The conservative element in the house will not, in my opinion, permit vigorous action to be taken. England is covenants, and they were commanded to observe and do these things. The elders went forth and taught the things contained in these books, and in fourteen years the church grew in numbers to over 200 .-000 souls, at which time Joseph Smith

Brigham Young did not possess one of these qualifications. He set aside the book and taught that they were not worth the ashes of a rye straw; that they had grown out of them, and that the books were only a dead letter, as they had the living oracles through him, and that all the people had to do was to follow their file leaders and do what they were told and he would lead them into the celestial kingdom. It is from here we trace these abominable doctrines, namely:

It was a case of love at first sight and the girl becarge engaged to him. They have done more towards solving ther attentions. Hellen, to bring matters to a climax, arranged for a private marriage today. This morning when he called to claim his bride Hammond was there to claim her also. The young lady and Hellen started out and Hammond dogged their footsteps, declaring they should not marry. Finally they called a carriage, jumped in drove to the court clerk's office, got a license, went to the parsonage of the Rev. Henry E. Johnson, were married, and were about to drive away when another carriage came up and they discovered Hammond, apparently in a great rage. Hammond was arrested, fined, and released. The happy couple drove to the Eutaw hotel where they are to-night. Hammond has challenged Hellen to fight a duel.

Lost Faith in Physicians.

Why is it that so many persons use proprietary medicines, or patent medicines, as they are commonly called? Is it because people lose faith in their physicians? Well, this is no doubt, frequently the case. There are in numerable instances, where cures have been effected by Scovill's Sarsafarilla or Blood & Liver Syrup for all diseases of the blood, when they had been given over by their physicians. It is one of the best remedies ever offered to the public, and as it is prepared with the greatest care, as a specific for certain diseases, it is no wonder that it should be more effectual than hastily written and carelessly prepared prescriptions made by incompetent physicians. Take Scovill's Blood and Liver Syrup for all disorders arising from impure blood. It is endorsed by leading professional men as well as by eminent physicians and others.
