Rapid Strides and Material Advancement Noticeable in Council Bluffs.

ON THE GROW.

A trip throughout the city is sufficient to demonstrate to the mind of any unblaced observer, that Council viewing Congressman Pusey. Bluffs is making more rapid strides toward material prosperity and adancement, both in public and private enterprises, than perhaps any year of its history. With the splendid system of water works, and a fine new opera house, both so near completion, and the new government postoffice and court house, soon to be under course of construction, with the numerous brick blocks for business purposes under headway, and the prospect of several large manufacturing establishments to be soon located here, with the advent of the water works, it indeed, angurs well for the future prosperly of the city. Besides these many fine residences are being built throughout the entire city, people, owing to the exceedingly high rents, they have been compelled to pay for past year, have awakened the realization that it

better to expend the money paid for rents toward securing for their families a home, and hence many neat little cottages are being constructed, and we hear of many more residences to be built during the coming summer. Noticeably are improvements being pushed forward on Oakland avenue.

J. H. Casady is preparing the ground for a fine residence to be built on the corner of Oakland avenue and Ross street, to occupy the site of the property known as the R as property, which burned some years since. T. J. Evans is building an addition after the Swiss style to his residence, purchased some time ago of Colonel Sapp. Mr. Hesse, who recently arrived here from Champaign, Ill., has purchased the lots fronting on Oakland avenue and Avenue E, situated west of the fine residence of Mr. Fred. Leutzinger, and will build a residence this summer. Mr. Ed. Mott, of the upper Broadway lumber yard, has purchased a lot on the west side of Oakland avenue, and will, in a few days, commence excavating for a nice residence. Captain Hight will build during the summer on his fine lots situated on the same avenue. Mr. Wells, superintendent of the Deer Manufacturing Company has also purchased lots for a residence OMAHA AND COUNCIL BLUFFS on the same street. Mr. Burnham is building a nice residence just north of Mr. C. R. Scotts, and Mr. Scott will soon commence the erection of a neat Pullman's Magnificent Sleepers tenement house, connected with his residence. A grade has been established by the city council for Oakland avenue, and the work of filling to grade by the city will soon be commenced. On every hand it seems to be the disposition of the citizens to IF YOU ARE GOING EAST adorn and beautify their residences, the residents on this avenue owning their own property, and the day is not far distant when that avenue will be one of the finest residence streets of the city.

THE PRESBYTERY.

Some of Its Doings at the Late Ses sion at Corning.

The Presbytery of Council Bluffs met at Corning last Thursday, and continued its session through the week. Rev. Mr. Campbell was chosen moderator. There were between fifty and sixty delegates, including representative elders. The synodical misalonary, Rev. Mr. Balley, was present on Friday, and gave an interesting address, showing his work since his appointment as successor to Rev A. First Mortgage Loans a Specialty K. Baird. In several Presbyteries there is a dearth of ministers, and This Company furnishes a permanent, home institution where School Bond and other legally issued Municipal securitis to Webraska can be be negotiated on the most favorable terms Loans made on improved farm in all well settled counties of the state through grasponsible local correspondents. notably so in this C. B. Presbytery. In order to keep the fourteen vacancles in some measure supplied, it was proposed and carried that a Presbyterian missionary should be appointed at a salary of \$1,-200 and expenses. Rev. Welty, of Creston, and Rev. Mr. Ballard, of Corning, were nominated, and it appeared on a ballot that the latter week. had a majority of the votes.

The Ladies' Missionary association

also held a convention, and at a meeting on Friday evening, in the auditorium of the church, an interesting report of their work was read by Mrs. Merrill. Mr. Mayes, of this city, made two able and effective speeches on home mission work in the bounds of the Presbytery. He took a promi-nent part in the scheme for the supply of vacant churches by the appoint-ment of a special misalonary, and urged the importance of a judicious appointment with great carnestness. How a Union Soldier Galloped Down a Line of Fire at Manaseas.

Captain H. T. Owen in the Philadelphia Times.

The most conspicuous act of reckless courage I ever saw displayed on any battle field during our great civil war occurred at the second battle of Manassas on the 30th of August, 1862. It was performed by a Federal artillerist in the presence of both armics and was witnessed by at least a thousand men, many of them are still living and cap readily recall the incident when.
