TESTIMONIALS.

Supraintendent's Offices, Chicago, West Division Railway Chicago, December 5, 1882.—D. Elwell, Preside t Sloux Falls Water Power Company. Dear Sir—I have received from your company since October 1, 1882, about 109 car loads of granite paving blocks and have laid them between the rails of our street railway tracks in the heart of the city. I have been using taving material in this city for m ny years, and I take pleasure in raying that in my opinion the granite paving blocks furnished by your company are the most regular in shape and perfet in form and so far as I have been able to jurge, are possessed of as durable feature as any material that has ever been offered or laid in the city.

Yours, JAS. K. LAKE.

[Copy.] Sr. Louis, March 22, 1883 TO WHOM IT MAY CONCERN-This is to certify that I have examined a piece of granite taken from the Sloux Falls Granite Quarries, and, in my opinion, it is the best some for street paving I have seen in America.

ORGANAL WEAKNESS

Immediately cured and full vigor restored. This discressing affliction—which renders life a burden and marriage impossible, is the penalty paid by the victim for improper indulgence. Young people are ap to commit excresses from not being awars of the dreadful consequences that may costs, now who that understands tall subject will deny that procreation is lost sooner by those falling into into improper habits than by prudent? Besides being deprived of the pleasure of mathy off-springs, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the physical and mental functions weaken; Loss of procreative powers, nervous inability, dyspepsia, mainitation of the heart, indigestion, (constitutional debility, wasting of the frame, cough, consumption and death.
