

The Daily Bee.

COUNCIL BLUFFS.

Thursday Morning, April 19.

SUBSCRIPTION RATES: By Carrier, 10 cents per week. 52 weeks, \$5.00 per year. Office: No. 7 Pearl Street, Near Broadway.

MINOR MENTION.

See Joseph Reiter's spring styles. -Additional local on seventh page. Jallor Schontz has thirty boarders, six of them women. The Madison street viaduct is fast approaching completion. Work is being pushed forward lively on the new opera house. Epereter's galvanized iron front on Broadway is showing up well. Miller's hardware store looks much improved by its new third story. The confidence men are keeping a little out of the way just now. Bayliss Park is putting on its spring suit of green, and begins to look attractive. The usual number, three drunks, were disposed of in the police court yesterday. Wells, Fargo & Co., sent out six iron safes from their office here yesterday for Nebraska roads. It is expected that the waterworks will be in shape to supply water for the Fourth of July celebration. The old tower of the Bluff City engine house is being taken down, having survived its days of usefulness. Sheriff Gullitt is building a neat cottage on Washington avenue between Seventh and Eighth streets. Prof. P. Oker, who is now teaching both juvenile bands here, has been secured as instructor by the band at Hastings, Iowa. COLLECTIONS - Promptly attended to by Pottawattamie County Collection Agency. Front office, with N. Schurz, over 419 Broadway. You run no risk in buying goods at auction at 102 Main street. Every article exactly as represented, or money refunded. The amount of condemnations for the grading and extension of Bluff street, in all \$1,700, was placed in the sheriff's hands yesterday. Mrs. Annie M. Fredericks, of Minden township, has again been taken insane, and it has become necessary to remove her to the asylum. The Madison Square Theater company arrived at the Oden yesterday, and last evening presented "Hazel Kirke" very acceptably at Dohany's. Theodore Bosch had a valuable Newfoundland dog fatally shot a night or two ago, and he now wants Henry Boys arrested for the offense. Mrs. Helen Snelthers, who was arrested for having a row with another woman, over a baby, was yesterday discharged by Justice Schurz, no prosecution appearing. An alarm of fire about 9 o'clock last night was caused by the burning of a small wooden building south of the Wabash depot, and used by the company as a repair shop. Small loss. The Congressionalists are to have a social this evening, the ladies entertaining being Mrs. O. J. Mrs. Nicholas, Mrs. Clinton and Mrs. Van Brunt, the gathering to be at the home of Mrs. Clinton. A change has been made in the public schools by which the recesses are limited to five minutes and the afternoon session made a half hour shorter, so that the morning hours are now from 9 to 12 o'clock and the afternoon session from 1:30 to 4 o'clock. G. W. McCoy is doing a thriving wind-mill business. He has just put one of the celebrated Holiday mills on Colonel Sapp's stock farm and another one on Horace Everett's farm, and they are working like a charm. If you don't believe it ask them. Martin Hughes has taken the contract for building a brick residence for Mr. Rockett on Eighth street, and also a contract for building a residence for Mr. McHenry on Fifth avenue, near Eighth, the work on both to commence soon. William R. Snodgrass was yesterday arrested for assaulting a brother tailor named Anthony Weber, by hitting him over the head with a horse shoe, causing a rather bad gash. The accused gave \$100 bonds to appear before Justice Schurz next Saturday, and explain his doings, if possible. The board of trade, at a meeting last night, took action to induce railways to build better local depots; also decided to issue circulars advertising the advantages of Council Bluffs as a distributing, manufacturing and mercantile center. Bill Clark, the colored man who has been a sort of janitor at the Phoenix saloon, died yesterday, after an illness of only a day or so. He has no relatives here, they living in Missouri. He was well known by many here, having lived here three years or more. The University Jubilee Singers were greeted by a large audience at Dohany's hall, and they sustained the reputation they have earned of being the best jubilee singers in the country. Mr. Jenkins, the boss, was enthusiastically applauded whenever he appeared and the other members of the company won much merited approbation from the charmed listeners. In the capture of George Davis and Barbara Bosch the other night, Dr. H. W. Payne took a active part. Besides the chasing and shooting which Deputy Marshal White did, Dr. Payne, being deputized, chased Davis a half mile firing with a 42 caliber gun, and sent one bullet over his head, the next one struck between his feet, and the third ball took him on the side grazing his skin. At this Davis threw up his hands and Payne took him back to the officers. There was a big crowd of excited neighbors who were aroused by the shooting and

running, and who quickly gathered to see what was up. The juvenile band's dance will be at Bloom & Nixon's hall this evening. Admission fifty cents. The gamblers are now dropping into the police court and paying their monthly assessment of \$39.10 each. The committee who conducted the competitive examination of aspirants for a cadetship at Annapolis will meet to day to finish their report. Miss Mary Durgan gave a very pleasant birthday party at her home last night. Prof. Oker's orchestra performed the music for those who desired to dance. A sumptuous repast was spread. All present left with the opinion that as a hostess Miss Durgan cannot be excelled. The presents were numerous and some very costly, as usual as useful. Postmaster Armour is especially desirous that residents here instruct their correspondents to direct letters to the number and street, so as to facilitate prompt and satisfactory delivery of mail. Also that married ladies in having their letters directed, would use the initials of their husbands instead of their own. In many cases the lack of observance of this suggestion causes delay and vexatious mistakes. The citizens can, by following these suggestions, help much in the prompt and proper delivery of letters. M. Hottes, the brilliant young artist who is connected with George R. Beard's wall paper house, is at work on some fine scenes for the opera house, and if the others are to be as well executed as the street scene which he is just finishing, the new opera house will, in this respect at least, be all that can be desired. Mr. Hottes has displayed at Beard's establishments some really wonderful paintings from life, which well merit the praise they receive from all who see them. A young girl named Lavilla Faler, who was sent here to jail from Belknap, Iowa, by Justice Hager, sought release yesterday by habeas corpus proceedings, through her attorney, J. W. Baird. The girl was accused of stealing an \$8 breast-pin from the residence of J. A. Groff, and was sent to jail here to await the action of the grand jury, which seemed a little strange, it being for petty larceny. Another loophole was that no bail was fixed. Judge Aylesworth, after hearing the matter, discharged her from commitment to await the action of the grand jury, and sent her to Justice Schurz's for trial on the charge of petty larceny. He found her guilty and let her off with two days in jail. Dr. West, Dentist, 14 Pearl street. If you are not married, write the Marriage Fun and Mutual Trust Association, Cedar Rapids, Iowa, for circulars explaining the plan. Do not fail to see the stock of CARPETS at Harkness' before purchasing. The largest and choicest selection ever offered in this vicinity. Wanted in Butler County. Sheriff G. Haslet, of Butler county, was here yesterday after a man named S. A. Joelyn, the grand jury having found an indictment against him for embezzlement. He found his man and the latter gave security for appearance in court when the case shall come up. A Life Saving Service. Mr. M. E. Allison, Hutchinson, Kan.: Saved my life by simple Trial Bottle Dr. King's New Discovery, for Consumption, which caused him to procure a large bottle that completely cured him, when Doctors, change of climate and everything else had failed. Asthma, Bronchitis, Sore Throat, and all Throat and Lung diseases, it is guaranteed to cure. Trial bottles free at C. F. Goodman's drug store. Large size, \$1.00. April 2nd-1914

Call and see the choice selection in carpets, oil cloths, mats, etc., at Harkness Brothers'. New attractions in carpets at Harkness Brothers'. Pointers on Points. Sheriff Dan Farrell was here yesterday, having in custody Zab Pointers, whom he arrested at Honey Creek for burglary committed in Mills county. He left with his prisoner for Glenwood last night. The burglary was not a very heavy one, a saddle being the only plunder that was taken. Harkness' Acid Phosphate is an appetizer; it stimulates the stomach to renewed activity; and in many ways tones up and invigorates the whole system. A choice stock of parcels just opened at Harkness Brothers'. For Charity's Sake. Judge Palger has consented to deliver a lecture next Sunday afternoon for the benefit of the Home for the Friendless, the entire proceeds to be devoted to that worthy enterprise. Arrangements have been completed by which the lecture will be delivered in Dohany's hall at 3 o'clock p. m., and the subject will be "The Scientific Aspect of Spiritualism," a matter in which there is at present much local interest. The tickets are to be only twenty-five cents. There should be a packed house in view of the character of the lecture and the worthiness of the cause. Why be weak? Why not be healthy, robust, and strong, by using Brown's Iron Bitters? Lost His Roll. A farmer, living in the vicinity of Red Oak, came over from Omaha on the dummy train en route for home. On arriving at the transfer he found that his roll of \$360 was missing. He was unable to say whether his pocket had been picked or not, though he was of the opinion that it must have been. He had no clues to give the officers, and he went on his way, without stopping to indulge in what was promised to be a vain hunt. Why suffer from a state of ill health? Why be troubled with dyspepsia? Brown's Iron Bitters will cure you. Mueller has not only the finest, but also the nicest and cheapest baby carriages in the city.

IT WON'T WORK.

The Scheme to Give the Union Pacific All the Loaf But One End Crust.

The Citizens Not Disposed to Endorse It.

There is still much discussion about the proposition to have the Union Pacific run its track up to Broadway. All agree that it would be desirable if this could be done, but all do not agree that in order to secure this the city should give up anything and everything that the Union Pacific or its servants and tools ask. It would be very convenient to be able to take a dummy at Broadway and make no change until Omaha is reached, and those coming from Omaha would doubtless find it the same, but this convenience is hardly worth the price of Union avenue.

The Nonpareil will have the people believe that by giving the Union Pacific the right of way over Union avenue would result in the "Union Pacific coming up into the city with its trains and depot." It would have citizens believe that all the crowd and business now at the transfer would be on Broadway. The Nonpareil knows better. All that the city would have here would be a station house for the convenience of passengers, and possibly a freight house for local use. The passengers who are going through the city would not come up to Broadway any more than they do now, but would change cars at the transfer, just as at present, so that the enterprise, if secured, would be a mere local convenience, and would simply be a side track. As such it would be worth something, but hardly be worth the thousands of dollars which Union avenue cost. These are some important facts which our citizens should bear in mind.

The Union Pacific has never showed any disposition to favor Council Bluffs, but, on the contrary, has opposed it, except when its own interests forced it to do differently. It has not reformed or been suddenly converted. The Union Pacific is very anxious to kill any project for securing a wagon and foot bridge between the two cities. It is predicted confidently that if it can secure a right of way to Broadway, and run its dummy train there, it will be one of the shrewd moves towards checking any bridge enterprise. The Union Pacific would gladly pay a round sum for a right of way to Broadway. If it can get this right of way for nothing cannot it afford to pay some men well for working up the scheme, and for getting others to innocently support it? There crops out quite plainly a disposition to kill the street car business, which is quite consistent with the policy shown by Col. Chapman towards John T. Baldwin. Admitting that the street car is a monopoly, how much less of a monopoly is the Union Pacific, and shall citizens join in giving valuable rights and property to the Union Pacific to gratify the spite of private parties? The Nonpareil flippantly said in its leading editorial yesterday, that 90 per cent. of the people would willingly say to the Union Pacific, "Come up Union Avenue because it was opened to connect the interior of our city with your own." The Nonpareil knows that this is the veriest boob. It knows that a committee of seven were appointed to consider the matter, the mayor, three aldermen and three citizens. Their report shows simply that five of the seven were in favor of the road coming up to Broadway, but did not say they were in favor of giving up Union Avenue for that purpose. Mayor Bowman and J. M. Palmer declined to sign it. Five to two is hardly 90 per cent. and even the "five to two" was not expressed as in favor of saying "Come up Union Avenue." Col. Chapman proceeds to vent his wrath on the two who formed this minority. He says they are but two grains of sand on the beach. It is evident that percentage was torn out of the colonel's article when he went to school, or he was out of school when the class went over it.

The BEE is in favor of everything that can possibly help Council Bluffs, but it is not in favor of the city giving away a whole loaf on the promise that the Union Pacific will give back one of the end crusts. BRIGHT'S DISEASE OF THE KIDNEYS, Diabetes and other Diseases of the Kidneys and Liver, which you are being so frightened about, can be cured by the only thing that will surely and permanently prevent and cure. All other pretended cures only relieve for a time and then make you many times worse. Elegant new curtain goods and curtain fixtures, window shades, etc., at Harkness Brothers'. A BELIEVER. The Experience of a Lady Who Called on Dr. Stade. To the Editor of The BEE: In your issue of to-day I read the so called exposé of Dr. Slade. Being a spiritualist and medium I thought I would go and test it for the credit of spiritualism. Were he a charlatan he could do more money by professing sleight of hand tricks than under the guise of spiritualism, for the public mind is predetermined on that point, and many make great efforts to keep up the antagonism, for it means a living to some. One person has as much right to live by his religion as another and that it is certainly so considered by true spiritualists. I did not start to defend, but state facts. A lady went with me and came to my house. I asked questions and they were answered to my satisfaction, and as I was a stranger the doctor could not know my business. I could hear the pencil write. I also took my own slate and washed it perfectly clean. I held it with my right hand over my left arm as I was sitting at the

CASADY & ORCUTT CARPET STORE.
