

THE DAILY BEE.

OMAHA.

Thursday Morning, Feb. 7.

LOCAL BREVITIES.

The overland train from the west yesterday afternoon was two hours late. The stock of wines, liquors and cigars, formerly owned by Julius Treitschke, were sold at sheriff's sale yesterday. City Marshal Guthrie has issued an order prohibiting idling and loafing in the city jail. What will become of "Chicken Jim"? The funeral of Daniel Hurley was largely attended Tuesday morning. The A. O. H. band escorted the procession to the cemetery. The many friends of Mrs. Hannah Large and her son-in-law, Mr. C. E. Gordon, will learn with regret that both of them are dangerously ill with pneumonia. The citizens of North Omaha will hold a meeting on Saturday evening next at 7 o'clock at Sander's grocery store on Cuming street, to discuss the subject of improvements in that locality. Another gambling house was opened on Douglas street, on the second floor of Spigle's building, Saturday evening. This makes four full fledged gambling houses located on Douglas street. The annual supper and reunion of the Baptist church will take place in the church parlors on Thursday night at 6:30. A cordial invitation to all members of the congregation is extended to be present. The dance of the Thurston hose company will be held in Cronin's hall Thursday evening, February 14th, at which time the company will be presented with a beautiful banner by Mrs. J. M. Thurston. The ambulance from Fort Omaha, carrying the children from school to the post, was wrecked near Twentieth and Webster streets last evening and the driver severely hurt, while several of the children were bruised by the overturning of the vehicle. The vigilance committee of Brown county, Nebraska, suspecting Thomas Durand, living near O'Neill, of being a bad horse thief, hanged him six miles from O'Neill Sunday night, but he afterwards managed to cut himself loose and led the county. Mr. P. C. Hinebaugh, who is now in California, writes to a friend that he is very much improved in health. Mrs. Hinebaugh has visited him for several months, and they expect to visit various places of interest and pleasure in that delightful winter climate. The contract for the construction of the B. & M. new line from Aurora to Grand Island has been let to Malory & Cushing, who will be in charge of the work. The contract will be in force for two years and will include the entire track by the 1st of May. The distance is twenty-three miles and there is not much heavy work. A young fellow by the name of Miquos, who has been hanging around the gambling houses for some time past, was arrested Tuesday night for vagrancy. This morning the judge sentenced him to fifteen days work on the streets. That will almost break his heart, for it is decidedly against his principles to work. A good many of our citizens and business men appreciate the introduction of incandescent light, and are having burners placed in their places of business. The First National bank has had twenty lights placed in their bank building; the Nebraska National have twenty; the National and Duncan have twenty in their saloons; and a number of business houses have a smaller number. There is no doubt but that the incandescent light is the finest light in use for offices and small rooms. Johnny Brunner, son of the superintendent of public instruction, met with an accident Tuesday which cost him one of his fingers. While engaged in moving a printing press in Van Buren's office his finger was caught beneath the machine in such a manner as to crush it off. It is a painful wound but the youthful sufferer is getting along nicely. Members and friends of the Young Men's Christian Association enjoyed a pleasant evening at the association hall last night. A number of members of the Council Bluffs association, headed by Secretary Curtis, were present. Music, refreshments and other pastimes completed an enjoyable program.

PERSONAL.

Mr. Ezra Millard left for Chicago last evening. Miss Helen Gordon, of St. Paul, is the guest of Mrs. Richardson. Charles Saunders, Esq., left last evening on his return to Helena, Mont. Miss Carrie Bishop, who has been visiting friends for a few weeks, returned to Denver last evening. W. B. Bennett, an old OMAHA boy, who has lately engaged in the theatrical business, is in the city visiting old friends. Miss Mary Newcomb, of Quincy, Ill., who has been visiting Miss Dolle McCormick, left yesterday to return to her home. Mr. Goodwin, representing Clara Morris, the great emotional actress, was in the city, Miss Morris will pass through this city to-day on a route for Denver. After playing an engagement in that city, she will return to Omaha, where she will play an engagement of two nights, Tuesday and Wednesday, February 21st and 22d. She is without doubt the greatest emotional actress in the world to-day. W. A. Wells, David City, is at the Millard. J. W. Porterfield, Fremont, and R. A. Wellman, Hampton, are guests of the Millard. J. C. Kohl, Schuyler, and J. Wood Smith, Loup City, are at the Millard. A. E. Cody, Schuyler, and B. R. Cowdery, Columbus, are registered at the Millard. M. A. Millin, New Haven, Conn., is quartered at the Millard. G. W. Gos, of Blair, is at the Paxton. C. W. Averill, of Lincoln, is a guest at the Paxton. J. I. Dart, of Beatrice, is stopping at the Paxton. H. C. Bigelow and wife, of Hebron, and N. Adams, of Central City, are at the Paxton. John R. Harris, of Red Cloud; B. T. Brown, of Bellevue, and F. C. Harrison, are registered at the Paxton. C. E. Higginbotham and wife, of Sutton; Fred W. Vaughan, of Fremont, and Juan N. Boyle and T. M. Merrick, of Kearney, are stopping at the Paxton. J. M. Malone and lady, of Lincoln, are guests of the Metropolitan. H. C. Sharp, of Canton, George W. Howard and S. M. Dolaney, of Lincoln, are registered at the Metropolitan. John Kelley and John Laughlin, of Arcadia, are at the Metropolitan.

DISTRICT COURT.

An Indictment Found Against Georgia Sinclair.

In the district court yesterday the day's assignment was called in the morning, but no cases were found ready for trial in the forenoon. Judge Neville at 11 a. m. adjourned court until 2 o'clock. The case of Spalding against O'Brien was taken up before Judge Wakeley at that time to a jury. This action was brought on a bond signed by defendant for \$10,000, for the half of which amount plaintiff claims that O'Brien is liable. The defendant alleges he was induced to sign the bond by fraud and misrepresentations and consequently is divested of his liability. In the afternoon the grand jury brought into the court to report and return its presentments. Only one indictment so far was found, that against Georgia Sinclair charging her with enticing and decoying girls under eighteen years to disorderly houses for purposes of prostitution. The prosecuting witnesses Mrs. James and Miss Jessie Taylor renewed their bond of \$300 each to appear at the trial of Mrs. Sinclair on this charge in the district court. W. F. Crowell was appointed bailiff of the court. In the case of Grossman against Grossman default was entered against all the defendants yesterday forenoon. The following is the list of to-day's assignments: Before Judge Wakeley—Spaulding vs. O'Brien. Edwards vs. Board of County Commissioners. Honnel vs. Cromer. Kroliah vs. Svacina. Before Judge Neville—Lodover vs. Hys. Hilleke vs. Nye. Same vs. Same. Gallagher vs. Dew. North vs. Peabody. Roux vs. Wright et al. Johansen vs. Nelson.

Buckley's Arctic Salve.

The greatest medical wonder of the world. Warranted to speedily cure Burns, Cuts, Ulcers, Salt Rheum, Fever Sores, Cancers, Piles, Chills, Corns, Tetter, Chapped hands, and all skin eruptions, guaranteed to cure in every instance, or money refunded. 25 cents per box. THE BUILDING AND LOAN ASSOCIATION. A Fine Showing Made for the First Nine Months. The annual meeting of the Omaha Building and Loan association was held in the Firemen's hall last evening. The meeting was called to order by President Bechel, nearly two hundred members being present. The report of the committee to examine the secretary's books was read and approved. The report showed 2,013 shares of stock, worth \$9.00 per share, upon which the net profit since May 1st, 1883, was \$2,255 each share, netting a gain of 28 1/3 per cent in nine months, and raising its value to \$11.55. The meeting then proceeded to the election of directors. A motion was then made and carried that the nine candidates receiving the highest number of votes be declared the directors for the ensuing year. The ballot resulted in the election of W. F. Bechel, J. H. Butler, J. Rosicky, Charles R. Turney, E. K. Long, G. Anderson, C. P. Needham, L. M. Rheem and James Forsyth. An resolution was introduced by Judge Savage by which the directors elected last evening shall be divided into three classes, of three each, one class to serve for one year, the second for two years, and the third for three years, and hereafter three directors to fill the place of the outgoing ones, to be elected at each annual meeting, instead of nine. The meeting then adjourned. The directors will meet in the near future and elect the company's officers for the ensuing year.

An Editor's Tribute.

Theron P. Keator, Editor of the Wayne, Ind., "Gazette," writes: "For the past five years have always used Dr. King's New Discovery, for coughs of most severe character, as well as for those of a milder type. It never fails to effect a speedy cure. My friends to whom I have recommended it, speak of it in the same terms. Having been cured by it of every cough I have had for five years, I consider it the only reliable and sure cure for Coughs, Colds, etc." Call at C. F. Goodman's Drug Store and get a Free Trial Bottle. Large Size \$1.00.

The Beatrice Branch.

The Beatrice extension, the new road built down the Blue valley by the U. P. railway company, between Lincoln and Beatrice, will be opened for business about the 19th inst., with the following stations: Jamaica, eight miles from Lincoln. Hanlon, eleven miles from Lincoln. Cortland, twenty-two miles from Lincoln. Pickrell, thirty-two miles from Lincoln. The distance from Pickrell to Beatrice is eight miles; the distance from Lincoln to Beatrice, forty miles. A Very Remarkable Recovery. Mr. Geo. V. Willing, of Manchester, Mich., writes: "My wife has been almost helpless for five years, so helpless that she could not turn over in bed alone. She used two bottles of Electric Bitters, and is so much improved, that she is now able to do her own work." Electric Bitters will do all that is claimed for them. Hundreds of testimonials attest their great curative powers. Only fifty cents a bottle at C. F. Goodman's.

Temperance Prayer Meeting.

The members and all ladies who desire the welfare of mankind, are earnestly invited to work with the W. C. T. U. to avert the woe pronounced on him that giveth his neighbor drink. Feb. 21st. Meeting to be held in Y. M. C. A. rooms, Thursday, February 7, at 2:30 p. m. sharp. By order of president, Mrs. L. G. CHARLTON, Sec'y.

A Missing Man.

William Eggleston, a man who has been in the employ of Dr. Chambers, the veterinary surgeon, for some time past, is missing and it is feared has met with some foul play. He left the doctor's house on Sherman avenue, Monday night, having drawn a month's salary, but has not been seen since. He is supposed to be in the city and afterwards would a companion that he was going out.

to the road house. Since that time he has not been seen, and inquiry showed that he had not been at either of the road houses. He was a man who never drank at all, was steady and industrious and who had no reason to go off in any such way. He was only about 33 years of age. Dr. Chambers is trying in every way to solve the mystery which surrounds his fate.

A BOSS MACHINE.

J. W. Morrison's Paper Wetting Machine, Now at Work in the Press Room of the Bee. For a number of years, Mr. J. W. Morrison, foreman of THE BEE'S press room has been engaged in perfecting a machine which would do away with wetting paper by hand. As he has constantly watched the growing list of THE BEE, and the enormous amount of paper required to fill the subscription list of this paper, all of which had to be dampened by hand, he was more and more impressed with the fact, that some means must be devised by which the paper would be dampened more rapidly and at the same time, evenly. After long and careful study he finally succeeded in putting together a machine which does its work to perfection. On the 4th day of December, he obtained letters patent upon a machine for wetting paper, and at once ordered one made, which has since been completed and is now at work in the press room of THE BEE. The bundle of paper is opened and placed upon the feed-board and is fed through the machine a quire at a time, just as the bundle is opened. The paper passes between rollers, and a pan of water comes up at each revolution of the machine, and the paper is passed through this, then through more rollers, and out the rear of the machine, when it is taken by a fly and laid in proper shape upon the delivery table. The machine is so constructed, that by placing the foot upon an automatic trip, the water does not come up to meet the paper, and consequently it passes through dry.

By the use of this machine, twenty bundles of paper may be thoroughly and evenly wetted in one hour, and that too, at very small expense where power is required, as in other machinery, as this machine runs so light as to be scarcely noticeable upon the power. At present, mechanics are employed in perfecting a system of folding machines which can be attached to presses and run in conjunction therewith. In the event of their success, which is already assured, it will be very essential that the paper be evenly wetted, and this cannot be done by hand. Mr. Morrison's machine is the only one now working which operates to perfection. James has undoubtedly struck a bonanza in his invention.

HIS FAREWELL SKATE.

Will Daniels, the Ex-Manager of the Roller Rink, Tended a Reception Tuesday Evening. Since the opening of the roller skating rink, in November last, Will H. Daniels has been its manager, and has kept things lively there all the time. Each evening he has offered some attraction, which has caused the people to part with their money. Under Mr. Daniels' management the rink has come to be a very popular place of amusement, and many of the best citizens of the city are frequent visitors there. A few days since Mr. Fenton sold his interest in the rink to J. C. Elliott, and in consequence of this change, Mr. Daniels ceased to be manager. Through his gentlemanly conduct and courteous treatment to all, Mr. Daniels has won for himself a host of warm friends in this city. Tuesday his friends tendered him a farewell reception at the rink. Skating was indulged in until 9 o'clock, when the floor was cleared and Mr. Daniels gave one of his inimitable exhibits on wheels. He was assisted by Master Bert Bliss. At the close of the exhibition, Mr. H. D. Estabrook stepped forward and asked permission to publicly address Mr. Daniels, and said that if some one would adjust the rope around his neck and pull down the black cap, he would proceed to pronounce sentence, which he did. He said that Mr. Daniels was a beautiful, large, manly, man, much as he had stolen the affections of a large number of the citizens of Omaha, and not being contented with seeing tables and chairs rolled around the room on rollers, he had set the sons and daughters of Omaha a rolling in a like manner, and that it was thought but just and right that some punishment should be meted out to him. As Mr. Daniels was a single man it was at first thought best to compel him to marry one of Omaha's fair daughters, but upon second thought that was considered too severe a punishment, and it was decided to have a hanging and hang upon Mr. Daniels' neck a beautiful large medal, which had been purchased by his many friends, and it was accordingly pronounced to him. Mr. Daniels made a few remarks in which he very kindly thanked the donors. This being concluded, the skates were removed and a little social dance was engaged in. Twelve numbers were danced to the delightful strains of Irvin's orchestra. The festivities lasted until nearly midnight. Army Orders. Recruit William L. Crumb, enlisted at Fort D. A. Russell, Wyo., is assigned to the Ninth infantry. Private Warren R. DeCamp, enlisted at Fort Omaha, Neb., is assigned to the Sixth infantry, and will be sent to the station of his regiment on the first favorable opportunity. The commanding officer at Fort Sidney, Neb., will send military convicts Peter Gloutier, John R. Ellis and John Flynn, under suitable guard, to Fort Omaha, Neb., there to await further orders.

A LARGE FINANCIAL TRANSACTION.

A Deed for \$1,400,000 Placed on File Yesterday. The last act in the consummation of the greatest financial transactions which has ever taken place in Nebraska was done to-day. The trust deed, from Leverett M. Anderson and wife to Alexander H. Swan, Frank Murphy, Thomas Swobe, Charles W. Hamilton, William A. Paxton, Peter E. Herd and James M. Woolworth, for 1,804.6 acres, was filed in the county clerk's office yesterday afternoon. The lands so deeded were purchased by the English syndicate last summer in Sarpy and Douglas counties. This real estate, so purchased by theesmen, was all deeded to Mr. Anderson, and the deed of trust filed yesterday was executed nearly seven weeks ago, but owing to clouded titles to certain parcels of it, the instrument was not lodged in the county clerk's office until the clouds had been removed. The deed is executed for the consideration of \$1,400,000 in bonds, which are due as follows: \$500,000 on January 1, 1889; \$450,000 January 1st, 1894, and \$450,000 January 1st, 1899. This conveyance is printed, covering twenty-five pages, and is a brilliant full of reservations and conditions. The bonds so obtained shall be placed on the market and sold, the proceeds thereof going toward building up the corporation. A reservation in the deed requires that 150.48 acres, accurately described, and lying close by the Union Pacific track and the Drexel farm, shall be used for stock yard purposes. Another one requires that \$100,000 shall be used in laying out, surveying and building up the new town of South Omaha. The projects of these men are indicated by a source of prosperity to the city, and are being carried out only a few days ago from the east, where he bought and paid for all the lumber necessary for the stockyards. When it is considered that this great amount of money is simply raised from and which only thirty years ago was worthless, one cannot but marvel what Nebraska some day will be.

THE TWO REPUBLICS.

Nebraska Requested to Contribute Her Portion Towards the Pedestal for Bartholdi's Statue. In the Millard hotel this afternoon there will be a meeting at which every one who reads this notice and loves his country should feel some interest to be present, at least. This meeting has been called by Hon. Mahlon Chance, formerly a consul to one of the West India islands, who has been sent here by the general government to devise ways and means by which Nebraska is to pay her proportion towards the pedestal for Bartholdi's statue of "Liberty Enlightening the World," soon to be erected on Bedloe Island in New York harbor. This statue is the gift of the French republic to the United States. It is pronounced one of the finest pieces of art produced in modern times, and was finished by France at a cost of \$250,000. To build her proper pedestal and erect the statue will cost much more, and each state is expected to furnish its proper amount towards this great design. The pedestal is to be 184 feet high and made of the best material. The statue will be 234 feet high when mounted on its pedestal and will be seen for many miles out of the harbor. France many years ago signed her intention to make such a gift to the United States, but fate reserved it for Bartholdi to be made immortal by this product of his hands.

The Telephone Exchange.

The Rates Between Iowa and Nebraska Fixed and Adjusted. W. F. Laraway, W. A. Deary and Charles A. Doney, directors and stockholders of the Iowa Union Telephone company, have been in this city for a week past consulting with the proper authorities of the Nebraska Telephone Co., with a view to adjust and fix the rates over their lines. Ever since these two companies have been brought into existence no satisfactory adjustment or arrangement has been had as to rates on messages which are sent over the lines of both. It was deemed best by them to make the rates on messages over distances not more than 58 miles, not to exclude those of the telegraph companies. The adjustment was very satisfactory and arranged. Mr. L. H. Korty one of the managers of the Nebraska Telephone Co. was interviewed by a BEE reporter upon the settlement and fixing of rates. The gentleman says the numerous small towns and villages that are constantly growing up around Omaha look to it as their mercantile life line. On this account there is a growing and constant need of communication quicker than by mail and the superiority of the telephone over the telegraph is that a message is sent and received by its single use will guarantee the company an increase of patronage so soon as spring opens a line will be built to Denver, during the summer it will be extended to Chicago and it may possibly reach New York before winter sets in. Korty does not think that these long distances can be operated successfully, as the expense of keeping them is so great that they cannot compete with the telegraph. Mr. Korty estimates that a wire to Chicago could not be furnished for less than four dollars for each ten minutes. The Nebraska exchange will increase its offices this season and Omaha before fall will be connected with all the towns and villages in the state which can be practically worked on a paying basis.

THE THORNBUROUGH ROAD BUILDERS.

It is now understood that Wei De Meyer's Cataract Cure is the only treatment that will absolutely cure Cataract—free of charge. Wei De Meyer, Esq., San Francisco, California, writes: "I have cured Mrs. Mary Kenyon, Esq., of Omaha, Neb., of her eye trouble. She had been blind for several years. I cured her in ten days. My name is Wei De Meyer, Esq., 140 Noble street, Brooklyn, N. Y." One box radically cured me, Rev. C. H. Taylor, 140 Noble street, Brooklyn, N. Y. "A perfect cure after 30 years suffering. J. D. McDonald, 710 Broadway, N. Y., N. Y. Thousands of testimonials are received from all parts of the world. Delivered, \$1.00. Dr. Wei De Meyer's Illustrated Treatise," with statements by the cured, mailed free. D. B. Dwyer & Co., 182 Fulton street, N. Y. tues-thurs-6-mke-3a

Real Estate Transfers.

The following deeds were filed for record in the county clerk's office February 5, reported for THE BEE by Ames' real estate agency: Everett V. Smith to James Halling, w. d. lot 1, block 7, in E. V. Smith's add. to Omaha, \$700. Jetur R. Konking and wife, Clarence J. Canan and wife to Helen L. Stevens, w. d. lots 1 and 8, Mayfield, \$1,000. Thodor G. Barker and wife to David H. Bowman, w. d. lot 4, block 10, in Shinn's add. to Omaha, \$600. John Chollman and wife to Gustav Olson, w. d. lot 2, block 2, in Hyde Park, \$100.

deal to all efforts which now are under contemplation in various parts of the United States to perfect telephone exchanges other than Bell's. These new companies will furnish their appliances at a much reduced rate. An exchange will but up in Omaha with offices in all parts of the state. The men who are about to form this company feel sanguine of success, and confident of the superiority of their methods and machinery over the Bell telephone. The gentlemen who will compose this company are men of tried ability and energy. Messrs. Frank R. Johnson, Wm. A. Paxton, James E. Boyd and James E. Riley some of the principal stockholders. They expect to reduce present prices from 25% to 50 per cent after they shall have brought their wires into successful operation. So soon as spring opens the company will go to work erecting poles and stringing wires.

THE WORLD'S EXPOSITION.

Nebraska to be Represented by ex-Governors Furnas and Nance. The World's Industrial and Cotton Centennial exposition, to be held in New Orleans from the first Monday in December next, promises to be a grand affair. The occasion of this coming event was the introduction of cotton into the United States one hundred years ago. The exposition will be held under the auspices of the United States, the National Cotton Planters' association and the city of New Orleans, which has subscribed liberally toward this project which undoubtedly will introduce her to many who will visit her only to see the great display there made. Congress sometime ago passed an act by which each state is to be represented at the exposition by one commissioner and an alternate, to be appointed upon the recommendation of the governor, and a proclamation has been issued by President Arthur in accordance therewith. It is to be exceedingly regretted that Nebraska cannot contribute something as a state to this great enterprise by which she may be represented as such. But as the legislature is not in session and will not be for nearly a year nothing can be done. Liberal donations have been offered and being made constantly by the different nations, states, societies and cities, Mexico alone giving \$100,000 toward the enterprise. The Nebraska State Agricultural and Horticultural societies have determined not to let us be unrepresented at the exposition, and Nebraska will be expected to make a showing of the industrial arts and agricultural products that will "do her proud." Governor Dawes has appointed as commissioner ex-Governor Furnas and as alternate Albinus Nance. These men, undoubtedly, will be appointed by the president and in them Nebraska will be ably represented.

Wei De Meyer.

It is now understood that Wei De Meyer's Cataract Cure is the only treatment that will absolutely cure Cataract—free of charge. Wei De Meyer, Esq., San Francisco, California, writes: "I have cured Mrs. Mary Kenyon, Esq., of Omaha, Neb., of her eye trouble. She had been blind for several years. I cured her in ten days. deal to all efforts which now are under contemplation in various parts of the United States to perfect telephone exchanges other than Bell's. These new companies will furnish their appliances at a much reduced rate. An exchange will but up in Omaha with offices in all parts of the state. The men who are about to form this company feel sanguine of success, and confident of the superiority of their methods and machinery over the Bell telephone. The gentlemen who will compose this company are men of tried ability and energy. Messrs. Frank R. Johnson, Wm. A. Paxton, James E. Boyd and James E. Riley some of the principal stockholders. They expect to reduce present prices from 25% to 50 per cent after they shall have brought their wires into successful operation. So soon as spring opens the company will go to work erecting poles and stringing wires.

THE WORLD'S EXPOSITION.

Nebraska to be Represented by ex-Governors Furnas and Nance. The World's Industrial and Cotton Centennial exposition, to be held in New Orleans from the first Monday in December next, promises to be a grand affair. The occasion of this coming event was the introduction of cotton into the United States one hundred years ago. The exposition will be held under the auspices of the United States, the National Cotton Planters' association and the city of New Orleans, which has subscribed liberally toward this project which undoubtedly will introduce her to many who will visit her only to see the great display there made. Congress sometime ago passed an act by which each state is to be represented at the exposition by one commissioner and an alternate, to be appointed upon the recommendation of the governor, and a proclamation has been issued by President Arthur in accordance therewith. It is to be exceedingly regretted that Nebraska cannot contribute something as a state to this great enterprise by which she may be represented as such. But as the legislature is not in session and will not be for nearly a year nothing can be done. Liberal donations have been offered and being made constantly by the different nations, states, societies and cities, Mexico alone giving \$100,000 toward the enterprise. The Nebraska State Agricultural and Horticultural societies have determined not to let us be unrepresented at the exposition, and Nebraska will be expected to make a showing of the industrial arts and agricultural products that will "do her proud." Governor Dawes has appointed as commissioner ex-Governor Furnas and as alternate Albinus Nance. These men, undoubtedly, will be appointed by the president and in them Nebraska will be ably represented.
