

THE DAILY BEE.

OMAHA.

Wednesday Morning, June 27.

LOCAL BREVITIES.

The southern railroads leading into this city are still water bound. The river is up to its limits, being bank full in front of the city. The county commissioners are still sitting as a board of equalization, and have, it is reported, raised the assessment of the First ward ten per cent. In the police court yesterday one individual paid \$3 and costs for disturbing the peace, and one man arrested for carrying concealed weapons was sent to jail for ten days. His concealed weapon was about as dangerous as a toy pistol. Owen McCaffrey is the happy father of a son and heir, just arrived from babyland. We know of none more deserving of such happiness than "Owen," and we wish him much joy. All are well. The fifth annual commencement exercises of Creighton college takes place in the college hall to-night, commencing at 8 o'clock. An interesting programme of readings and essays, and vocal and instrumental music has been prepared. A little daughter of Mr. C. S. Leige, the grocer, wandered away from home yesterday, in the wake of an organ grinder and was taken in charge by Dr. Kuhlman, of the Scandinavian drug store. The father came around later in the day and reclaimed his child. The old cellar of the county court house, for some time in use as a city jail, has been greatly improved, late being connected with both the waterworks and sewer system. Closets have been put in and a regular revolution effected in the shape of affairs. Annie Wilson's house on lower Douglas street is liable to be closed yet before the "crucel war it over." The amount of indignation felt in the various localities in which the girls have been driven is so great that it is probable matters will settle down to their former condition in less than two months. Mr. A. C. Troup, the well-known and popular young attorney of this city, has been invited to deliver the Fourth of July oration at Oakland, Burdett county, and has accepted. He is a fine orator and will no doubt gratify the Oakland folks immensely. It is highly probable that after July 1 connection with the Union Pacific will be made at Omaha, the trains of the eastern roads crossing the bridge instead of stopping at Council Bluffs, as they do now. Exchange. The celebrated Duncan inquest case was taken up by Judge Neville in the district court yesterday. The details, so far as they are fit for publication, have already been given, and the unfortunate father will no doubt end, as he should, with a term in the pen. The case is one of the most aggravated on record. The "Twilight Glee Club" gave the head waiters of the Paxton and Grand Pacific hotels a farewell in their rooms Monday Messrs. Chancy, Craig and Roberts gave the honored guests. A pleasant evening and good speeches. The "Twilights" depart Wednesday, the 27th, for St. Paul. This evening the A. M. E. church give the club a complimentary at the parsonage. Among the other frolics of the lightning last Friday evening, a bolt struck Paxton & Gallagher's ware house, on Tenth street, and knocked off one of the ornamental pieces on the corner of the roof, the damage being almost exactly the same as at the Creighton house. A singular feature of this affair was that the lightning struck midway between the two lightning rods, neither one of which was over six feet from the point struck. It was a poor advertisement for lightning rods as a protection to buildings. The wholesale dealers of Omaha are forming a club for business purposes, the main object being mutual protection. Booth, the stage carpenter at Boy's opera house and Koters, the property man, will give the citizens of Omaha on the evening of the Fourth of July the finest display of fireworks ever seen in this city, the expense of which will be paid by subscriptions from the citizens. In the district court Monday Mike Quinan pleaded guilty to the indictment of stealing silk from Williams' store. He was one of the partners of Duq Maguire, who was tried and convicted for the same offense. The new time table on the Union Pacific which goes into effect next Sunday, July 1st, will make Omaha quite an important station. For several years past Omaha has not been a regular stopping station, but hereafter four trains will stop at the Union Pacific depot for meals—No. 2 for breakfast; and Nos. 3, 4 and 10, (the train from Lincoln) for dinner. In the district court Monday before Judge Wakely, a verdict was rendered for the plaintiff in the case of Poppleton vs. the Omaha & Southwestern railway for \$1,900. The suit was an appeal from an appraisal of land condemned by the railroad company. The verdict was twice as much as the value placed upon the land by the appraisers. Mr. R. E. Copson, the broom manufacturer at Fifteenth and Pacific streets, is the happy father of a son who arrived yesterday morning. The B. & M. railway will follow its usual Fourth of July custom and sell excursion tickets at half rates from all stations in Nebraska not over two hundred miles apart. Tickets will be sold on July 3d and 4th, good to return on or before July 4th, at full regular fare one way for the round trip. Children under 12 years of age, one-half that rate. Home Items. All your own fault. If you remain sick when you can get Hop Bitters that never fails. The weakest woman, smallest child, and sickest invalid can use hop bitters with safety and great good. Old men tottering around from Rheumatism, kidney trouble or any weakness will be almost new by using hop bitters. My wife and daughter were made healthy by the use of hop bitters, and I recommend them to my people. 192-2d St. Ask any good doctor if Hop Bitters are not the best family medicine on earth. Malarial fever, Ague and Biliousness will leave every neighborhood as soon as hop bitters arrive. My mother drove the paralysis and neuralgia all out of her system with hop bitters. Ed. Oswego Sun. Keep the kidneys healthy with hop bitters and your need not fear sickness. No water is rendered harmless and more refreshing and reviving with hop bitters in each draught. The vigor of youth for the aged and infirm in hop bitters. Ladies, take your feathers and tips to the new eye house to have them cleaned, dyed and curled. Office 107 S. 15th st., opposite postoffice. HYLBERT & MILLER.

PAVING PETITIONS.

The Gigantic Job of the Standstone Sharks.

A Brazen Defiance of Public Sentiment.

Who Have Petitioned for Trinidad Asphalt.

And Rejected Fort Collins Paving Material.

An Omaha Merchant on Paving.

The same game of the Board of Public Works in conjunction with a ring of Union Pacific officials to override the expressed wishes of our citizens on the paving question has excited great and general indignation in Omaha, especially among property owners on streets which have been ordered paved by the city council. The intention of the city charter to leave the choice of paving materials to those most interested is so well understood that the attempt on the part of the board of public works to force an objectionable material upon our people in spite of their refusal to endorse it meets with widespread disapproval. As long ago as April 6th a majority of the property owners on Eleventh, Twelfth, Thirteenth, Fourteenth and Fifteenth streets, sent in their petitions to the city council for asphalt pavements and Harney street soon followed suit. Later it was discovered that under the new interpretation of the law, the consent of lot owners on intersecting streets to a depth of 132 feet would be required to make the petitions strictly formal, and on this ground the city council threw out all the petitions and ordered the board of public works to advertise for bids for materials. No one supposed that this was done with any other view than to secure lower bids on the material asked for by the property owners, and the city attorney expressed himself as believing that their recommendation would be accepted by both the board and city council when the question came before them for final settlement. But the wishes of the property owners have been entirely ignored in plain defiance of the intention of the city charter, and the board of public works has been used as a machine to register the corrupt scheme of a gang of stone sharks who congregate in the Union Pacific headquarters. To show the class of citizens whose names are on petitions for sheet asphalt in the paving districts and who have refused to endorse the seamy sandstone from Colorado, the BEE publishes the following list: Douglas Street. Petition asking that the alley between Farnam and Douglas and Fourteenth and Fifteenth streets be put in good condition, was referred to the committee on streets and grades.

From O. Olson, who suffered from overflow of water on North Omaha creek: Asking that said damages be repaired at expense of city. Referred.

Petition from Judge Dandy and others, asking that Georgia avenue be brought to grade between Sherman and U. S. Grant streets. Referred to committee on streets and grades.

A numerously signed petition: Asking for the Waring sewerage system on North Sixteenth street and vicinity, was referred to the committee on water works and sewerage.

Petition asking for sewer from Martha street to Williams, through the alley between the two blocks, was referred to the committee on water works and sewerage.

Petition of J. H. Green to grade Walnut street between Summit and Bluff street, at his own expense, was granted.

Contract of Wm. Fitch & Co., for construction of sewer on Seventeenth street, from Cass street north to Izard, was approved.

Contract of Wm. Fitch & Co. for constructing sewer on Jones street, from a junction east of Ninth street to a point east of Seventh street, was approved.

Contract of Hugh Murphy & Co. for constructing a sewer from St. Mary's avenue and Seventeenth street to a point at or near Farnam and Twenty-second streets, was approved.

By Kaufman: That the street commissioner place a two-foot culvert on Pacific street, between Sixth and Seventh streets. Adopted.

By the same: That the street commissioner protect the gutter on Tenth street between the Union Pacific depot and Pierce street by doing the necessary work. Adopted.

By Thrane: That the B. & M. be requested to plank the crossing in the alley between Pierce and Pacific streets and between Fifth and Sixth streets. Adopted.

By Behm: That the committee on public property and improvements choose a suitable lot for the old lumber, stone, etc. Adopted.

By Kaufman: That the mayor appoint three appraisers to appraise all the real estate belonging to the city. Adopted.

By Murphy: That the street commissioner fill washouts on Dodge street between Eighteenth and Twentieth. Adopted.

By Hassell: That the city clerk employ a competent assistant at an expense not to exceed \$150 to copy for the use of the city the assessment rolls of Douglas county as equalized by the board of county commissioners, showing the taxable property in the city of Omaha. Adopted.

By Murphy: That the city engineer make an estimate of the cost of grading Farnam street from Twentieth street to the west line of Boggs & Hill's addition; also the cost of making an approach on Twenty-eighth to Farnam street, and report the same at the next meeting. Adopted.

By Anderson: That all obstructions be removed from Nicholas street and that fences be moved back to the street line. Adopted.

REPORTS OF COMMITTEES. Streets and grades—That Virginia street be opened through from the northern boundary of Redick's addition to Fairview street and that proper ordinance be drawn. Adopted.

MUZZLING THE GAMBLERS. The Mayor Issues an Order Closing All the Banks. He is Carrying Out His Policy to the Letter. Mayor Chase upon his third election as chief executive of "his city laid down his policy in his inaugural address and has since adhered strictly to it. Among other things was a declaration of war against the gamblers and prostitutes, and, as the public know, the latter have been driven out of their accustomed quarters to seek refuge in more respectable localities. Yesterday afternoon, about 3 o'clock, the mayor handed the city marshal a written order to close up all gambling houses, accompanying it with the emphatic statement, "I mean business! This is business!" The marshal notified Captain Jack O'Donohoe, who went around and gave notice to all the keepers of houses to close. There was not a particle of resistance to the order, and last night it was obeyed to the letter by all hands. What the true inwardness of the new deal is, is not generally known, but there is an impression among some that a game of freeze-out is being played in the interests of a new house about to be started on Farnam street. This is no doubt a false idea, as the facts show that the mayor has intended to make this move for some time past. Like all other radical reforms it will doubtless be short-lived. Never Give Up. If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement which will follow. Your protection to the underwear life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the use of Electric Bitters. Sold at fifty cents a bottle by C. F. Goodman.
