THE BRITISH GRAIN MARKET.

LONDON, February 11.—The Mark Lane Express, in its review of the British grain trade for the past week, says: The mild weather continues, with sharp storms of rain and hail. The wheat crop remains in excellent condition, but the demand is wretchedly dull. At to-day's market flour was weaker, barley neglected, trade in off stand unimproved. Higher quotations in America have not influenced the market here. Maize is dull, round maize rather weaker; cargo supplies off coast small. Five cargoes arrived, four were sold, four remained, including one No. 1 California. In cargoes on passage there is rather more doing. Sellers of No. 1 California appear willing to sell at 40s. Sales of English wheat during the week were 48,302 quarters at 37s 3d per quarter, against 53,130 quarters at 40s 8d for the corresponding week of last year.
