Who says Council Bluffs can't have paved streets? Already seven wagon loads of brick fragments have been dumped in the mud pools on Broadway.

William Steinkopf is building a large brick building on the corner of Main street and Washington avenue. When completed it is to be occupied by him as a grocery store.

A new sidewalk is under process of construction on Myruster street, between 5th and 6th and is the private enterprise of one of the citizens of that vicinity.

All members of the board of trade should attend the adjourned meeting this evening as business of importance to all who are interested in the prosperity of the city will be discussed.

H. F. Hattenhauer is removing the building occupied by him as a carriage factory, on the corner of Seventh and Broadway, to his new location on Fourth Street.

The old and only original Bavarian Band returned to Council Bluffs Saturday evening. They have been spending the summer at Las Vegas, New Mexico, playing at the Hot Springs.

C. E. Bowen and M. Mason, who were left under the care of J. Schantz by the sheriff of Carroll county, on a charge of swindling, went to leave this city and have applied for a writ of habeas corpus.

The gross earnings of the Chicago, Milwaukee & St. Paul railway company for the first week in the present month amounted to \$539,000, an increase of \$30,000 over the corresponding week of last year.

Dr. Deetkin, realizing the necessity of a drug store on lower Broadway, has purchased a lot between Seventh and Eighth streets and will soon erect a large brick building thereon, to be used for such a purpose.

Max Mohr will soon commence the erection of a three story building on lower Main street, adjoining the Creston house. The new building will be 25 by 100 feet, with a frontage of cut stone, in conformity with his present building.

The Board of Supervisors will convene this morning for the purpose of canvassing the returns of the recent election. The official returns will not materially change the result as heretofore published in this Bee.

Postmaster Armour announces that hereafter the postoffice will be open on Sundays from 11 o'clock till 11, Chicago time. Reduced to local time this means from half past ten o'clock until half past twelve.

The new grain elevator of Brace & Burton, at Persia, is one of the largest and most complete of any on the Milwaukee road. It is almost completed, and the firm is already taking in large quantities of grain.

Geo. H. Champ, Jr., member of the real estate firm of Kimball & Champ, will, on Wednesday afternoon, October 17th, be married to Miss Alla D. Cochran, a charming and accomplished belle of LaPorte, Indiana. After an extended tour through the east they will return to this city November 1st.

The Grand Lodge of I. O. O. F., of Nebraska, will convene in Omaha next Wednesday. Thursday the annual parade takes place and in the evening there will be a grand banquet and ball at the Masonic Temple. The Grand Lodge of Iowa convenes at Ottumwa at the same time. E. B. Gardner will go from here as one of the representatives.

Mayor Bowman, who spent so much time and money on the fall meeting of our agricultural and driving park association, says he wishes he had gone down to Chicago and backed Big Soap Friday, as he intended to. He might have made himself even again. Big Soap was a popular horse here at the September meeting, and he won first money in the \$23 race in Chicago.

Last Friday Dr. Bellinger, assisted by Drs. Deetkin and Emmons, successfully performed, for the first time in Council Bluffs, the delicate surgical operation known as lithotomy, which consists of cutting a stone from the bladder. In this instance the stone was composed of oxalate of lime, and weighed 180 grains. Mrs. F. Phillips, the patient, is feeling much relieved, and bids fair to recover rapidly.

Superintendent W. J. Hancock, of the American and Wells Fargo express companies, will to-day send to the eight hundred offices in his division complete parts of list of American express offices, also the new tariff circular, schedule of Nebraska and agents' guide. Superintendent Hancock, aided by F. L. Clark, assistant superintendent, are doing much towards perfecting and popularizing the American and Wells Fargo express companies' business in Iowa and Nebraska.

Pottawattomie county is well supplied with educational facilities, which are appreciated by the public, as the following report, furnished a BEB reporter by County Superintendent Cooper will show: There are 286 public schools in the county, of which 65 are graded. The total value of the school property is \$274,390; there are 15,074 pupils in attendance between the ages of 5 and 21 years. The total number of male pupils is 7,891; the number of females is 7,183. Of the total

number of school houses 209 are wooden framed buildings. The total number of teachers employed is 285; the average wages per month is \$36.54.

The Globe publishes an item from which any one unacquainted with the situation would infer that the paper believed that as high as \$20 each had been paid by the Republicans for votes in the Second ward. If the managing editor had never been in politics he might possibly be glibly enough to swallow such a story, but he knows the value and price of votes in Council Bluffs too well to take any stock in such a tale even if it was told in his own paper.

H. B. Stone, assistant general manager; W. J. Davenport, general freight agent; W. T. Merrill, superintendent at Burlington; J. H. Duggan, superintendent at Creston, and C. W. Eckerman, superintendent of motive power, of the Chicago, Burlington & Quincy railroad, were here last week examining the company's property. Owing to the lateness of the season it was determined not to commence this fall the construction of the new passenger and freight depot on lower Main street. The present freight depot will be enlarged and remodelled as soon as convenient for the present the increase of business.

"What a provoking thing to have a valve that won't stay shut!" was the exclamation of a young lady of the city, as she boarded the Rock Island train going east last Saturday evening. So it was, as was experienced by several gentlemen who were seated near where the accident happened, and who kindly volunteered to assist the lady to gather the unruly feminine articles from under their seats and divers places in the car, and handed them to her ladyship for replacement.

"Yum, yum, but I spect you've got um all, 'cept the—the—musk," replied one of the assistants seated near. The lady passed on and took a seat in the rear of the last car, while the sympathizing gentlemen were left to enjoy the fragrance of extract of rose, and dream of hair-pins, powder, buttons, brushes, etc.

Dr. West, dentist, 14 Pearl street. Snatched by the Stars. James Johnson, a dandy, was complained of and arrested for assaulting and battering Avery in a saloon, Friday night. He was fined for it.

John Smeidley, who is now in the calaboose, is waiting for trial on the charge of beating a board bill at the Ohio House, and obtaining money under false pretences. He assumed the role of a tolerably well-to-do but verdant granger. He represented to Mr. Allison, host of the Ohio House, that he had \$500 in the bank, and that he was in the city to dispose of a car load of potatoes, which were at the depot. He ran up quite a little bill for cigars, with which he was very liberal. Thursday evening he borrowed enough cash of Mr. Allison to buy a pair of overalls. Friday afternoon he came in with an order for \$50 on John Beno, signed by Wm. Manning. He said that Beno would pay it on presentation, but that he could not find him, and he wanted to use the money immediately. Allison refused to advance the cash, and demanded the return of the amount he had loaned him. The fellow went out, and as he did not return, a warrant was taken out, and he was arrested. He will have a trial to-day, and, if found guilty, will be made an example of.

A man named Liggett, who resides in the country, was found in a state of intoxication and put in the cooler. He had a team and wagon and some flour. The team was put in a barn, and after the fellow had sobered off he was allowed to pay \$7.00 and take the flour home.

George Peters was arrested for an assault with intent to do great bodily harm on one G. J. Franks on election night. An effort was also made to mix John Reynolds up in the quarrel. It seems that Franks and a companion roundly abused Peters in White's saloon for some act of a brother of Peters'. Peters announced his intention of thrashing the two, when Mr. Reynolds, under who Peters is employed by the Waterworks company, told him not to touch the men and interfere with his going home. Peters dared Franks to a fight, which challenge Franks accepted. The result was a fight in which Franks was worsted. The trial was set before Justice Schurz, for Saturday evening, but the complainant concluded to drop the whole matter, and the man was discharged.

Saturday, a man too drunk to tell his name, was not run in by the police, but was led to the central station on a drag. The morning he will be permitted to tell what it was that so affected him.

Officer Clough ran in a drunk Saturday morning, but he was released yesterday morning, as he wanted to go to Nebraska, and was sober enough to get to the transfer.

A full and complete stock of the latest styles of overcoating, worsted, cashmere and dress goods just received at Smith & Toller. Call and examine their stock.

Coming Before the Common Council No quorum of aldermen putting in an appearance, there was no meeting of the common council Saturday evening. But this evening important business will come before that body. The ordinance providing for paving streets having now become a law, the council will be called upon to decide what streets are to be improved this fall, and will order the advertisements for bids.

Another matter that will come up, is the petition to give the Union Pacific another street, namely Durant, on which to run a track from the transfer to Main street. To this proposition there is a vigorous kick on the part of property owners on the street in question, as they claim that their property will be very materially damaged if the petition be granted. There is also quite a feeling of opposition developed among the citizens in general who declare against the denoting of any more valuable property to the U. P. Main street are desirous of securing the facilities that the road promises to afford, if the right of way can be secured. The matter should be thoroughly investigated before any action is taken. Another matter that the Council threatens to dispose of is the old Monroe building which was purchased from its foundations into the middle of the street by the flood of the first of June last. Mrs. Monroe claims to be financially unable to replace the building on the lot. The house is now an obstruction to the highway, and as such should be removed, and as such will be removed by the city. There is no disposition to oppress or injure a poor widow, so the house will be removed as

carefully as possible, and as it must be set somewhere, it is proposed to set it back on its foundation, as it can be put there with a little expense and trouble as anywhere.
