DEAR Sin:-I have received from your compan; Dear Sa:—I have received from your company since October 1, 1832, about 100 carloads of granite paving blocks and have laid them between the rails of our street railway tracks in the heart of the city. I have been using paving material in this city for many years, and I take pleasure in saying that in my opinion the granite paving blocks furnished by your company are the most regular in shape and perfect in form, and as far as I have been able to judge, are possessed of as durable feature as any material that has ever been offered or laid in the city.

Yours,
