

The Daily Bee.

COUNCIL BLUFFS.

Thursday Morning, May 24.

SUBSCRIPTION RATES: By Carrier, 50 cents per week. By Mail, \$12.00 per year.

Office: No. 7 Pearl Street, Near Broadway.

READY FOR BUSINESS.

An Announcement of Special Interest to Those Wishing Fine Job Work.

P. M. Pryor has opened in connection with the Bax office in Council Bluffs, a complete job printing establishment, and is now prepared to fill orders in that line promptly and satisfactorily.

MINOR MENTION.

See Joseph Retter's spring styles. Additional local on seventh page.

Close up shop this afternoon and take in the races.

The water works company is fencing its Glen avenue reservoir.

Pools on the races are being sold nightly at the Ogden house.

The board of equalization is still putting in nightly work on the books.

Ben Hogan still draws crowds to hear him talk. He strikes from the shoulder.

Isn't it about time that Council Bluffs had another spasm in favor of the electric light?

There are good many small homes being built in the city and yet the demand is far from being met.

To-day the postoffice will be closed from 1 to 6 o'clock p. m. But the carriers will make their collections as usual.

The stone reservoir of the water works has been sodded. The job was finished last evening. To-day the work of filling it will be commenced.

The register of the Hotel de Fields yesterday morning showed but three new arrivals: Ed. Chamberlain, drunk; C. Danton, lodging for one, and George Gleasary, profane language on the streets.

Charles Nicholson, against whom a complaint for disturbing the peace was entered some time ago, has arranged to plead guilty this morning rather than fight the case.

Bick, the man who so badly slashed his brother-in-law Fahre with a razor yesterday, waived examination and was sent back to jail to await the action of the grand jury. His victim is in a fair way to recover.

Bayliss park never looked more beautiful than now, but Fairmount park is the gem for the natural scenery, and every one who visits the city should take a drive through it.

The scribes in the reporters stand were placed under the usual obligations yesterday to Jack Perego for keeping the boys well supplied with cigars from the stock of Perego & Moore.

Mrs. Ira Smith, widow of the former popular clerk of the Ogden house, who died about two years ago of smallpox, is about to be married to a prominent citizen of Boone. At least so says rumor supposed to be authentic.

The Nonpareil is wonderfully afraid that some one will find out that Council Bluffs has a new evening paper, and that THE BEE office in Council Bluffs has new presses and material for a job department. The poor old grandmother, realizing her dotage somewhat, tries to ignore the enterprise of young blood.

Taber college has started a neat little paper, which ought to take high rank at once among the college papers. The college seems to be thriving. President Brooks, on his last trip east, in the interest of that institution, secured over \$15,000, making the total receipts for the college from benevolent sources during the college year \$22,500.

The justices of the peace should take due notice of a decision made by Judge Aylesworth yesterday, and keep their books as well as themselves posted. An injunction was asked for to keep a justice from issuing an execution on a judgment, because the justice had neglected to enter the judgment on his book as required by law. After deliberating over the matter for several days Judge Aylesworth has granted the injunction.

The severity of convictions in proportion to the number of criminal cases brought before the justices of the peace in the city is quite noticeable. It seems that every petty complaint, growing out of some neighborhood jungle over the division fence is the most careful scrutiny and examination, until the case for execution which amount to nothing exceed by big odds the costs in cases where it appears some real offense has been committed. More care should be exercised in granting warrants, if the interests of taxpayers are to be consulted, to say nothing of the reputation of the scores of people involved, and who from the prevalence of acquittals are evidently innocent.

Low Prices on Hardware. De Vol & Wright, 504 Broadway.

A Grand Kick.

There is a grand kick among the expressmen who are carrying passengers to and from the fair grounds. They are on the war path because the managers of the Driving park will not permit them to enter the grounds at any price, nor will they let the Herdies enter, though the proprietor offered \$2 per day for the privilege; while, on the other hand, some carriages, which are such in name, but not in fact, some of them being almost superannuated in appearance, are allowed to enter at \$1.50 a day. The management seems to have drawn the line between carriages and express wagons, and classed the Herdies with the latter. Some of the express wagons which are about out are much better vehicles than some of the carriages which are admitted. The complaint could have been avoided, if the common carriers of all kinds were kept outside, or else all the common carriers given some position inside. The "outs" are naturally crying out against the favoritism shown the "ins."

Grand opening of elegant oil paintings at the art gallery of S. D. Reese, in the De Vol block, North Main street.

Homer, the China-man, 23 Main st.

The best time made at the centennial was by the Weber piano, 95 1/2 out of a possible 96. News Item. Go to Mueller's Music Hall, and see them. He has the largest and finest stock in the west.

Closing Up. An arrangement has been entered into among the business men by which the banks, wholesale houses and many of the retail houses are to close this afternoon, in order that all may attend the races, the programme for to-day being one of the best of the whole meeting. Up to last evening about 75 of the principal business houses of the city had signed an agreement to close.

Parties desiring bargains in new and second hand furniture should call and examine Howe & Son's large stock at 303 Broadway.

Carpets, Furniture, Fixtures, cheap, at Mandel's.

Don't fall to drop in at Biles' and see their new styles and the general display. It is a treat, especially to the ladies.

Quit-Drivers Coming. The 250 eastern editors who are enjoying a western excursion are expected here this morning at 10:45. They will remain here several hours, and will be invited to take in the races. It is unfortunate that no formal reception has been arranged for, as the city thereby misses an excellent opportunity for creating a favorable impression on thousands of eastern readers of newspapers. Let the citizens welcome the writers heartily.

For bargains in Lamps, Glassware, Crockery, etc., go to 23 Main street, W. S. Homer.

The finest line of Oil and Gasoline Stoves in the city. De Vol & Wright, 504 Broadway.

Parties desiring bargains in new and second hand furniture should examine Howe & Son's large stock, 333 Broadway.

Dug Out of the Dugouts. That part of the city in which the dugouts are located ought to have a justice shop of its own, to attend to the numerous cases which are continually arising among the denizens there.

Another case has come to the front, in which a young man named Mowdu has been arrested, together with a much older woman named Phoebe Eming, who is the mother of six or seven children, and who has become so infatuated with the young man as to cleave to him without getting the necessary permit. The pair were arrested yesterday and brought before Justice Abbott, who continued the case until the 26th, the accused giving their own bail in the sum of \$50 each, which gives them a chance to leave the city.

George Witting, who figured conspicuously in another dugout case, was sent to jail yesterday by Justice Schurz for being drunk and disturbing the peace.

Iron in a colorless state and Peruvian bark, combined with well known aromatics, make Brown's Iron Bitters the best medicine known.

Refrigerators cheap. De Vol & Wright, 504 Broadway.

Ladies, go and see the latest styles in French Pattern Hats to-day at Biles'.

Our New Loan and Improvement Co. Investigation into the matter convinces us that one of the most equitable, reasonable and feasible plans of building houses is that proposed and in operation by the Mercantile Loan, Trust and Improvement company of this city. By investing in shares in this institution, which is backed by some of our best and most reliable business men, it becomes possible and comparatively easy for a man of moderate means to secure a comfortable home for himself and family. In taking a certain number of shares, at a certain monthly payment, in a few years a man can own a house of his own for about the same as he pays monthly for rent. We believe the Mercantile Loan and Trust company, by organizing and opening up for business, having filed a long felt want in Council Bluffs. Their plans and system of loans will bear the most careful scrutiny and examination, and we have no hesitancy in pronouncing them reasonable and equitable, and backed by gentlemen of honor and integrity. As the company exists it becomes at once an institution of value and credit to our city and those who desire homes. Their president is T. A. Kirkland, vice president Judge Peake, secretary, J. E. Boary, treasurer, Col. Beebe, and their office is in the basement of Shugart's and McMahon's new block, corner First avenue and Pearl street.
