**FINANCE AND COMMERCE.**

**FINANCIAL**

N. Y. January 12.

Money—Easy at 11@12 per cent; closing offered at 2 per cent.

Prime Paper—5@6 per cent.

Exchange Bills—Steady at 4@5; demand, 4.8.

Governments—Firm.

Railway Mortgages—Firm. Transactions in West Shore #5 reached the enormous total of 5,093,000 to-day, which makes a grand aggregate of 15,753,000 for the week.

Stocks—The stock market opened strong on the announcement that the trouble over Utah business had been settled by the formation of a new pool. Prices advanced 1 to 11 per cent. Shortly after 1:30 p. m. failures in the grain trade had a depressing effect. The decline, however, brought in buying orders, and the market became again firm. After 2:15 Union Pacific was purchased freely up to 77½, which affected the general list favorably, and buying became quite spirited towards the close, and a confident tone characterized the dealings.

The improvement was based on official confirmation of the reported formation of a pool by the Union Pacific, Chicago, Burlington & Quincy, and Denver & Rio Grande roads, and by the announcement that the Chicago, Burlington & Quincy directors, at a meeting to-day, had appointed a committee to meet a committee representing the roads forming the new western alliance, with a view to affecting a settlement. In the first sales the market fell 1 to 2 per cent. Speculation closed firm.

As compared with last night, closing prices are 1 to 2 per cent lower, except for Denver, Missouri Pacific, Union Pacific, and Western Union, which are 1 to 2 per cent higher.
