COUNCIL BLUFFS.

Saturday Morning, May 12.

SUBSCRIPTION RATES: By Carrier, 30 cents per week; By Mail, \$10.00 per Year.

Office: No. 7 Pearl Street, Near Broadway.

MINOR MENTION.

See Joseph Reiter's spring styles. Additional local on seventh page. Barber wanted at 220 Broadway.

The C. B. & Q runs the pool train eastward this afternoon. Don't forget the spiritual sociable to night. God music and dancing.

Clark, of The Nonpartei, has an excellent chicken dog. At least so say the neighbors.

Permit to join hearts and hands was yesterday given to Jacob Richard, of Neola, and Dall Richardson, of Avoca.

Dennis Franklin Williams and Tennessee Jane Gilden have been joined in matrimony by Justice Vaughan.

G. S. Lawson has been given the contract for the carpenter works, painting and glazing of McClurg's new cracker factory.

Rev. J. B. Schaff, of Toledo, Ohio, will preach at the Baptist church Sunday morning and evening. All are cordially invited.

Steps have been taken to have the sanity of Henry Schwank tested. He is at the Western house and seems a little mixed mentally.

A law case involving the whole of \$3 has been occupying the attention of one of the justices and several attorneys, witnesses, etc.

The talk of securing the electric light for Council Bluffs is being revived, and it is to be hoped that it will not end in talk, as it has on several occasions before.

The town of Randolph has raised its saloon license to \$500. At that rate \$1,000 would be light for Council Bluffs. Hanlan has raised its license to \$600.

James Davis, the boy who had his legs cut off at the Northwestern depot the other day was reported yesterday afternoon as being still alive, and with some chances of recovery.

Sneaks have been playing and havoc with the plants and flowers along Vine street, causing the residents in that part of the city to grumble greatly, and to set plans for catching the thieves.

John Leahy and one of the numerous Smiths were before the police court yesterday charged with being drunk. Smith was discharged, there being no witnesses against him, while Leahy was fined the usual amount.

Dr. Poulson has a photograph of the child-monkey captured by Carl Bock during his travels in Africa, and it will probably be exhibited in connection with John Ahles' lecture tomorrow. This child-monkey is claimed to be the missing link of the development theory.

The gamblers begin to wonder now whether the city council really means to keep them closed for good. The fun of the thing seems to have become rather tiresome to some of the sporting men, and they begin to feel that the joke has gone far enough. It is to be hoped that the council won't weaken a bit.

Two swarthy maidens, Dora Williams and May Saunders, were brought before the bar yesterday for fighting, being drunk, and using obscene and profane language; in fact for making a nuisance on Broadway. The Saunders girl was fined \$5, while the other had her case continued and claimed an alibi.

Mr. Corral, the policeman in charge of Baylis park, threatens to resign that position, as he hardly thinks that \$40 a month is enough pay, especially as the regular police get \$60, and they don't have to push a lawn mower all day and then watch the benches at night to keep improper and disorderly persons from occupying them.

There have been large congregations at the Catholic church during the progress of the mission which has been held here during the past two weeks. The mission is to close to-morrow evening. There will be masses to-morrow at 6 o'clock, at 8 o'clock, 9 and 10:30 o'clock, and a sermon at the latter service. In the evening, commencing at 7:30, there will be a service and sermon.

One of the big events of next week will be the meeting of the State Medical society which is to gather here, the sessions to be held in Royal Arcanum hall commencing Wednesday, May 15th, and to continue probably three days. There will be present representative men in that profession from all points of the state and those of the public who are interested in the subject on which papers and discussions are to be had are invited to attend the doings freely.

A short time ago The Bee noted the fact that a man named Enix was seeking a divorce from his wife, on the ground that she was living in adultery at Hanlan with another man. The Hanlan Tribune has been hunting about town for the man and woman, with the following result: "The fair but frail Enix has been found. She was living with John Cole near the depot, and after the issue of The Tribune making inquiry of her whereabouts, she stood not upon the order of her going but went, accompanied by her pro tem husband. It is thought they took the way to the virtuous city of Council Bluffs."

John Ahles, who may well be titled "the learned blacksmith," is to lecture in the Spiritual hall to-morrow morning at 10:30 o'clock. The lecture is one which he has recently prepared and on which he has spent much time and thought. A number of those who joined in the call for the lecture here heard it in private, and were so pleased with the manner in which the subject of animal intelligence is handled by him, and the

fresh, clear way of handling the question of the origin of wind and water, that they desired to have the public generally have the benefit of the same. Mr. Ahles is a conscientious thinker, and has spent much labor in familiarizing himself with the latest facts and theories in the field of thought, and as it is a most interesting theme it will surely repay all who hear him.

FLEET FEET.

They are Gathering at the Driving Park Making Ready for the Races.

W. J. Soles, of Sibley, Iowa, arrived here yesterday with four running horses for the meeting here which is to open on the 22nd and continue four days. J. B. Jennings, of Moberly, is expected to-day with five more flyers, and J. W. Dunn, of Maitland, Mo., will add one more to the number to-day. Already seventy-one stalls are engaged for horses to be entered in the races here, and it is predicted that there will be as high as 120 horses here to take part in the meeting. At the present prospects, it will be one of the liveliest meetings in the whole west.

Brown's Bronchial Troches for Coughs and Colds: "I have used them for more than a dozen years, and think them the best and most convenient relief extant." - Rev. C. M. Humphrey, Grants, Ky.

A. J. Mandel offers big bargains in furniture and household goods, 325 Broadway.

The Lightning's Havoc. From The Hanlan Tribune we gleaned the following particulars concerning the deadly work of the lightning:

Dr. Danlavy informs us that 'Eli Whaley, living near Panama, had four head of live stock killed by lightning Sunday evening, two being killed outright and the others so badly injured there were no hopes entertained of their recovery. They were standing in a drove on low ground, near a wire fence and from indications the lightning struck the wire first and followed them to where the stock was standing.

A German living ten miles east of town named Brehmer was instantly killed by lightning Monday evening. He was engaged in loading manure assisted by his brother-in-law, Hans Hansen, the two standing very near together, but strange to say the latter was not injured in the least, nor was the team. The parents of the deceased live in Davenport and they have been telegraphed as to what disposition shall be made of the remains.

Parlor and ceiling decorations in wall paper at P. C. Miller's, 20 North Main street.

Wilson Discharged. The case of James Wilson, who with Joe Ketter were charged with robbing Sam Van Buren of \$435, came to a close yesterday, Judge Aylesworth discharging Wilson, on the ground that the evidence showed that young Van Buren had a hand in the game, and lost the money in gambling rather than having it grabbed from him as he claimed. Even with this showing it appears that Van Buren got nothing in return for his \$435, and that Wilson got the money without returning a pennyworth of consideration. In law it may not be robbery, but when a young man while drunk is beat out of \$435 as any such game it looks as if there was something wrong which would bear the weight of some pretty hard names.

Badly Beaten. Christian Ball, a blacksmith at Minden, was in the city yesterday. He is just recovering from the effects of a May-day party, in which himself and two others seem to have been chiefly concerned. The trio were in the saloon of a hotel at Minden on that day, and as Ball claims, the hotel man and the third man pitched on to him, beating him most unmercifully, and inflicting injuries which have kept him hoarse until now. The trouble seems to have originated concerning an alleged slander, in which some lady's name was used a little too freely.

Remarkable Escape. John Kuhn, of Lafayette, Ind., had a very narrow escape from death. This is his own story: "One year ago I was in the last stages of Consumption. Our best physicians gave me up. I finally got a letter that our doctor said I could not live twenty-four hours. My friends then purchased a bottle of Dr. Wm. HALL'S BAL-SAM FOR THE LUNGS, which benefited me. I continued until I took nine bottles. I am now in perfect health having used no other medicine."

LAST NIGHT'S CONCERT.

A Crowded House and a Delighted Audience.

The organ concert at the Presbyterian church last evening was largely attended, and proved a grand success. Notwithstanding the fact that there were high expectations based on the reputation of Mr. Eddy as an organist, he by no means disappointed the audience, but, on the other hand, thrilled and charmed them.

Mr. Eddy was here about three years ago, when the Presbyterian organ was dedicated, and he handled it last night in an even more masterly manner than then.

Miss May Pickett, in her vocal numbers, also won much favor. Her voice is a rich, full contralto, finely cultivated, and she fully met the expectations of those who had heard the praises bestowed upon her by the critics of Chicago and other places. Altogether, the entertainment was one of high order, and proved a rich feast indeed to the music lovers in attendance.

Our New Loan Improvement Co. Investigation into the matter convinces us that one of the most equitable, reasonable and feasible plans of building houses is that proposed and in operation by the Mercantile Loan, Trust and Improvement company of this city. By investing in shares in this institution, which is backed by some of our best and most reliable business men, it becomes possible and comparatively easy for a man of moderate means to secure a comfortable home for himself and family. In taking a certain number of shares, at a certain monthly payment, in a few years a man can own a home of his own for about the same as he pays monthly for rent. We believe the Mercantile Loan and Trust company, by organizing and opening up for business, having filled a long felt want in Council Bluffs. Their plans and system of loans will bear the most careful scrutiny and examination, and we have no hesitancy in pronouncing them reasonable and equitable, and backed by gentlemen of honor and integrity. As the company exists it becomes at once an institution of value and credit to our city and those who desire homes. Their president is T. A. Kirkland, vice president, Judge Pease; co-rotary, L. R. Heery; treasurer, Col. Boehm; and their office is in the basement of Shugart's and McMahon's new block, corner First avenue and Pearl street.
