BRADLAUGH has been re-elected, as usual, and will proceed to swear himself in again, only to be again ejected.

PRESIDENT ARTHUR must reconstruct his cabinet. Valentine and his late clerk have decided that it is altogether too weak for them.

CAPTAIN MARY MILLER is now happy. She has received her license as a steamboat captain, and she will proceed to navigate the Mississippi with the steamer Saline.

DR. MILLER feels confident that as soon as the belt line is built all that Omaha has been striving for as a railroad center will be an accomplished fact.

THERE are four contestants for the location of the democratic national convention—Cincinnati, St. Louis, Chicago and Saratoga.

THE negroes are preparing to hold another national convocation, this time at Pittsburg, the object being to memorialize congress and address the country on the condition of the colored race in the south, and to demand protection in the exercise of civil and political rights.

THE ovation tendered to Dr. George L. Miller was a compliment of which any man might well feel proud.

CHIEF ENGINEER BUTLER has made timely suggestions to the city council which ought to be acted on without needless delay.

It is now pretty well settled that Governor Ordway, of Dakota, will have to go. Southern Dakotans are quite jubilant over his prospective retirement.

CHINESE GORDON is already demonstrating that he is the right man in the right place. The inauguration at Khar-tou of his pacificatory policy has proved eminently successful and satisfactory.

Immediate reforms, alleviating suffering and doing away with hated customs and practices, were ordered by General Gordon, and they were at once carried out to the great rejoicing of all.

HIGH LICENSE IN IOWA.

The discussion on prohibition in the Iowa legislature has brought to light many instructive facts concerning the liquor traffic.

It has been demonstrated by the experience of Maine, Kansas and Iowa that prohibition to sell liquor does not successfully suppress the traffic in intoxicants.

There are now two radical propositions before the Iowa legislature. One is to absolutely prohibit the sale and manufacture of all intoxicating beverages.

The other proposition is a high license bill, introduced in the house by Mr. Clayton, of Pottawattmie county.

The county board may grant a license to sell malt, spirituous or vinous liquors to any citizen, provided such citizen shall first procure a petition signed by a majority of the electors of the township.

This certainly ought to be satisfactory to the prohibitionists. It will be seen that the applicant for a liquor license must secure the signatures of a majority of the electors in the town, city or ward in which he desires to sell.

UNPAID RAILROAD TAXES.

The Central Pacific owes \$1,074,000 of unpaid state and county taxes in California for the years 1880, 1881 and 1882, and the governor proposes to call an extra session of the legislature to take some action with a view of making the railroad settle.

There is considerable activity in railroad circles at the present time, notwithstanding the succession of blizzards which have marked the ground hog month.

Before the close of the present year Omaha will have another route to Kansas City and the south, though somewhat longer and roundabout than the present.

A few weeks ago THE BEE gave currency to a rumor that the Burlington intended to invade Cheyenne. There was a strong foundation for this report in the fact that the incorporators of the Cheyenne, Black Hills & Montana road were friendly to the Burlington system.
