For the first time since her admission into the union, Nebraska will be represented in congress by a delegation of which a majority hold seats in the house.

And Omaha, the new Chicago, also started upon her great career from the day on which Abraham Lincoln issued the proclamation locating the Pacific railroad terminus.

Her factories and workshops alone employ more than 5,000 hands, and millions of capital are invested in her industrial establishments.

Those who were present at the breaking of the ground for the Union Pacific twenty years ago can hardly realize what a change has been wrought.
