OMAHA MARKETS.

Wholesale Prices. Office of The Omaha Bee, Saturday Evening, June 23.

Trade all along the line has been very satisfactory during the past week. Dry goods are active and firm, the prices having remained unchanged for the week past. Local trade has fallen off some, but to no great extent, and western orders have increased enough to keep the sales up to, if not above the average. The prospects for a good summer's business is good, though, in some cases, considerable reductions will have to be made in late spring and early summer goods, which retailers have held off from buyers, on account of the unseasonable weather, until prices will have to be cut "way

down" or the goods carried over. The grocery and provision market is unus ually active, this being one of the best seasons of the year for jobbers in that line. Increased sales are reported from all sources with large orders, often duplicated in a much shorter space of time than usual.

Hardware dealers report a good week's business, but with prices in some cases falling off. Barbed wire is lower but active, the orders being numerous but in most cases small. The general feeling is good. Nebraska orders are fair, and those from further west much larger and a greater confidence manifested by con-

sumer. The produce and general commission market is slightly demoralized on account of the nonarrival of consignments over railroads that have suffered from the floods. Prices are higher and the demand is in excess of the sup-

Collections in all branches are reported much better than might be expected, considsidering the dull months of spring and the continuous bad weather.

Jobbers and commission merchants busy to-day. Receipts were heavy, and ship-ments, though not correspondingly good, were, in the main, satisfactory. Local transactions were unusually good, and the produce market, including fresh vegetable, fruits, etc., was ac-

Admiration WORLD. Mrs.S.A.Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. Allen has justly earned this title, and thousands are this day rejoicing ver a fine head of hair produced by her unequaled preparation for restor-ing, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of be-coming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

Case Bottle did it." That is the excression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORME. It is not a dye.

Has discovered the greatest cure in the world for weakness of the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, simidity, trembling, dimness of sight or giddiness, diseases of the head, throat, nose or skin, affections of the lives, ungs, stomach or bowels—those terrible habits arising from solitary habits of youth, and secret practices more fatal to the victims than the songs of Syrens to the mariners of Ulyses, blighting their most radians hopes or anticipations, rendering marriage impossible.

Those that are suffering from the evil practices which destroy; their mental and physical systems, reasons

Who have become victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect who might otherwise entrance listening senators with the thunders of their eloquence or wake to ecstacy the living lyre, may call with full confidence.

Married persons or young men contemplating marriage be aware of physical weakness, loss of procreative power, impotency, or any other disqualification speedily relieved. He who places himself under the care of Dr. Fishblatt may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Imm. diately cured and full vigor restored. This distressing affliction—which renders life a burden and marriage impossible, is the penalty paid by the victim for improper indulgence. Young people are apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now who that understands this subject will deny that procration is lost sooner by those falling into improper habits than by prudent? Besides being deprived of the pleasure of healthy offsprings, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the physical and mental functions weaken. Loss of procreative powers, nervous inability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, wasting of the frame, cough, consumption and death.

Persons ruined in health by unlearned pretenders who keep them trifling month after month taking poisonous and injurious compounds, should apply immediately. DR. FISHBLATT,

graduate of one of the most eminent colleges of the United States, has effected some of the most astonish-ing cures that were ever known; many troubled with ringing in the ears and head, when asleep, great nervousness, being alarmed at certain sounds, with frequent blushing, attended sometimes with derange-ment of the mind were cured immediately. ORGANAL WEAKNESS.

A CURE WARRANTED.

Dr. F. addresses all those who have injured themselves by improper indulgence and solitary habits which ruin both body and mind, unfitting them for business, study, society or marriage.

These are some of the melancholy effects produced by the early habits of youth, viz: Weakness of the back and limbs, pains in the head and dimness of sight, loss of muscular power, palpitation of the heart, dysp pain, nervous irritability, derangment of digestive functions, debility, consumption,
