COUNCIL BLUFFS

ADDITIONAL LOCAL NEWS,

VAUGHAN'S VOICE.

"The Carter Harrison of the Missouri Slope" Gives His Inaugural.

He Recommends Some Very Radical Changes.

Last evening, on the gathering of the I used Swift's Specific on my little daughter, who was afflicted with some Blood Paison which had rejected all sorts of treatment. The Specific rejected her permanently, and I shall use it in my practice. Our treatise on Blood and Skin Diseases malled free to a., 'knitt.

THE SWIFT SPECIFIC CO., Drawer J. Atlanta Gs. portant portions of the inaugural :

To the Council of the City of Council Bluffs : GENTLEMEN: In entering upon the respon-sible duties of mayor of a thrifty and growing city of 25,000 wide awake, pushing people for a second time, with a complimentary vote of a second time, with a complimentary vote of 528 majority over a worthy competitor, it is needless for me to say that I fully realize that much will be expected of me. I believe that the citizens and taxpayers should congratulate themselves, however, that you, gentlemen, who compose the board of aldermen, are men of many years of municipal experience, large property holders, and that full confidence will be imposed in the honesty of yeur official acts.

SEWERAGE.

A perfect system of sewerage is of immediate importance to Council Bluffs, and this council will be expected to at once adopt measures and plans to that end, either by carrying to a conclusion what was commenced by the previous administration. INDIAN CREEK.

There are numerous plans for improving this eye-sore to our city. I have decided to mention some of the most prominent: First, To straighten the creek and run it lirect to the river.

Second. Widen the creek and confine it by walling up the sides.

Third, "Public Parkway"—It has been suggested by Hon, C. T. Bowen, an ex-alderman of Chicago, that Indian creek is splendid-ly adapted for building of a sewer the proper size to be connected with other sewers, and that the creek then be covered and devoted to the public as a drive way. The Lake park in Chicago, on Michigan avenue, was all filled in, and is now one of the finest parks in

this country.

Fourth, Give the creek its full area, and slope the sides one and one-half feet horizontally to one foot perpendicular.

This, to my mind, appears feasible, all matters considered, as it is the least expensions of the considered of sive, and will answer all purposes for some vears to come.

Another plan is to erect a dam in the creek above the city, and carry the water of the stream through three or four sewers. One of the sewers to be carried down the present bed of the creek, and the other in different streets. The city should by all means adopt some system of underground drainage before much more grading is carried on, as it would be a great injustice to the tax-payers, and also to the city, should the new grade be found of no

Fire Alarm.—The press of the city and the citizens generally have very justly condemned our present system of fire alarm. I would recommend that you adopt at once the Gamewell system, of New York, and I believe that fifteen of their boxes would answer our present need. ent need. ent need.

Fifth Ward.—For the last four years an additional ward has been talked of, and at the last city election it was evidenced that over two hundred (200) voters could not get close enough to the ballot box to cast their vote.

Two Supervisors.—With the vast amount of improvements now going on in our city, it seems to me that it would be wise for you to select two supervisors, giving one of them charge of the Third and Fourth and the other charge of the First and Second wards. MARKET HOUSE, PUBLIC ROADS, AVENUES AND PARKS.

more than twenty ways will our city be bene-

Roads and Avenues.—I sincerely hope that each of you will see to it that the roads leading into the city, through your wards, respec-tively, may at once be put in first-class condi-

tively, may at once be put in first-class condi-tion, and that you may make it a personal matter in calling on the board of supervisors to aid you in so doing.

Union Avenue.—This is a valuable avenue that much has been said about pro and con.
It cost the city a great many thousand dollars for right of way and grading. It has never been recorded as a public thoroughfare or street, and there are one or two cases yet pending against the city on condemnation for right of way. The last administration, as well as a great many citizens, thought it wise to make the travel from this city to Omaha well as a great many citizens, thought it wise to make the travel from this city to Omaha less tedious and costly and, believing it beneficial to our city, they gave the Union Pacific railway company the right of way upon special conditions and promises. So far the railroad company has failed in their part of the contract, and teams are compelled to go to the transfer to cross the river as usual. It is the general demand that the proper committee give this matter its immediate attention, that the wrongs may be righted at tion, that the wrongs may be righted a

Fairmount Park,—Fairmount Park, com-prising over one hundred acres, broken into picturesque forms by nature, has for several years been receiving the best attention from the city government. Topographical survey-should be made and plans of a competent landscape architect be obtained for the im-

provement of Fairmount Park.
Ordinance Compilation.—It has been over four years since our ordinances were amended and published in book form. I therefore think it wise that the city attorney and the judiciary committee compile our ordinances, that a new publication in pamphlet form may

be had,

Gas.—My attention has been called to the fact that the gas being used by the city is not up to "gas test," and that other cities are buying gas at a much lower figure than we are. I hope that the committee having the matter in charge will fully investigate the same, that the city's interest may be protected. tected.

There are now seven suits pending in the circuit court against the city, one case in the district court and three in the supreme

I believe it poor pelicy for citizens and the city to litigate with each other, and I trust a spirit of forbearance and patience may be more thoroughly adopted by each. It is unwise for a city to force its citizens to go to law to get their rights. to get their rights. RAILROADS.

We have some three millions of dollars worth of railread property in this city—tracks, bridges, buildings, etc.—with over fifty freight and passenger trains, laden with mer-chandise and living creatures, going and com-ing each day, and over one-half of our laboring each day, and over one-half of our laboring men are in the employ of railroad companies here. And no city is better located or
more worthy of a hundred thousand dollar
railroad hospital than Council Bluffs, where
the misfortunate railroad man can be cared
for when injured; and if as a council you,
gentlemen, look at the importance of such a
hospital as I do, and will use your influence to
enlist our people in its behalf, I feel warranted in saying that I can secure a handsome
donation to establish it from prominent railroad men of America—Gould, Vanderbilt and
other. Before leaving railroad matters, let

There are some \$12,000 of "lot 10 per cent in their new church just erected, to com-certificate assessment" out, charged to private mence on the 17th of March, on St. Pa-

paid by the lot owners.

The chief of this department reports on The Catholic people of Weston and band two 2) hose carts, one (1) wagon, one (1) hook and ladder wagon, hose, buildings, etc., estimated to be worth about forty thousand dollars (\$10,000), and he recommends that property be bought on lower Main street and property because the lower Main street and prope in Court street, and that a new hose cart be sought for each, and that men be employed to care for the same. He also suggests, that as the loss now being used has been in service nearly four (4) years, and is badly worn, that as thousand (1,000) feet of new hose be bought for the department.

consideration the inclemency of the weather, by completing it at such an early date.

Thomas Brougham, our live and wide-awake railroad contractor, has

The book and ladder house on upper Broad-way is in need of a new roof. I recommend that the committee in charge of this department investigate fully the above suggestion. LEVEE.

The right of way has been partly secured part of the levee constructed at a cost of over our thousand dollars (\$4,000.) The Chicago & Northwestern Railroad company should be required to raise, at ence, their track to grade, and the levee be compleeted, or our beautiful driving park and other valuable property, may again be covered

by overflow waters. Now that the water works are completed and that the paving and sewerage bill, pre-pared some time ago and presented in the state senate by Mr. Carson, has passed both houses and has become a law, the paving can be done and not prove so heavy a burden on the property owners. The law provides for issuing of paving bonds, due in two, three, four and five years. One-lifth of the cost to be paid in cash, within sixty days by the property owners. These bonds are guarantood in no way by the city, but are a lien on the property in front of which the paving is

Otyer contracts are let for grading streets curbing, etc., and many more of the same kind are contemplated, and this committee will have much to look after. I recommend that a heavy roller be bought and that newly filled or graded streets be rolled with the same before the spring and summer rains set

This being a railroad center, and the terri tory of the city large, I deem it wise that there be a police force of eight men for night work and four for day work; a captain of the police for the night men and the chief for the day work, also some policeman for Streets ville. I believe the pay to the chief and captain should be seventy-five dollars per month. each, and the policemen sixty-five dollars each, this would make a total cost of less than \$12,000 for the force per year, while for the year ending March 1, 1881, fover \$35,-000 was taken in by that department, with a

smaller force.

The uniform prescribed for the police force consists of a blue frock coat, blue waistcoat and pantaloons, on the outer seam of which there shall be a white cord. The hats shall be like those now used by the Chicago po-

ice.
Mayor Vanghan also presented police rules Mayor Vanghan also presented police rules and regulations, among which were:

Any member of the department, for intoxication, willful disobedience of orders, indecent, profane or barsh language, disrespect to a superior, unnecessary violence to any prisoner or citizens, neglect in paying or securing his invitables. his just debts, for rent or necessaries, or who shall be guilty of immorality, or any breach shall be guilty of immorality, or any breach of the rules and regulations shall be subject to reprimand, suspension or dismissal, according to the nature or agreviation of his offense.

No member of the police force shall while

No member of the police force shall, while on duty, drink any kind of intoxicating liquor, enter any place in which intoxicating drink of any kind may be sold, except in the performance of his duty; nor shall he gamble or enter a gambling house while on duty, unless called to act officially. No member of the police force shall be at liberty to enter any house of prostitution, except for the purpose of discharging the duty of his office.

All the members were present at the evening meeting of the council, and considerable business was transacted. On motion of Alderman Mynster, the mayor's address was approved, and the police regulations therein recommended were accepted. Numerous petitions were pre-All cities of progress should have a market house. Farmers will come ten and fifteen miles to a market, sell their vegetables, chickens, etc., and leave every cent of their receipts with our merchants for dry goods, groceries, etc. Omaha will send her pedding wagons here each morning to buy, and in the official canvass and the bonds of new officials were read and accepted. Alderman James was elected chairman pro tem for the ensuing year. For city clerk Frank M. Hunter received one vote and Ed. Braupman five votes, the latter being declared elected for the ensuing year. Alderman Siedentopf claimed that the ordinance should be changed before a new fire chief could be elected and this move will doubtless make Wal dren the new chief. When the com mittees were announced, Alder-man Jaynes sent in his first blow at the new administration by refusing to act on any committee. The following six new policemen were announced: Thomas Skinner, Ben Austin, J. T. Hurley, John Dunn. J. E. Metcalf. B. F. Brooks and J. W. Morse, leaving two more to be appointed this evening. The council then adjourned till 7:30 o'clock

this evening. You Can Depend On It. V

"For severe toothache and Neuralgia of the For severe toothache and Neuragia of the head I used Thomas Eclectric Oil. This is cer-tainly the best thing I ever knew for relief of pain of any kind. The house is never without it. Mrs. A. M. Frank, 177 W. Tupper street, Buffalo, N. Y.

WIDE AWAKE WESTON.

How the Enterprising Citizens There Are Busying Themselves.

WESTON, Ia., March 16 .- I thought I would give you a sketch of our quiet little village. We are situated on the Chicago, Rock Island & Pacific and Chicago, Milwaukee & St. Paul railroads, ten miles east of Council Bluffs, in one of the finest agricultural regions in the great west, with a population of about

two hundred souls or more. The Chicago, Rock Island & Pacific and the Chicago, Milwaukee & St. Paul railways both have good depots here. We have two dry goods and grocery atores, one hotel, one blacksmith shop, two churches, one Methodist, one a Catholic, two saloons; one elevator on the Rock Island, owned by our live, wide awake grain dealer and townsman, Dr. W. A. Ellis. We also have George Gilbert, Sr., on the Chicago, Milwaukee & St. Paul railway as a grain dealer, where the farmers are receiving the ready cash for their grain. Mr. Gilbert is a live and wide awake dealer, and gives

general satisfaction to the public. Our popular stock dealer, Lars Jenson. shipped nine carloads of cattle last week road men of America—Gould, Vanderbilt and other. Before leaving railroad matters, let me say the companies here should be required to raise their tracks to grade and bridges, so as to give unobstructed waterways to Indian creek and all other streams in our city.

Free Public Library.—This is under your control and care. The room, fixtures, books, etc., are valued at about \$5,000. Treasurer Bennett reports \$2,690.10 as the amout due the library fund for the taxes of 1883. It has been thought best by the trustees to secure larger room, and I hope you will do all in your power to add to its usefullness as a means of instruction.

Debt—It is estimated that the floating in debtedness of the city is less than \$10,000. There are some \$2,000 of "lot 10 per cent certificate assessment" out, charged to private the results of the city is less than \$10,000. There are some \$2,000 of "lot 10 per cent certificate assessment" out, charged to private the required to assessment of the city is less than \$10,000. There are some \$2,000 of "lot 10 per cent certificate assessment" out, charged to private to make more on Saturday next. Mr. Jensen informs your correspondent that he has purchased five thousand dollars worth of cattle this winter from E. Burbridge, one of the largest and best farmers in Boomer township, and that he still has any amount of stock on hand yet, consisting in hogs and cattle. Mr. Burbridge has one of the finest farms in Pottawattamic county. He has three hundred tame county are county in the county in the following tame. from our little burg, and will ship six car-

lots, but about two-thirds of them have been trick's day, to continue three days and nights. A general invitation is given to everybody. Success to them. The Catholic people of Weston and

and builder of the church, taking into consideration the inclemency of the

awake railroad contractor, the contract of filling around the Chicago, Milwaukee & St Paul railway depot, and will commend work on the same just as soon as the ground softens up enough. The name of for the building of a substantial leves in the northwestern portion of Second ward, and a the completion of the work.

Our live and wide awake farmer, Henry Mathisen, has laid off a new addition to our town, and calls it Mathison's addition to Weston, and is offering lots for sale cheap. More anon.

JUSTICE.

ARE YOU GOING TO EUROPE? In another column will be found the an-ouncement of Mesers, THOS, COOK & SON, ourist Agents, 261 Broadway, New York, relative to the very complete arrangements they have made for tours in Europa the coming Spring and Summer. "Cook's Excursionist," containing maps and full particulars, will be mailed to any address on receipt of 10 couts.

Real Estate Transfers.

A Splendid Remedy for Lung Dis-

cases. Dr. Robt. Newton, late President of the Eclectric College of the City of New York, and formerly of Cincinnati, Ohio., used Dr. WM, HALL'S BALSAM very extensively in his practice, as many of his patients, now living, and restored to health by the use of this invaluable medicine, can amply testify. He always said that so good a remedy ought not to be constituted mently as a nature, medicine. to be considered merely as a patent medicine, but that it ought to be prescribed freely by every physician as a sovereign remedy in al cases of Lung diseases. It is a sure cure for Consumption, and has no equal for all pectoral

Kellinger's Liniment. We desire to call the attention of the pub-lic to Kellinger's Liniment, one of the bes
