The Western Union Boasts and Brags as Usual, but the Boys Remain as Firm as a Rock.

CHICAGO, July 26.—Superintendent Clowry this morning reported all business of the Western Union company in this city is cleared up to all leading points call on the but Winnepeg, to which the wires are the defect. down. All main wires in the board of trade are manned to-day. He also reports that the day and night forces in the main operating room of the company are now getting full rest. The wires on the Northwestern road were cut again last night, but were speedily repaired. Offi-cials of the Baltimore & Ohio company have been negotiating with the strikers the past two days, but as the latter de-mand recognition of the Brotherhood as a preliminary to a settlement, no conclusion has been reached.

ECKERT'S ASSERTIONS. Acting President Eckert, of New York,

at 11 o'clock this forenoon, sent a telegram which reads as follows: 'The action of the Western Union Telegraph company, as defined in previous communications, will not be changed by any action taken by other companies. The condition of our lines and service is most gratifying, and warrants the belief that within a day or two the general re-strictions upon acceptance of messages may be discontinued.

THE OPERATORS held a secret meeting at Uhlich's hall, at 10 o'clock, with the object, it was whispered, of discussing some information that had come to hand from Pittsburg. A member of the Brotherhood exhibited to his fellow stribers, previous to the meeting, an unofficial letter he received this morning from a friend in St. James Mich., saying that \$1,000 could be easily raised in the writer's division of the Mil-waukee & St. Paul railroad alone, should the Chicago men need assistance,

and that more would be forthcoming from other divisions.

Mr. McCulloch, manager of the B. & O., declined to give any information as to the probable action of the company further than that the Brotherhood would not be recognized as a body. If the men negotiated individually they would probably be well received, but so far as he knew no signs of yielding to the men's demands had been manifested by the directors.

It was stated this morning at the office of the Baltimore & Ohio company that it was the intention of the company to remain firm. At the office of the American Rapid company 166 op-erators were on duty to-day, including the 116 men that went out on the day of the strike: 900 out of town offices were opened and 400 operators in all had returned to the employ of the company. Thirty-eight branch offices in this city were also reopened and a large amount of business reported to have been handled. The Western Union still remain firm, however.

San Francisco, July 26.—The theat-rical performance at the Grand Opera house next Sunday night will be an or-ganized benefit for the striking operators. The play is Boucicault's "Long Strike," with several strikers in the cast. The Knights of Labor subscribed \$1,000 worth of tickets. It is reported this evening that over \$3,000 are sold. The Knights of Labor levied an assessment of one dollar on each member to sustain the operators during the strike. The business handled in this office is equally as large as before the strike, and everything is working smoothly. THE FIRST DESERTION
