THE STREET CAR TRACK.

What the Ordinance Says About Who Shall Pay for the Cost of Grading.

The Bee has several times called attention to the question of who should pay for the raising of the street car tracks. A year ago City Attorney Mayne and the attorney for the street railway company, George F. Wright, were to agree on a statement of facts to be presented to the court, and to have a decision given, but it has, for some unaccountable reason, been allowed to slumber, and nothing has been done. In the meantime dirt has been hauled in for raising the street car tracks, and the same has been charged up to the adjacent property. Of late dirt has been taken from the fills already made, and been used to fill up the tracks, leaving great holes to be filled again.

Lawyers always find a good many loopholes and technical measures in the law, but the readers of THE BEE can doubtless understand the intent of the following section of the ordinance, as it is quite plain English. The section quoted is from the ordinance permitting the use of certain streets by the Council Bluffs Street Railway company.

SEC. 4. That said corporation, at its own cost, but under the direction of the city authorities, shall grade and lay its tracks, side tracks, turn-outs and switches so as to conform as nearly as practicable to the grades of the streets, as the same now are, or as they shall hereafter be established, and shall, when specially required by the city authorities, make and keep in repair safe and convenient crossings over side ditches at the intersection of streets and alleys.

A Case Not Beyond Help. Dr. M. H. Hinsdale, Kenosha, Ill., advises us of a remarkable cure of consumption. He says: "A neighbor's wife was attacked with violent lung disease, and pronounced beyond help by Quack Consumption. As a last resort the family was persuaded to try Dr. W. M. HALL'S BALSAM FOR THE LUNGS. To the astonishment of all, by the time she had used one half dozen bottles she was about the house doing her own work. I saw her at her worst and had no idea she could recover."

Home at Last. Cut rates at all points at McAllister's ticket office, 505 Broadway, Council Bluffs.

Catarrh.

At this season of the year everybody has a cold and some very bad ones. By frequent exposure the membranes of the nose become very sensitive, and catarrh and influenza are epidemic. Relief may be obtained by the use of Hood's Sarsaparilla. For many years in succession, beginning so far back I don't remember when, I had the catarrh in my head. It consisted of a continual flow from my nose. Ringing and Bursting Noises in my head. Sometimes the hearing in my left ear was affected. Five years ago, about this season of the year, I began to use Hood's Sarsaparilla. I was helped right away, but I continued to use it until I felt my myself cured.—Mrs. Eliza H. Caulfield, Lowell, Mass.
