Special Dispatch to THE BEE.

NEW YORK, June 4.

Money—2½@3 per cent, closed offered at 2½ per cent.

Prime Mercantile Paper—5@6 per cent.

Sterling Exchange—Bankers' bills steady at 4 85½; demand, 4 88½.

GOVERNMENTS.

Governments strong and generally ¼@½ per cent higher.

To-day's stock market has shown a reactionary tendency from the advance of last week, which was due, to the covering of the short interest more than other any cause. The market is still in the hands of professional speculators, the short interest being eliminated, prices declined. There is as yet very little support from the outside public or from the class who buy for investment. The general prospects for future railroad stock has been undoubtedly improved by the probable settlement of the labor troubles at the west and by the improved crop prospects. The result of the day's business was a decline of ½ to 1½ per cent. Union Pacific declined 1½.

MINING STOCK.

Mining stocks were very dull; Union consolidated sold at 625, Consolidated Virginia, 60s and 65c; California, 29c and 32c; Eureka Consolidated, 300; Navajo, 160; Bodie, 95c; Sierra Grande, 155 and 150; Sutro Tunnel, 29c to 26c and Sonora Consolidated, 40c and 39c. The sales of the day were 28,127 shares. The pipe line certificates to-day were very active and weak, declining from 121⅜ to 114½, and closing on call at 116½.

BOSTON, June 4.—The clearing house exchanges for the week ending June 2, for the 26 leading clearing houses of the United States are $846,335,123.

BRITISH GRAIN TRADE.

LONDON, June 4.—The Mark Lane Express, in its review of the grain trade for the past week, says: "Brilliant weather has had a beneficial effect on the crops. Wheat is strong and healthy. The demand was nominal and supply moderate. Prices were rather lower. Foreign wheat was dull and lifeless, and the retail demand somewhat weaker. Best grades of flour were steady, but others somewhat easier. Foreign flour unchanged; finest grades firm. American unsound was almost unsaleable. Barley and oats were unchanged, and the same may be said of foreign barley. Oats were in large supply and slow. Maize is in bad condition, and prices higher and market flat. Off coast cargoes slow. There were 10 arrivals and 4 sales; one dozen cargoes are due. Sales of English wheat the past week, 58,893 quarters at 43s 5d, against 22,209 quarters at 47s 7d during the corresponding week last year.
