W. W. Chapman has returned from Des Moines, where he has been in the interests of the roller skating rink. He reports that Miss Nellie Fuller, the little lady 11 years old, won the medal there the other evening for skill in skating. She is as great a wonder as Bertie Bliss and it is expected that at no very distant date both can be secured for an exhibition of their fancy skating at the rink here. The crowds which Bertie Bliss drew here warrant the belief that with the double attraction there would hardly be room in the specious rink for those who would delight to see them.

The prudent cititizen will naturally avail himselt of the special offer of the Council Bluffs Water Works company, given in another column, for the putting in of service pipes. As anyone can readily learn by figuring up just the cost of pipe, to say nothing of labor, the offer of the company is an astonishingly liberal one, and the company itself could not afford to make it were it not that by this means they hope to get many consumers at once, and by having enough of the work to do at one time can keep a gang of men steadily employed. Citizens given in another column, for the putting of men steadily employed. Citizens should avail themselves of this offer, for the saving is about one-half, as some of those who have had service pipes put in will testify, if interviewed.

CANNON'S CAPTURE.

The Two Quack Doctors Again on Tennessee Soil.

The presence in this city of Sheriff Cannon and the two quack doctors, Reeves and Turner, is still fresh in the memory of the readers of THE BER. The Memphia Avalanche of recent date announced the arrival there of the sheriff and the two prisoners, and, after devoting a half column in narrating the sheriff's experience in capturing and holding the men, and the habeas corpus cases

here, says: The party left Council Blufts Wednesday, arrived in Kansas City the same night, made close connection with the Memphia train, and reached this city yesterday morning at 2:30 o'clock. The two prisoners were accompanied by the wife of Reeves, who had followed her husband after his flight from here, and it must be said to the credit of Sheriff Cannon that he paid her expenses from Council Bluffs to this city after she had expended all her money in attempts to free her husband at Omaha and Council Bluffs. The sheriff spoke in the highest

rendered him by Gov. James Dawes, of Nebraska, and Gov. R. B. Sherman, of Iowa, also of the sheriffs and police officers of the two cities where writs of ha-beas corpus were obtained. The expen-ses of the trip footed up about \$350 which amount Sheriff Cannon paid out of his own pocket, and it is doubtful whether he will be reimbursed as there is no law in Tennessee covering expenses such as were incurred in the fight made by the prisoners to regain

their freedom. Sheriff Cannon departed at 11:45 last night for Clarksville with the two doctors and Mrs. Reeves, who still accomplace the muchly wanted men in the custody of the sheriff of Montgomery county. "Drs." L. Reeves and A. P.

THAT CONSPIRACY.

Showing the Horrible Plot of Outrage and Murder.

There has naturally been much comnent about the conspiracy to murder the family of D. H. Solomon, the well-known attorney, and despite the announcement that the two men had waived examination and been committed to jail, there have been doubts as to the real existence of such a horrible plot. The scheme Clark, who rooms in the same building. seemed so bold and so fiendish that it The statements made therein are in every was felt by many that there must be respect false. I am ready to prove my some mistake about it, but the evidence taken on the preliminary examination on residents of the city, and am also ready the part of the state showed that the two Those knowing both of us need no exof the city will now have better fire protection than ever before in the history of the city.

The residence of L. P. Judson, on the orner of Sixth avenue and Tenth street, corner of Sixth avenue and Tenth street, was visited by burglars about 2 o'clock yesterday morning. The fellows turned the key of the front door with a pair of nippers, and thus gained an entrance. A silver watch, a gold watch, \$20 in money and some smaller articles were taken. Mrs. Jackson, a neighbor, saw one man coming out of the house and gave the alarm. Then the affair was telephoned up to police headquarters by the 'phone
