

THE DAILY BEE. COUNCIL BLUFFS.

Monday Morning, June 18.

SUBSCRIPTION RATES: By Carrier... By Mail...

OFFICE: No. 7 Pearl Street, Near Broadway.

MINOR MENTION.

See Joseph Reiter's spring styles. Additional local on seventh page.

The Round Table has adjourned for the summer.

The Republican caucus are to be held this evening.

John N. Baldwin is to orate at Glenwood on the Fourth.

H. S. Shelly is booked as the drunkest man Officer Morse could find to run in.

Sheriff Guttart left with his last batch for Fort Madison last evening.

Officer Barhyte arrested a man named L. Urvin, for indecent conduct on the streets.

Five emigrant wagons passed through here yesterday, en route from Missouri to Dakota.

Macedonia is to send to Glenwood a Sunday school excursion on the Fourth of July.

Rev. J. K. Black, of Bucyrus, Ohio, preached at the Presbyterian church yesterday.

Miss Montgomery, the new organist of the Presbyterian church, is receiving much praise.

A baker's dozen of emigrant wagons moved through here Saturday, en route for Dakota.

The cases against Mideon Critchfield for assaulting Ald. M. Pierson, have been dismissed by the county attorney.

Mr. Crane, the brother of the man who suicided at the Pacific, did not arrive yesterday morning as expected, having been evidently delayed a little on the trip.

Messes Lanzendorfer and Holst returned from St. Joseph Saturday, business having called them back prematurely from the saengerfest. They report a happy time in progress.

Hon. John Van Valkenburg, who is the supreme vice-chancellor of the Knights of Pythias, remembers THE BEE with a copy of his address given at the celebration at Burlington.

Two boys indulged in a fistfight on Pearl street, while one who ought to be in better business, looked on and laughed. Ben Hogan ought to come back and give some more of his experiences in the ring.

The orator selected for the Fourth of July here being unable to accept, the committee have prevailed upon Colonel Keatley to fill the position, and it need not be said that he will do it well. Mr. Flickinger will read the Declaration of Independence.

Delia Jackson, a colored girl, and Ollie Jackson, a dusky boy, were arrested Saturday for the larceny of some curtains from Mrs. Monese's house, which was wrecked by the flood. Delia was discharged, but the boy was given ten days in jail.

There is an excellent prospect for the races on the Fourth. Mayor Bowman recently interviewed a number of the horsemen at Cedar Rapids, and learned that a majority of them intend coming here, and others make the same promise, so there will be plenty of entries, without doubt.

A young man was canvassing Saturday for a sort of musical book, claiming to enable a person to read music at sight very readily. It is claimed that by misrepresenting his interviews with some of our music teachers he tried to induce persons to buy. Too much caution cannot be used in receiving the statements of those who thus travel from house to house. Our regular dealers generally get hold of everything that is worth anything in their lines.

Those who went from this city to Des Moines, to attend the grand grove of Druids, have many good words to say of Mayor P. V. Carey, of that city, not only for his activity as a mayor, but for his kindly treatment of the visitors. He provided carriages for a drive about the city, and every way showed such hospitality as to place the visiting Druids under many obligations. Not satisfied with that he invited some of them to go with him in his special car to Denver to attend the Grand Army reunion there. Besides being an enthusiastic Druid he is post commander of the Grand Army of the Republic, and is now building, in Des Moines, a hall for the use of the post. He seems to show the same kind of enterprise in what ever he takes hold of.

FIREMEN'S FUN.

The Tournament at Waterloo and Its Results.

Much Lusty Kicking About Unfair Treatment.

The Bluff City hose team arrived here Saturday night. They went not in vain as they managed to bring back about \$275 in prizes, but they would have done still more had they been given a fair chance. Chief Templeton and Pat Lacy were the last to return, they reaching here yesterday morning. They confirm the previous reports as to the unfair manner in which several features of the tournament were managed. The chief brought back with him the walnut which had been slipped into the hose used on the Rescue steamer, and which prevented its winning first. In fact there is much dissatisfaction felt over the way visitors were used, and Waterloo has gained nothing in its reputation by having the state tournament held there.

The following is the summary of the several contests:

Wednesday was the TRIAL OF STEAMERS.

For distance—1st, \$100 and state silver trumpet; 2d, \$50. For time, throwing water 100 feet—1st, \$100; 2d, \$50.

Jeanie Jewel, of Waterloo, threw water in 4:16; distance, 270 feet 11 inches.

Steamer Linclan, of Dubuque, threw 260 feet 5 inches; no record of time.

Blackhawk, of Waterloo, time 6:25; distance, 219 feet 9 inches.

C. M. Durham, Independence, time 4:05; distance, 230 feet 7 inches.

Rescue, of Council Bluffs; time, 4:07; distance, 213 feet 9 inches.

The Jeanie Jewel was ruled out, because it was managed by its maker, who lives in New York.

HOSE RACES.

In the 46 hose race there were five entries. First prize, \$100; 2d, \$75; 3d, \$50.

Walker's, Waterloo; time, 48 1/2 seconds. Davenport's run; time, 48 1/2.

Sawyer's, Iowa City; time, 46 1/2. Woodruff's, Oskaloosa; time, 49 1/2.

Cato Sells, La Porte; time, 47 1/2. La Porte and Waterloo divided first money and Davenport took third.

HAND ENGINES.

For distance—First, \$100 and state championship broom; second, \$50; third, \$25. Storm Lake, 209; La Porte, 195.8; Waterloo, 200; Vinton, 178.8; Wilton Junction, 198.2; Independence, 193.9.

HOOK AND LADDER.

First prize, \$100 and championship belt; second, \$75; third, \$50. The time taken on the running and reaching the top of ladder, distance 300 yards. Waterloo, 52; 53; Atlantic, 43; and 49; Manchester, 40; and 47.

CHAMPIONSHIP HOSE.

First prize, \$150 and state championship belt; second, \$100; third, \$75; fourth, \$50. Time taken on the run, and the time also including couplings. Marshalltown, 40 and 46 seconds; Oskaloosa, 42; and 48; La Porte, 41; and 48; Waterloo, 38 and 45; Iowa City, 41; and 46; Council Bluffs, 39; and 45; Davenport, 42 and 48.

FREE FOR ALL HOOK AND LADDER.

This was won by the Manchester in 42 1/2 and 50; Atlantic second in 43 and 49.

FREE FOR ALL HOSE RACE.

First prize, \$300; second, \$150—Waterloo, 38 and 43; first money, Oskaloosa, 39; and 45; Davenport, 42 and 50; Bluff City, 39 and 45; second money.

By an agreement made between the Waterloo and Bluff City teams the state championship was to be decided by this race also, the one making the best time in this race to take the belt in the other, which resulted in Bluff City taking second in both races.

The following are the officers-elect for the ensuing year: President, E. A. Harris, Red Oak; 1st vice president, L. F. Walker, Waterloo; 2d vice president, J. H. Johnson, Marshalltown; 3d vice president, Arch Christie, Des Moines; recording secretary, A. L. Tullis, Winterset; corresponding secretary, R. C. Johnson, Des Moines; treasurer, Pat Lacy, Council Bluffs.

A Railway Change.

W. E. Davis, the southwestern passenger agent of the Sioux City route, has resigned his position, to take effect July 1st, in order to enter the position of general passenger agent of the Chicago & Grand Trunk railway, with headquarters in Chicago. Mr. Davis has done nobly by the Sioux City route, and by his untiring energy, wise management and extensive acquaintance, has done much to increase the business, while at the same time he has won many friends, who will regret his leaving Council Bluffs. The company who have secured him know him and appreciate him, he having been connected with that line before. They now offer him a better position than that he holds here, and naturally enough he accepts. He is to be succeeded by H. C. Cheney, who has been in the office of Mr. Buchanan, the general passenger agent of the Sioux City route, a young man who has already shown ability and enterprise in railway matters.

SEWING SCHOOL.

Girls Who Are Trying Not Only to be Good, But Good for Something.

The Worthy Enterprise of Kind-Hearted Women.

For about a year there has been in progress here a monthly enterprise which has been progressing quietly, and with no flourish of trumpets, and which certainly merits more public recognition than has yet been given it. It is in fact a sewing school, the purpose of which is to help the young girls of the poorer families of the city, and to help them in the truest sense, by helping them to help themselves.

The school meets every Saturday afternoon from 3 o'clock to 5 o'clock, and on last Saturday afternoon the time, instead of being given to instruction and practice in sewing, was allowed for social festivities. There were thirty-four of these young girls who enjoyed the occasion. There were games and story telling, play and merry-making, after which the children were served with refreshments.

The occasion proved a bright spot indeed in the lives of many of these children, and will serve to make the associations of the sewing school stronger and happier than ever.

These children as they are gathered on Saturday afternoon for instruction form indeed an interesting study, and the enterprise is proof that there is much practical Christianity still left in the world.

The girls are divided into classes. Those just entering the school are placed in the C class. Here they are taught to over-hand patch work, etc. When they advance into the B class they are given light running sewing, ruffles for aprons, etc. The next advancement is into the A class, where the work is mostly on aprons, and there they prepare themselves to enter what is known as the garment department, where they are taught to make their own dresses and clothing. The progress made by some of these girls is astonishing, and the training they get in the school supplies in most cases what is lacking in their home life, and enables them to be much more independent and helpful. Each girl has her own sewing bag, upon which is her name, and a ticket which shows what work she has accomplished. As far as possible the girls furnish their own material, but where not able to do so it is furnished them, and the results of their labor is in all cases their own. Aside from this gratuitous training in the practical art of using scissors, needle and thread, attention is given to their manners; their personal habits and cleanliness, while their mental and moral habits are not overlooked either. There are brief devotional exercises, singing, short talks, stories read to them, and other means used to give healthy interest to the school.

The ladies who have been helping in this practical charitable work are certainly worthy of remembrance, and the public should show its appreciation by sustaining the enterprise by giving time, money, material, or whatever is needed, to make it a permanent success. To Mrs. F. F. Ford, perhaps, more than any other one person, is due the success attained, but there have been other willing helpers, among them Mrs. A. W. Cowles, Miss Jennie Beebe, Miss Carrie Spooner, Mrs. Houghton, Miss Annie Oberholzer, Mrs. H. M. Stevens, and Mrs. Harry James. In the entertainment furnished on Saturday afternoon, Miss Nellie Hatcher was especially helpful. With such ladies interested, the work promises to continue a success, and its mission is such as to commend itself to all who desire to see homes made happier, and girls made more helpful and true.

For all kinds of musical instruments go to J. Mueller's.

Rev. Joseph Knotts has returned home.

Our New Loan and Improvement Co.

Investigation into the matter convinces us that one of the most equitable, reasonable and feasible plans of building houses is that proposed and in operation by the Mercantile Loan, Trust and Improvement company of this city. By investing in shares in this institution, which is backed by some of our best and most reliable business men, it becomes possible and comparatively easy for a man of moderate means to secure a comfortable home for himself and family. In taking a certain number of shares, at a certain monthly payment, in a few years a man can own a house of his own for about the same as he pays monthly for rent. We believe the Mercantile Loan and Trust company, by organizing and opening up for business, have filled a long felt want in Council Bluffs. Their plans and system of loans will bear the most careful scrutiny and examination, and we have no hesitancy in presenting them reasonable and equitable, and backed by gentlemen of honor and integrity. As the company exists it becomes at once an institution of value and credit to our city and those who desire homes. Their president is T. A. Kirkland; vice president, Judge Peake; secretary, I. R. Berry; treasurer, Col. Beebe, and their office is in the basement of Shurt & McMahon's new block, corner First avenue and Pearl street. jan27-ly.
