observing the result. The subject should not have been taken from New York, for the Gothamite wears a Conklingish sneer when he talks of any other town on the seaboard, and, besides, it is a breach of good manners to mention New York with commendation is a circle of Philadelphians.

Our treatise on Blood and Skin Diseases mailed red to er, 'cant... THE SWIFT SPECIFIC CO., There is a certain firm of bankers

Gen'l Manager

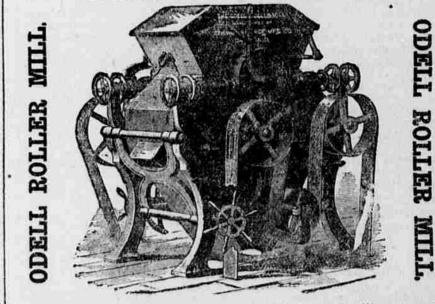

which make a specialty of dealing with the old "Knickerbocker" Philadelphians, and it keeps the deposits of a great num-ber of old people of respectable ante-cedents, whose ancestors were so obliging as to come over to this country before the reign of the Georges. I have forgotten the name of the firm at this writing, but it is not a material point. In the office of the firm may be found

spry old man who seems to have no par-ticular business. Let one of the old customers of the firm come in when the eller or cashier have no time to attend

to his or her particular wants immediate The old servitor may be seen to sit

ly. The old servitor may be seen to sit down by that aged customer, and a chat beguiles the time, so that the waiting depositor takes no note of its passage. He is takking to the depositor of the latter's grandfather and granduncles and their connections, and their courses through which the family of that particular deposiwhich the family of that particular deposi-tor became related to some other great family. That's his business; he is paid for kis knowledge of the old familes of this city, and his ability to serve it out in proper shape and doses. It is calculated that his knowledge is worth theusands annually to the firm that employs him. annually to the firm that employs him. This story was told me by a trustworthy husiness man who complained to me that he often had business in the counting-room of a newspaper which relies upon its popularity among the old-time Phila-delphians, and the case with which it eliminates such words as "cock-fight" from its local rather than its euterprise

to secure its circulation and that he al-S. S. MERRILL, most invariably had to wait while the head of the establisment finished a con-versation on somebdoy's grandfather, and J. Lunder whom that grandfather married, before he could secure an audience. I am not pointing to any particular newspaper, for the story applies to several of them.
