A great many people are asking what particular troubles Brown's IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880,
My health was much shattered by
Rheumatism when I commenced
taking Brown's Iron Bitters, and I
scarcely had strength enough to attend to my daily household duties.
I am now using the third bottle and I
am regaining strength daily, and I
cheerfully recommend it to all.
I cannot say too much in praise I cannot say too much in praise of it. Mrs. Many E. Brashnan, 173 Prestman st.

Kidney Disease Cured.

Christiansburg, Va., 1881.

Christiansburg, Va., 1881.

Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results.

J. KYLE MONTAGUE.

Heart Disease.

Vine St., Harrisburg, Pa. Dec. 2, 1881. Dec. 2, 1881.

After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised torry Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief.

Mrs. Jannia Hass.

For the peculiar troubles to which ladies are subject. Brown's Iron BITTERS is invaluable. Try it.

Be sure and get the Genuine.

A MUNICIPAL PALACE.

The Philadelphia City Hall, Upon Which \$12,000,000 and Fifteen Years' [Labor Will Have Been Expended When Completed.

have offices scattered about Philadelphis, as well as among the great number of people who have business to transact with them, there is a growing

present commission, which has grown gray in service, has passed away, its successor is composed has of expeditious men, it is possible that the place may be finished before the next centenary." The already some-what ancient history of the unfinished municipal hall of Philadelphia, referred to in the extravagance of this episode, forms one of the most interesting features that attracts the attention of the new generation that has arisen since its first stone was laid. As far back as December, 1868, fifteen years ago, councils passed an ordi-nance providing for the erection of municipal buildings on Independence square designated the commissioners to carry it into effect. Within a year plans and drawings were received from waventeen different architects, from which number the plan of John Mo-Arthur, jr., of Philadelphia, was given the first premium, and he was appointed architect of the work De-cember 27, 1869. The intense oppocember 27, 1869. The intense opposition that existed to making Independence square the site for the buildof one set, like."

"Are such freight cars?"

"They do not set, like." logs culminated in the passage by the state legislature of an act aubmitting to popular vote at a general election held in October, 1870, whether Wash-

ington square or Penn square should by a returned majority of 18,800 votes, but failed to give general satisfaction, and from time to time efforts no mistake." were made by means of injunctions from the courts to prevent the build-The commissioners, fluctuating beteen conflicting notions, one time favoring four separate buildings and favoring four separate buildings and can bet a rawhide on it." another time deciding upon having all four in one, kept up a game of shuttlecock and battledore with the archi-tect, until a kind of dovetail, intersecting scheme was evolved, which could be made either one building or four, according to fancy, at almost a moment's notice The original design decided upon in November, 1870, was

answering in part for either location, The one building plan for Independence rquare, in short, was made to harmonize with the four building plan for Penn square. This was twelve asked one of the company. years ago. Carrying out the idea of

astonishing. The enemy had fired letters of inquiry. Enclose 3c stamp. Charlotte (N. C.) Observer. Jake Barringer, a tenant who was low, and three out of six wooden legs | Send for "Guide to Health and Nerve | plowing on Mr. John Wadswort's farm | were disabled. Before complete re- Strain."

when it was first turned up, and hit it with a stick to kill it. At the first blow the snake fell all to pieces, the the dgoing one way and the tail part the other, and the two body pieces jrmped off in different directions. The amazed darky resumed his plowing, went to the other end of the furrow, and on his return was surprised. In the various city departments that feeling of dissatisfaction at the slow row, and on his return was surprised progress made with the work on the to see the snake all together again, exprogress made with the work on the new city hall. A few days ago a well grown youth passing through the court yard, flanked by its great prison-like piles, with masons working on top, exclaimed to his father, who was with him: "Do you think, pap, that if I live to be a gray haired old man I will see this building finished?" "Well, that is a hard conundrum, my boy," the father said, buttoning the boy's overcoat to protect him from boy's overcoat to protect him from time it came together again. He carthe chill and dripping moisture of the dark, cavern-like passages through which they were walking. "You will soon be 12 years old and the building was begun before you were born. It catch up," but it never caught up.

The snake with its three joints was and from there it was to be sent back to our own tracks and taken to the shops across the river at Ludiow. The the chill and dripping moisture of the ried his amusement a little too far,

Wandering Freight Cars.

Cincing ati Commercial Garette. Some strange stories are told about how freight cars are lost. Captain Arnold, agent of the Cincinnati Southern in this city, yesterday told a Commercial Gazette reporter of the strange conduct of one of the cars on his

"On July last," said Mr. Arnold, "I transferred one of our freight care to the Front street connection track, all depends upon the next generation of commissioners. It after the carried to the house, and the tail is no and the whereabouts of the car could doubt still going about the woods not be found. The Panhandle read, upon whose track it was to be loaded, had no record of the car. We supposed it would turn up some time, and not until to-day did we ever hear of it, and where do you suppose it was?"

"Give it up."
"It is in Salt Lake City."

"How did it get there?" "I suppose the trainmen of the Panhandle took it out through mistake and carried it east. It may have gone first to New York and then through to Salt Lake City. For all I know, it may have been bumming around in California. The roads over which it passed should have reported its mileage to our car accountant, but it seems it was not done."

"Is there no way to tell where the car has been in those nine months?" "Yes, it can be traced in its wander ings from the road in Salt Lake, which
