At all the caucuses an expression in favor of postponing the convention from this afternoon until Wednesday next at 2 p. m. prevailed.

IOWA ITEMS.

Davenport has 435 telephones. The new Catholic church at Claremont is to cost \$10,000. The largest flax oil mill in the world is now in process of construction at Sioux City. An effort is being made in Keokuk for an opera festival, to come off in April or May. The assessment on the distillery cattle at Des Moines has been reduced from \$15 to \$10 a head. A fire at Pella on the 18th burned the saloon of Mr. Nink and the residence adjoining. Loss, \$1,200. The fire originated in the saloon. A man in Davenport claims to have one of the original "mad stones", which has been in the possession of his family since its discovery in Wales 500 years ago. The Burlington freight and ticket agent at Clarksville, E. Bangle, was found short in his accounts, but the shortage being made good by his bondsmen, he was allowed to depart. A young man near Peterson took his life by stabbing himself five times in the neck, while at the barn. His people found him there in the evening and threw him into an oat bin until morning. He had become insane over religious excitement. Mrs. Mary B. Wheeler, whose husband is in the Colorado penitentiary, as she says, was arrested in Iowa City the other day under the suspicion that she contemplated suicide. She had purchased arsenic. She is sick and poor, only about 19 years of age, and has a child with her only about one year old. Her parents, she reports, live in Poweshiek county, and she says she is away from home because of the abusiveness of her father. A hermit case is reported within two miles of Sioux City, at the railroad bluff. A lone man has constructed a habitation there by digging a hole in the ground; in this hole he eats and sleeps, cooks and lives. His simple wants are supplied with money earned by wood chopping. The hermit came there some time last fall, and has since made no acquaintances. The few who have been favored with an interview report the hermit well-informed and apparently a man of education. On Friday night, the 15th instant, the farm residence of Thurman Thurmonson was fired by sparks, the blaze escaping discovery until the roof was nearly ready to fall in. The children (four) were sleeping up stairs, viz. George, aged 13; Anna, 12; Kate 10; Libbie, 8. George was the first to discover the fire, and getting down through the flames aroused his father and mother, who slept down stairs. George was severely burned on both hands and face. After waking his father and mother he went to the pump in his excitement to get a bucket of water, and when he returned his father had tried to rescue the children up stairs, who were aroused by the cries of their mother, but the flames drove him back. George then made his way through the flames, and caught up the first one he came to and brought her down. It was Anna. She was badly burned on the breast, and arms up to the elbow. The flesh fell off the bones of the fingers. She will probably die. The two other girls, Kate and Libbie, it was impossible to rescue, and they perished in the flames. Their cries to their mother were heard when they were past human aid. Not a thing was saved from the building.

TRADE MARK S.S.S. CAUTION. S.S.S. is a vegetable preparation, and should not be confused with the various substitutes imitations, no secret formula, no "Succus Alectoris," etc., etc., which are now being manufactured by various persons. None of these contain a single article which enters in the composition of S.S.S. There is only one S.S.S. and there is nothing in the world like it. To prevent disaster and disappointment, be sure and get the genuine. S.S.S. is a complete antidote to Blood Taint, Blood Poisons, Malarial Poisons and Skin Humors. J. D. HENRY, M. D., Atlanta, Ga. I have had remarkable success with S.S.S. in the treatment of Blood and Skin Diseases, and in Foul Ulcers. I to it myself for Catarrhs with happy effect. D. O. C. HENRY, M. D., Atlanta, Ga. I used S.S.S. on my little daughter, who was afflicted with some Blood Poison which had led to all sorts of treatment. The S.S.S. did what we earnestly wished, and I shall use it in my practice. Our treatise on Blood and Skin Diseases mailed on application. THE SWIFT SPECIFIC CO. Drawer 3, Atlanta, Ga. Y. Office, 150 W. 22d St., between 9th and 7th Aves.

Peoria Advance Corn Planter and Check Rower.

Peoria Rotary Drop Planter

- 1. Lightness of draft and ease of handling. 2. Combination of hand and foot levers is such that Planter can be made rigid or flexible, at will of operator. 3. Hand lever is in centre of machine, hence one runner cannot go deeper than the other--a fault common to all planters with lever on side of machine. 4. Made of a No. 1 stock and substantial in every particular. 5. Painted with the best Oriental Vermilion, elaborately striped and varnished, making it very handsome and attractive. 6. Warranted to do first class work in any soil. The check rower is very simple and warranted to do first-class work if properly handled.

The Furst & Bradley Plow is so favorably known to every farmer west of the Alleghany mountains, that it is not necessary for us to recommend it.

The Bradley Iron Beam Spring Cultivator has been well and favorably known to farmers and dealers for years, and we are bound to maintain its enviable reputation in the trade.

Old Reliable PETER SCHUTTLE WAGON

Needs not one word of description. It is known all over the United States, and where the very best wagon is wanted, you can always sell a Schuttler. A sample set up in your Warehouse will convince you that farmers will buy the Schuttler at Schuttler prices.

Old Reliable Peter Schuttler Wagon.

FISH WAGON!

Owing to the fact that we brought the FISH WAGON! into this trade one year ago, and sold in twelve months \$100,000 worth of them, many of our competitors have been representing to the trade, because of the financial difficulties of the Fish Bros., that we would not be able to supply them, hence we wish to assure dealers that we have arranged for the sale of this celebrated wagon, and call their attention to the fact that the wagon must be nearly perfect, if that is all the fault our competitors can find with it. Favor us with an order for any number and we will convince you by a prompt shipment that we are able to supply the large and ever increasing demand.

This is our second year with the Bradley Tongueless Cultivator and are guaranteed to be like all implements manufactured by Furst & Bradley Manufacturing Co.--first-class in every particular.
