Plain Facts Plainly Spoken.

At one time a discussion of the secret vice was entirely avoided by the profession, and medical works of but a few years ago would hardly mention it.

To-day the physician is of a different epinion; he is aware that it is his duty—disagreeable though it may be—to handle this matter without gloves and speak plainly about it; and intelligent parents and guardians will thank him for doing so.

The results attending this destructive vice were formerly not understood, or not properly estimated; and no importance being attached to a subject which by its nature does not invite close investigation, it was willingly ignored.

The habit is generally contracted by the young while attending school; older companions through their example, may be responsible for it, or it may be acquired through accident. The excitement once experienced, the practice will be repeated again and again, until at last the habit becomes firm and completely ensiaves the victim. Mental and nervous af flictions are usually the primary results of self-abuse. Among the injurious effects may be mentioned lassitude, dejection or irrascibility of temper and general debility. The boy seeks seekuison, and rarely joins in the sports of his companions. If he be a young man he will be little found in company with the other sex, and is troubled with exceeding and annoying bashfulness in their presence. Lascivious dreams, emissions and eruptions on the face, etc., are also prominent symptoms.

If the practice is convulsions, are experienced, and the sufferer may fall into a complete state of idiocy before, finally, death relieves him.

To all those engaged in this dangerous, practice, I would say, first of all, stop it at once; make every possible effort to do so; but if you fall, if your nervous system is already too much shattered, and consequently, your will-power broken, take some nerve tonic to all you in your effort. Having freed yourself from the habit, I would further counsel, you well from the habit, I would further counsel nent at the present day.

### Young Men

Who may be suffering from the effects of youthful follies or indiscretions will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Waosyas will guarantee to forfeit \$600 for every case of seminal weakness or private disease of any kind and character which he undertakes to and fails to cure.

### Middle Aged Men.

There are many at the age of 30 to 80 who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of thin milkish hue, again changing to a dark and torpid appearance. There are many meny men who die of this difficulty, ignorant of the cause, which is the second stage of seminal-weakness. Dr. W. will guarantee a perfect cure in all cases and a healthy restoration of the genito-urinary organs. cans.

The afflicted rom chronic and sexual diseases of every kind will not him their best friend. Read his advertisementia all our city papers, and call on him for advice, as we know you will corroborate us in saying he is the sufferer's true friend.—Rocky Mounrain News.;

Relief to the Afflicted.

In medicines, as in science, the specialists are the ones who always comes to the front and accomplish great results. This remark is especially applicable to Dr. H. Wagner, of this city. He stands at the top of his profession, and the cures be performs for the unfortunate would seem wonderful if not properly viewe in the light of scientific acquirements. He is endorsed by the most eminent of the medical faculty. His office at \$43 Laramir street, where he will specifily effect a cure for the suffering of either sex, no matter how complicated their complaint.—Pomercy, Democrat.

Chronic Complaints Require Time for a Cure.

Persons at a distance who wish to be treated by Dr.

Wagner need not feel backward because of inability
to visit him. If they will w to the doctor be will
send a list of questions w nables him to send
to thousands he has
never seen. He has p in every city, town and
station in Colorado well as all over the United
States. See his ad his adverthement.—Den-

Shall We Reform?

Specific remedies for all diseases is the theory practice at present of educated and experience physicians, and in all large communities they have their specialities, to excel in which they direct their studies and practice. Dr. Wagner is a successful illustration of this modern achool of specialities, and his imprecedented success in the treatment of private diseases is as wonderful as it is flattering.—Prof. J. Simms.

diseases is as wonderful as it is flattering.—Prof. J. Simms.

Those persons who need medical relief for the most delicate of diseases will find an accomplished and successful physician in the person of Dr. Wagner, No. 343 Larimer street, who is highly recommended by the medical profession at home and aboard.—Pomeroy's Democrat. Bigotry and ignorance must give way to wisdom, and the wise physician believes in letting his light shifts for the glory of his follow men. Printer's ink is the toroth he can best use to guide the weary and sick one to the fountain of health. If this article should be instrumental as a "TORCHLIGHT" set upon a hill to guide suffering humanity to 343 Larimer street, Denver, Colorado, it will answer the purpose for which it was written. Address DR. HENRY WAGNER, P. O. box 23:29, or call at 343 Larimer Street, Denver, Colo.
