A man giving his name as William Overton, and hailing from Omaha, was arrested for stealing some underclothes from the satchel of a tinted lady stopping at the Broadway hotel. He says he has been in the employ of the gas company in Omaha, and was recently discharged and had no money. He stands a good show, therefore, to get the full extent of the law.

The first man to occupy a cell in the new city jail gave his name as Thomas Evans and was arrested by officer Hayes, for being drunk, Hayes thereby winning the chromo offered the officer bringing in the first victim. Evans yesterday pleaded guilty and was fined \$7.60. Evans says he is a baker from Fremont. Neb., who being out of a job, reached this city with only \$2.50. scheme. It would be a fine scheme, indeed, if the legislature could be induced to give aldermen the privilege of fixing their own salaries. Some aldermen, if allowed to estimate their own value, would rate themselves salaries large enough to bankrupt the city.

A man named Weir died quite suddenly at the Emigrant house about six o'clock yesterday morning, and his remains were placed in charge of Undertaker Connell. This gave rise to a rumor that the man had been killed, or as some had it, frozen to death, Mr. Connell now being the coroner as well as undertaker. The facts coroner as well as undertaker. The facts as ascertained by The Ber are that Weir has been ill at Onawa for some time, with kidney troubles, and his brother-intaw, Mr. Marion Rutherford, of Beatrice, Meh., went to Onawa after him, to take him to Beatrice, where Weir's wife and family also live. On reaching here Thursday night Weir was very feeble indeed, and it was impossible to proceed on the journey, and at 6 o'clock in the

morning he breathed his last. The remains were taken to Omaha last evening and will be taken to Beatrice to-day.

HIS FIRST CHARGE.

Mayor Bowman, Pat Lacy and J. W. Judge Loofbourow Makes His Debut as District Judge and Talks to the Grand Jury.

At Harlan last Monday Judge Loofbourow, who has just been changed from Full printed directions for use. the circuit court to the district, opened next in Council Bluffs, so that the races his first term of court. The court house was well filled with attorneys and spectators and there was some natural curiosity to see how the judge would start in. bourow gave some very practical suggestions, and the following portion of his

charge, as it appears in The Tribune, will be read with interest by all:

It is your special duty to inquire first, into the case of every person imprisoned in the jail of the county on a criminal charge and not indicted. A number of cases of this kind are pending, and the papers in each case will be submitted to you. It is also your duty to inquire into the condition and management of the pub-lic prisons within the county. The law makes it the duty of jailors and other officers, having the custody of prisoners and the care of jails, to treat such prizoners with a proper degree of kindness and humanity, and it is their duty to look to the sanitary condition of the jails, and to pay a proper regard to the health and comfort of prisoners; and you should in quire into any violations of the law in this regard by these officers, if there should be any. It is your duty, also, to inquire into the willful and corrupt misconduct in office of all county officers, and in this connection, I desire to call your attention to the statute regulating the accounting by public officers for fines and fees collected by them. It is not ne-cessary for me to repeat the provisions of these statutes, for you will not only have access to the statutes themselves,

whatever distinction there may be in being the first inmate of the new jail.

The citizens are rather stirred up about the reported proceedings of the Des Moines convention in regard to the framing of a clause in the proposed bill providing for city councils fixing the compensation of their own members. Some of the aldermen here have been trying all sorts of ways to increase their own pay, a thing unheard of, and actually voted themselves one increase but took it back when The Bee showed up the scheme. It would be a fine scheme, infamilar to you all. You may all have different shades of opinion with regard to the policy of these laws, but I desire to say to you upon this subject, that whatever opinions you may have on this point they should not interfere in any way with your action as jurors. It is the sole duty of courts and juries to entorce the laws as they are made, and leave to others the responsibility of the making; and I give it you in charge to do this honestly and fairly.

BOTHERED ABOUT BONDS.

The County Supervisors Not Quite Decided How to Issue Them.

The county board, now in session, hav ing practically decided to submit to the people at a special election the question here, the factory in Boston being crowd- jail, have struck a snag in framing the resolution about the issuance of German Sabbath School on Sunday, at bonds. There seems to be some doubt run twenty years, under the statutes. without some special legislation, some deeming that the bonds must be paid in ten years. The board spent considerable time yesterday in considering the matter, t being the evident determination of the members to have the resolution so drawn, and the steps taken so surely that there could be no legal flaw

> In considering the question of a new jail, the report of the last grand jury was received and placed on file. The following is the more important part of the re-port of the jury, after examining the jail

in person:

First—In a sanitary point of view, we find it damp, crowded, and without the proper ventilation, in fact no ventilation

ture is such that it cannot resist a wellorganized effort on the part of the prisoners to escape, and we find that it is owing to the continual watchfulness of the officers that the prisoners are detained.

Third-We recommend that the board of supervisors do use every means in their power to cause the erection of a suitable jail for the use of said county.

The board yesterday divided up the

of this city, the series being the same as that which was given here with so much natisfaction:

The lesture of Rev. J. G. Lemen, of Council Bluffs, on Friday evening, the 4th inst., at the Baptist church, was noteworthy for clearness of statement and effectiveness of logic. His subject was "The absurdities of science," which he handled as a master, and in the estimation of a very attentive and intelligent audience he succeeded in demonstrating his position most satisfactorily. While courteous toward his opponents he was most incisive and severe in showing up the fallacies which entered into their reasoning processes. Should he come this way again, it will not be difficult to get him a hearing.
