

THE DAILY BEE. COUNCIL BLUFFS. Saturday Morning, Sept. 22.

SUBSCRIPTION RATES: By Carrier 30 cents per week By Mail \$10.00 per Year OFFICE: 67 Pearl Street, Near Broadway.

MINOR MENTION.

See Joseph Reiter's fall goods. Additional local on seventh page. Cheap Railroad Tickets at Bushnell's. A minstrel show next Monday night. The United States Court opens Wednesday. The Supreme Court finished up yesterday and adjourned.

Louie Lord is booked to appear at Dohany's on the 26th and 27th in "The Linwood Case." A number of Abe Lincoln Post, G. A. R., start for the reunion at Marysville, Mo., on Monday.

The Y. M. C. A. held a song service at its rooms on North Main street at 8 o'clock this evening. A man giving his name as C. Gleason was given a chance yesterday to sleep off his drunk in the calaboose.

Leave to wed was yesterday given to J. D. Alexander and Isabel G. Alexander, both of Grove township. There was not enough of a crowd to warrant the giving of the proposed glove contest in Bloom & Nixon's hall.

Fay Templeton and company appear in a matinee here this afternoon, giving "Folanthe," and this evening in "Mascolto."

The corner of the vacant lot opposite the court house on Fifth avenue, is now being adorned by a new and large bill board.

In the 2:20 trot at Kansas City, Big Soap, who made such a sensation here, won in straight heats, Will Bonham second. Best time, 2:28.

There was an investigation of some of the meat markets made yesterday by officials, there being reports that had beef was on the market.

"There is no Death"—Spiritual Circle, to-morrow (Sunday) afternoon and evening (in rooms Nos. 4 and 5, Shugart & Beno's block), at 2 and 7:30 o'clock.

Alderman Keating has a sample of a new kind of oil burner to be used in the street lamps, in place of the present ones. It is to be tested first, and see how it works.

The Avoca Delta has changed hands. J. C. Adams & Son have gone to Dakota to make that their home, while the new proprietors are Will J. Trotter and Fred Lemoreaux.

Horace Everett's family carriage lost a wheel on Pearl street yesterday, the axle snapping off close to the hub, and without any apparent cause save some latent defect in the axle itself.

Yesterday was a rough one on the children in the Bloomer school building. The injunction issued by Judge Reed prevents the use of soft coal in that building, and the furnace won't burn hard coal.

A dirt wagon was dragged along Broadway at a lively speed yesterday by a runaway team. The wagon came to a stand still and a general tangle with one of Jake Rogers' busses, standing in front of the Pacific. No serious damage done.

A new arrest was made yesterday in connection with the assault made a long time ago on a man named Olson. The new victim was S. Sharty, and he was held in \$250 bail to appear for examination before Justice Schurz on the 11th of October.

Mr. Pierce, a second-hand dealer on Broadway, complains of Mrs. Almy, who runs a like establishment next door, that she has been doing some malicious mischief by smashing his door or something of the sort. Justice Abbott is to adjust the affair on the 29th.

A telegram received yesterday stated that the engine and other machinery for the electric light will be sent to this city immediately, and there is every prospect for the lighting light to be setting this city in a blaze of glory inside of sixty days. Subscribers are coming forward quite readily.

The Young Men's Christian association is to hold its Sunday afternoon meeting at 4 p. m. to-morrow, in Bloom & Nixon's hall, instead of the rooms of the association. Mr. Joplin and other workers from Omaha are expected to be in attendance, and the meeting will be one of special interest. Everybody welcome.

THE BEE, in describing the draft used by the confidence men in fleecing a victim of \$100, said it was drawn in favor of the Ginger Manufacturing company. This was a little typographical mistake. It was the Singer Manufacturing company. The funny part is, that the Globe, in stealing the article, stole error and all.

All the members of Abe Lincoln Post G. A. R. and those intending to go with the post to the reunion at Marysville, Mo., are requested to call at E. J. Abbott's office and sign the muster roll. The party will leave here Monday evening over the Cannon Ball. The post has a meeting this evening to complete arrangements.

A man named Ferguson was arrested by George Edgar for being drunk, and on his own statement that he was Republican Judge Aylesworth, though a Democrat, had still so much faith in the average integrity of those of that political belief that he let him go on his promise to send back the cash for his fine on arriving at his home in Fremont county.

A. T. Butcher, the white man arrested for stealing a necklace from one of the wealthy inmates of Mollie Wallace's house, got free from the charge of larceny but was fined \$10 for frequenting a house of ill fame. His fine, his attorney fee and the money spent on wine and women made quite a hole in his pocket-book. A white man who frequent such a house, ought to suffer for it.

Some more cases have been added to the list of the suits for damages brought against the Chicago & Rock Island railway company, on account of the dynamite explosion two years ago. Among the late additions are: E. P. Stephenson, who claims \$45; W. A. Wood, who claims \$150; and A. Culver, claiming \$100. All these suits are docketed for the coming term of the District Court.

As the result of a neighborhood quar-

rel on the bottoms, Mrs. James Coyle has been arrested for assaulting a man named B. J. Donohoe. The latter was also arrested for assaulting Mrs. Murphy. A number of other warrants and counter-warrants were asked for, but Justice Schurz wisely concluded to dispose of these first, and see what there was to the row, before running up any more costs with other cases.

There is hardly a day without some runaway on the streets here, and almost invariably the reporter has to chronicle, "the team was left standing for a minute or two unhit." It is about time that steps were taken to remind drivers that no horse is safe left standing and unhitched. A few words from the court, winding up with some financial statement of special interest to the careless man before the bar would help memory out wonderfully.

The telephones have not yet been taken out of the city buildings, notwithstanding the council's order to that effect, and probably will not be, and at police headquarters the instrument is much needed, while in view of the uncertainty of the electric fire alarm, telephones are likewise a good thing to have at the engine-houses. The chief fault the council had was because the ten cent additional charge for communication with Omaha, counted up so fast.

One of the nearest circulars ever sent forth from any job rooms has just been produced at THE BEE office here, calling the attention of the public to the fact that the job rooms of the Council Bluffs BEE office are capable of doing, and are doing the very best kind of work, and no better place can be found to get fine commercial printing done and at reasonable rates. With nothing but new material and new machinery, the latest and best is guaranteed.

Harry Birkinbine, the engineer of the water works, was reminded of his birthday anniversary by being made the recipient of an elegant gold watch and chain, the gift of the employees of the company. Mr. Birkinbine has a peculiarly happy faculty of gaining the esteem of those with whom he comes in close business contact, and this handsome expression of it is only a practical proof of the sincerity of the frequent verbal expressions of the water works employees concerning him.

A. N. Carpenter, of Galesburg, Ill., the landscape gardener who made such interesting exhibits both here and in Omaha, at the fairs, is at the Ogden, and will probably remain here and in this vicinity for several days yet, as there are a number of citizens who are improving the opportunity afforded by his visit here, to get him to prepare plans for beautifying their own grounds. He has already prepared plans for J. W. Squire, County Treasurer Bennett, and A. W. Street, and there are several others here who are also interviewing him concerning contemplated improvements. He has also some parties in Lincoln and Omaha who are desirous of seeing him, so that it looks as if he was being pretty earnestly sought after, and those who are contemplating any such improvements and desire plans and suggestions, should lose no time in calling upon him at the Ogden. Mr. Carpenter has added to natural gifts the results of years of study and experience in this line, and the peculiar merit of his plans is the wonderful combination of the practical with the beautiful. His visit to Council Bluffs is already resulting in a waking up on this subject, and it is to be hoped that many marked improvements will ensue in this line.

A. Booth's select oysters received daily at W. T. Braun's.

PLUNDER OR BLUNDER.

The Supervisors Advised to Measure as Well as Pay for Printing.

Some of the Bills Have a Very Queer Look.

A year or more ago THE BEE showed up some strong and rather startling facts as to the way the city's money was being thrown away in the publishing of "official" proceedings of the city council. The council wisely concluded to stop this waste, and to pay for publishing only what the law considered necessary to publish. It now appears that the county printing bills had a little investigation also. The county board of supervisors has its proceedings officially published in three papers, at least, The Non-Parrel, The Globe and The Avoca Delta. To be sure nobody reads the proceedings, for they seldom appear until days and even weeks after the board has adjourned, and are then put in in fractions, running like a serial, only without a serial's regularity. Nearly everybody has found out before the official proceedings appear what the board has done about any matter in which they are individually interested, and hence nobody pays any special attention to them. At the same time it costs the county several hundred dollars a year.

The bills for publishing the June proceedings were allowed at the last meeting of the Board. By some strange coincidence the bills came in for exactly \$45 each. It is now claimed by a practical man who measured the matter as it appeared in the files of The Nonparrel and Globe that there were but 92 squares where the bills call for 135, making a difference in favor of the county of about \$15 on each paper or about \$45 on the three papers.

If this is so there must be some grave mistake about the matter. The Nonparrel would not overcharge the county on public printing, neither would The Globe. The fact that all three agree to the cent on the amount of their bills ought to be proof that they had it measured by the county surveyor, or some other expert, for without any consultation or comparing measurements they had gone on, each blundering away at his own string, would have been a slight difference. There are three against one, and the man who measures up only 92 squares must be in error, or charging any thing but cost price for it, is another indication that they would not charge the county any fancy prices.

Now that The Herald has dared to insinuate such a thing, the supervisors should get some expert and measure up the matter as it appears, and if it fall short in June then follow it back for a few meetings. The Nonparrel once before had one of its bills called into dispute by the county board, and its high dignity was so offended then that it has followed the unlucky protester from that day to this. It will take a brave heart to dare to investigate the matter, but perhaps Mr. Clayton, who is never backward in such matters, or Mr. Phillips, whose honesty is also to be relied upon, might look into the matter, and their decision will certainly settle all public doubt. The Nonparrel and Globe would doubtless have no objections to the findings of these two gentlemen.

Public printing bills like other bills should be closely inspected. Those which are honest will stand it—those which are not, need it.

Dr. West, dentist, 14 Pearl street.

LOST JEWELS.

Two Ogden House Girls Have Their Trunks Broke Open and Rifled.

Yesterday two of the girls employed in the dining room of the Ogden house discovered their trunks, which stood in the hallway near their rooms, had been broken open and their jewelry taken therefrom. Mary Rampeger, one of the girls, lost a gold watch and chain and other jewelry, together with \$15 in money, and estimates her loss at \$100.

Nellie Stille, the other girl, had her jewelry taken also, and estimates her loss at \$60. Suspicion fell upon a young man named Davy Dame, who had formerly been a dining room boy, and who has since the change in the dining room help been employed in some other position about the house. He was arrested, but none of the property found upon him.

The police are working up the case. It is probable that Albert Kirk, another young fellow who had formerly been in the employ of the house, was concerned in the matter, and was trying to get out of town. Kirk too, was arrested, but as yet there is not very strong evidence obtained against him.
