The wounds of the clergyman are very dangerous, and he is not expected to live. The assassin is also an Englishman.

CHOLERA IN ROYPT.

LONDON, JUNE 28.—The Italian government has ordered the quarantine of all vessels arriving from Egypt. The French government has issued a similar order. The Temps, Paris, says: Cholera appeared in Bombay in May and the English delegate to the sanitary commission in Constantinople prevented the taking of proper precautionary measures, declaring the commercial interests were as important as those of public health.

Four deaths occurred at Port Said yesterday. One hundred and eighty refugees are in quarantine in this vicinity.

GERMAN SUSPECTS. LONDON, JUNE 28.—The Central News correspondent at Berlin says: The arrest of Krzewski, Polish author, and others led to the belief that conspiracy exists for betraying the secrets relative to the German military organization. There were twenty arrests at Berlin and Dresden yesterday of persons supposed to be connected with conspiracy. Other arrests were made at Halle, Hanover and Cologne.

THE FEELING IN ENGLAND. LONDON, JUNE 28.—The News this morning says: It is perfectly the American right to prevent the landing of Irish paupers on her shores. The gross negligence in shipping them is most cruel. If assisted emigration continues it must be conducted differently. There is no reason to believe that the government has co-operated with any other agency than Mr. Tolson, but mere inaction is not now enough.

CAPITAL NOTES. THE HILL CASE. WASHINGTON, JUNE 28.—In the Hill investigation Coleman called for all vouchers paid to Damar since 1876 for safes and shutters; also for vouchers for money paid Bartlett, Robbins & Co. During the arguments of the counsel for the prosecution the latter firm was charged with having secured nearly all contracts for tiling since Hill's advent, through corrupt influence in that office. Gen. Stinemetz, formerly assistant superintendent of construction of the N. Y. C. A., testified that his bills were rendered by Bartlett & Co. for extra work which was never completed or even begun. He cited as an instance one pair of stairs, for which that firm charged \$908, which were never put in building, and other charges for extra work appeared on their bills for which (Stinemetz) never gave any orders. The committee then adjourned to give the witness an opportunity to inspect the papers and vouchers called for by the prosecution.

Another Tumble In Provisions. Special Dispatch to THE BEE. CHICAGO, JUNE 28.—Markets on 'Change suffered another bad break this morning and forenoon. The session was marked by uneasiness, and at time great excitement in provisions and grain as well, but was more especially felt in pork and wheat. Pork has shown a steady and heavy decline for the past three days, and this morning took another tumble of 42¢ to 50¢, and had descended 74¢ to 17¢, making the quotation for the July option less than that touched on Saturday, which was made notable by the failure of McGeech. Wheat, which has displayed a weakness for the past week, dropped 14¢ to 24¢ per bushel in addition to-day. These declines renewed all uneasiness of the past two weeks and announcement was made at noon that H. O. Kenyon & Co., and John Sinclair, have succumbed. They have been dealing in grain, but are not rated as very extensive dealers. One cause assigned for unusual weakness displayed by the market is owing to bad showing made by the firm of McGeech, Everingham & Co.

CROOK COMING.

The Brave Indian Fighter on His Way to Omaha.

The Congratulatory Order Issued by Him.

The many friends of General Crook, the brave Indian fighter and the popular soldier and gentleman, will be glad to know that he will probably visit Omaha very soon, as the following dispatch shows:

WHIFFLE BARRACKS, ARIZONA, June 27, 1883.

Gen. Crook will leave for Washington in the morning. Is pressed for time. Would like to go via Omaha if arrangements can be made. Will reach Kansas City July 1st.

The general has been tendered the use of the Paxton hotel for his headquarters and a reception will no doubt be given him. The following congratulatory order has been issued and will be read with interest:

HEADQUARTERS DEPT. OF ARIZONA, WHIFFLE BARRACKS, PRESIDENT, June 20th, 1883.

General Orders No. 10: The brigadier general commanding takes pleasure in announcing the successful result of the scout recently made by Captain Emmet Crawford, third cavalry, near the sources of the Bavepae and Caralitos rivers in the Sierra Madre, Sonora, Mexico, taking with him five companies of Apache Indian scouts, officers and men afoot, and carrying three days rations on their backs.

Captain Crawford left the main command and after a patient and laborious march over the most rugged portions of the Sierra Madre, discovered on the 15th of May a village of the hostile Chiricahua Apaches which he at once attacked by surprise and destroyed without loss to our side, rescuing five captive Mexican women and children, and killing an unknown number of the enemy, the country being so cut-up by canons and gorges that no official count could be made. Nine dead bodies of hostiles were found. All the live stock and other property fell into our hands.

The captives stated that the village was that of Chato, the chief whose raid through Arizona and New Mexico in March and April last had been marked with blood.

No praise is too great for the fortitude displayed by Captain Crawford and his comrades in the toilsome work of climbing over mountains and across canons, moving by night and day, with insufficient food, exposed to all the severities of climate, sustained simply by a sense of duty and a determination to subdue a band of desperadoes so long a scourge to two nations.

The commanding general cordially thanks Captain Crawford for his courage, ability and devotion to duty, and includes in this expression of general commendation: Lieutenants Charles E. Gates, Wood, Sixth, and James O. Mackey, Third cavalry; and guides: Al. Sieber, Archie McIntosh, serving with him, who did so much to shape and manage the organization of the different companies of Apache scouts.

By order of Brigadier General Crook. J. P. MARTIN, Assistant Adjutant General.

The Pennsylvania Floods. Special Dispatch to THE BEE. ASHLAND, Pa., June 28.—Twenty collieries were flooded by yesterday's storm. The loss is over \$20,000. Colliery work is suspended, and it will take considerable time to make the necessary repairs. Trains are still delayed, owing to numerous washouts.

The State Central Committee. The Republican State Central Committee held a meeting at the Paxton hotel last evening and called the convention for Wednesday, Sept. 26th, at Lincoln.

Death. Lieutenant John W. King, who has been with J. O. Slatter in the grocery business on Sixteenth street for the past five years, died yesterday at his home on Burt street 3 o'clock, of hemorrhage of the lungs, after a sickness of two months, aged thirty years. He leaves a kind and affectionate wife (formerly Miss Maggie Wright), to whom he was married last Thanksgiving day. They were much attached to each other since their acquaintance of six or seven years. Their hopes and plans for the future are now blasted. Death has called him and he must go, while she must bear the sorrows of life alone. Our deepest sympathies are with her.

Army Orders. The telegraphic instructions from these headquarters of the 11th instant directing Colonel A. McD. McCook, Sixth infantry, to proceed from Fort Douglas to Ogden, Utah, and return on public business are hereby confirmed.

General Orders No. 15, dated Headquarters Department of the Platte, April 14, 1876, with amendment, is republished for the information and guidance of all concerned: By order of Brigadier General Howard:

In future, applications for inspection of public property, except in special or extraordinary cases, will be made only twice yearly, and these inspections will be made by the assistant inspector general in the months of March and September, or as soon thereafter as practicable. All applications must be made through the post commander.

In cases of field or other movements, when necessary or proper for the public interest, damaged and unserviceable property will be transferred as such to the post commander, or to the post staff officer of the department to which the property pertains, who will hold it for the regular inspection above prescribed.

Commanding officers of posts will be held responsible that before public property is presented for inspection it will be carefully examined by the officer responsible for the same, and the good separated from the damaged.

Those ordnance stores, which should be replaced without delay, and considered

able quantities of quartermaster's or subsistence stores, will be considered as cases for special action, and for the inspection of these upon proper application, orders will be given by the department commander.

The Thomas Concert. The Thomas orchestra which appears at Boyd's Opera House to-night will arrive on a special train at 12:30 p. m. to-day from Lincoln. The rehearsal will be held at 3 p. m., having been postponed from the time originally fixed upon.

CITY COUNCIL. The City Council held an adjourned meeting last evening, with President Baker in the chair.

Mr. Hascall moved, which was carried that the Board of Public Works be instructed to have in readiness at the next meeting of the Council a contract with McHugh & McGarock for the sewer on 16th St., from its starting point to the U. P. grounds.

The paving question, which was the special object of the meeting, was called up.

The Committee on Public Property and Improvements, through Mr. Kaufmann asked until the next meeting to report, which was granted.

HEREDITARY SCROFULA.

ARE you aware that in your blood the taint of scrofula has a prominent place? This is true of every one. It is liable at any time, on the slightest provocation, to develop itself in some insidious disease.

Consumption and many other diseases are outgrowths of this impurity of the blood. Hood's Sarsaparilla has a wonderful power over all scrofulous troubles, as the remarkable testimonials we have received unmistakably prove.

Messrs. C. I. Hood & Co., Gentlemen: My youngest son has always been troubled with scrofulous humor; sores in his head discharging from his ears, a swelling sore on the back of his ear for two years; his eyelids would feater and ulcerate discharging so that I was obliged to wash them open every morning, his eyelashes nearly all coming out; he was exceedingly dainty, most of the time eating but very slight meals a day. We were unable to find anything that had the least effect upon him until last spring, 1876, we gave him two bottles of Hood's Sarsaparilla. His appetite improved at once. The back of his ear healed up without scab, and not a sore in his head since. Sincerely yours,

Mrs. N. C. SANBORN, No. 108 Merrimack St., Lowell, Mass.

"We do not as a rule allow ourselves to use our editorial columns to speak of any remedy we advertise, but we feel warranted in saying a word for Hood's Sarsaparilla. Sarsaparilla has been known as a remedial agent for centuries and is recognized by all schools of practice as a valuable blood purifier. It is put up in forms of almost infinite variety. But Messrs. Hood & Co., Lowell, Mass., who are thoroughly reliable pharmacists, have hit upon a remedy of unusual value. Certainly they have vouchers of cures which we know to be most extraordinary."—Editors Lowell Weekly Journal.
