing a thriving business. One citizen is reported as having made \$11,900 in a single week, but a few days ago the bucket market for hops quiet, as the price of \$1.00. Of another it is said that should he refuse to put up his margin, as affix

and private families. The old idea that they are unwholesome is no longer entertained. Physicians now give testimony in favor of their healthfulness. During the past few years several professional gardeners and amateurs have added to the number of varieties and greatly improved their quality.

Attention has also lately been given to the production of squashes as a market crop. They are in demand for the supply of hotels and families at almost all seasons of the year.

Squashes should be raised on dry and warm soil. It should be made very rich with well rotted manure. Wood ashes and bone meal, as well as superphosphate of lime, are also excellent fertilizers for squashes, as they are for melons and pumpkins.

Pumpkins can be planted in the same manner as squashes, but they can be raised to good advantage in connection with corn by dropping the seed in every fourth or fifth hill.

Planting can be delayed till most of the field crops are in. Many plants may be sown on ten feet apart, and others in hills eight or ten feet distant from each other.

Planting can be delayed till most of the field crops are in. Many plants may be sown on ten feet apart, and others in hills eight or ten feet distant from each other.
