THE LATEST NEWS.

A Big Strike in Prospect.

MOSS HANSON, Penn., December 26.—There are lively prospects of an extension of the trouble in the bituminous coal districts of Westmoreland, Blair, Huntingdon, Bedford Center, and Clearfield counties. The producers are exceptionally reticent as to plans, but it is pretty generally known a reduction of wages in all departments of labor will be exacted after December 31. The miners are said to be well organized, and it is estimated fifteen to twenty thousand men have expressed a willingness to co-operate and assist. A general strike is laid down for the 1st of January. The rupture between bosses here, and the Pittsburg company and their malcontent miners is not entirely adjusted, notwithstanding reports to the contrary, and an undefined feeling of insecurity prevails in the striking districts.

A Colored Convention.

COLUMBUS, O., December 26.—The state convention of colored citizens convened to-day. There was a large attendance from all parts of the state. W. S. Thomson of Delaware, was made temporary chairman. He stated the object of the convention was that the rights of colored people were more and more restricted and Danville outrages show such a condition of affairs as to lead to organization for the protection of all rights belonging to citizens. The decision of the supreme court on the civil rights law was generally discussed. The forenoon was occupied in appointing committees on credentials and permanent organization. There was some contest over the making-up of the committee on resolutions.

A Narrow Escape.

A narrow escape from a serious fire occurred in Kuhn's drug store late Christmas eve. A clerk while moving a step ladder accidentally knocked a lamp out of the chandelier, which, falling to the floor, exploded, spreading a blazing mass of fire. It was immediately extinguished with clothing, though at first it apparently threatened the entire store.

An Old Editor Dead.

DUBUQUE, Ia., December 26.—Intelligence has been received here of the sudden death yesterday, at Butler, Mo., of Jesse Clement, of Chicago, and formerly of Dubuque. He was one of the original founders and the first editor of 'The Dubuque Daily Times' in 1857, and was extensively known throughout Iowa. He has always been engaged in literary pursuits.

The Blockade in New York.

NEW YORK, December 26.—The storm has delayed all trains. Mails from the east were three hours late, while western mails had not been heard from up to 11. Those from the south are two and a half hours late. Pittsburg mails were reported four hours behind. Travel in the city is subject to less interruption, many streets having been partially cleared of snow.

DYSPEPSIA

Does not get well of itself; it requires careful, persistent attention and a remedy that will assist nature to throw off the causes and tone up the digestive organs till they perform their duties willingly. Mrs. Roseworth, of Amherst, N. H., after trying many "cures" without benefit, found that

Hood's Sarsaparilla

bit the nail on the head and restored her to health. Among the agonies experienced by the dyspeptic, are distress before or after eating, loss of appetite, irregularity of the bowels, wind or gas and pain in the stomach, heartburn, sour stomach, &c., causing mental depression, nervous irritability and sleeplessness. If you are discouraged because of good cheer and try Hood's Sarsaparilla. It has cured hundreds, it will cure you if you give it a fair chance. Preparing by C. I. HOOD & Co., Lowell, Mass. Price \$2.00, six for \$10.00.
