CLEARINGS.

BOSTON, June 11.—The clearings at twenty-five cities for the week ending Saturday, with a per centage of comparisons, give a total of $81,038,026,691; decrease, 3-1; outside New York, $239,475,051; increase, 10-9. This statement is more uniformally favorable than for some time past. The decrease of 7-7 per cent at New York is entirely attributable to the smaller volume of stock speculations than a year ago. Boston is the only important city that does not show a satisfactory increase. The most remarkable gains have been at Pittsburg, 95-2 per cent; Kansas City, 77 8 per cent, and Indianapolis 30-3 per cent.

BRITISH GRAIN TRADE.

LONDON, June 11.—The Mark Lane Express in review of the grain trade for the past week says: Good crops and vigorous stand promise well for harvest. Crops on poor land look thin and sickly. The demand is not improved. Rates are unchanged for foreign wheat. There was only a retail demand. Little business done in American. All except Russian and Indian unchanged; supply large. In off coast cargoes there was very little business. A cargo of Oregon flour was withdrawn, seventeen arrivals, three sales. Trade in futures almost nil. Flour in little demand and rates unchanged. Best foreign firm, inferior difficult of sale. Barley and oats unchanged. Foreign barley in moderate demand and unchanged prices. Oats weaker, the spot supply of maize did not exceed the demand, prices weaker. The sales of English wheat during the week 55,186 quarters at 43s 4d per quarter, against 23,609 quarters at 47s 9d for the corresponding week last year.
