A Positive Cure for Every Form Skin and Blood Diseases, from

Pimples to Scrofula. THOUSANDS OF LETTERS IN OUR POSSEsion repeat this story: I have been a ter
rible sufferer for years with Blood and Skin Humors; have been obliged to shun public places by
reason of my disfiguring humors; have had the best
physicians; have spent hundreds of dollars and got no
real relief until I used the Cuticura Resolvent, the
new Bood Purifier, internally, and Coticura and
Cuticura Soap, the Great Skin Cures and Skin Beautifiers, externally, which have cured me, and left my
skin and blood as pure as a child's.

Almost Incredible.

James E. Richardson, Custom House, New Orleans, on oath, says: In 1870 Scrotulous Uleers broke out on my bady until I was amass of co ruption. Everything known to the medical faculty was tried in vain. I became a more wreck. At times I could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. In 1889 I heard of the Cutleura Remedies, used them and was perfectly cured.

Sworn to before U. S. Com. J. D. CRAWFORD.

Still More So.

Will McDonald, 2542 Dearborn Street, Chicago, gratefully acknowledgesa cure of Ecsema, or Salt rheum, on head face neck, arms and legs for seventeen years not able to move, except hands and knees for one year; not able to help myself for eight years; tried hundreds of remedies; doctors pronounced his case hopeless, permanently cured by the Cuticura Remedies.

More Wonderful Yet,

H. E. Carpenter, Henderson, N. Y., cured of Psorlasis or Leprosy, of twenty years' standing, by Cuticura Remedies. The most wonderful cure on record, A dustpan full of scales fell from him daily. Physicians and his friends thought he must die. Cure sworn to before a justice of the peace and Henderson's most prominent citizens.

SAHLER SHELVED.

The city election yesterday passed off very quietly. Only a moderately large vote was polled. With a few exceptions the absence of the bummer element and drunken men was notably marked. Three own successors. The old members of the board were elected by overwhelming maorities, carrying every ward in the city.

The principal contests were in the First, Third, Fifth and Sixth wards. In the First ward considerable money and great efforts were expended by the defeated candidate and his friends. The Third ward the result was very close. Pat Ford was elected by a plurality of 26 votes, D L. McGuckin, having the next highestnumber. The two other can didates in this ward received a small vote only. Beehel was elected in the Fourth ward without opposition- In the Second ward Behm was elected by 237 amid the howls of a tickled crowd. votes over John Mahoney. In the Fifth All day long the cry of, "Oh, mister, jority was 33 over Jerry Whalen. In the Sixth Furay's majority is 64. APRIL FOOL!

The Small Boy Standeth Upon the Corner and Laugheth at the Unwary.

Yesterday was April Fool's day, and from time immemorial the small boyyes, and the large one, too-has racked his brains to discover some way by which he could turn the laugh upon some person whose mind was fixed upor more lofty things than April fool jokes.

Bright and early yesterday the small boy had placed his package, nicely tied up, upon the sidewalk, and, together with his comrades, stationed himself around the corner to watch the unsuspecting mortal as he plodded through the mud and stooped to lift the tempting parfight was a quite warm one and resulted cel. In the fell upon his ear and with muttered curse he threw to the ground that which had caused his chagrin, and there it lay until the next "sucker" would bite, only to be made a fool of.

The well-filled pocket-book was also nailed upon the sidewalk in a conspicuous place and left for a blind. The ha with a brick under it was left for the unwise man to kick and then limp away

A regular meeting of the city council was held last night, President Baker in the chair Roll call found members Hascall, Woodworth, Dunham, Redfield, Murphy, Kaufman, Anderson and Baker, 218 present. The minutes of the previous meeting were read and approved. A communication from the mayor, stating that he had approved all ordinances passed at last meeting, was read and ordered placed on file. Several other unimportant 230 communications were read and referred. The special committee consisting of Hascall, Woodworth and Anderson, appointed to investigate the official conduct of James Creighton, chairman of the board of public works, made a report. The committee reports at considerable length the investigation and exonerates Mr. Creighton in every particular point against which a charge was made, and severely condemns the editor of the paper making the charges. The report was unanimously adopted and ordered printed one time in the official organ of the city. The council then adjourned to meet next

CAIRO, April 1 .- Gordon has finally decided to abandon the policy of conciliating the natives, being convinced by repeated efforts and failures that it is utterly useless. His new policy will be more vigorous, and as the first step towards carrying it out the Egyptian soldiers detailed to give safe conduct to parties leaving Khartoum, have received orders to return to the beleagued citadel immediately.

A CROOKED ELECTION.

'Anything to Beat Thrane," the Motto in the First Ward.

Five Italians Arrested for Illeged Voting-A Hot Fight in Some of the Wards.

Election day dawned bright and clear, and at eight o'clock when the polls were opened a good sized crowd was present at each polling place. During the first few hours, although there was a great deal of interest manifested in the wards, the first and third particularly, yet quiet prevailed and the friends of each candidate labored vigorously for his election and buttonholed each voter. Like the father welcoming the prodigal son, the interested parties spied a man afar off and hastened to greet him with a smile and a ticket, and of course each one had

president of these United States. That there was also a great deal of illegal voting there is no doubt. In the first ward about 11 o'clockin this forenoon, a boarding house keeper. whose name we were unable to learn, marched up to the polls with a crowd of green Italians, and proposed to vote them for Duncan. Of course they were not registered, how could they be when they were not voters, but the Duncan crowd proposed to vote them whether or no. They swore in their votes, despite filibustering expedition against Cuba, the protests of Mr. Thrane, the and say none could be fitted out secretly. opposition candidate, and others, and their ballots were deposited in the box. Immediately after they had cast their ballots for Duncan they were arrested and marched to the city jail and placed within the grated cells. There were seven of them all told, but two of them succeeded in escaping before the jail was reached. One of those who escaped was not a day over sixteen years of age, and yet the men who insisted on their voting had so little principle that they cared not whether he was more than twelve, so long as they could secure his ballot Duncan. A BEE reporter visited the prisoners in the jail yesterday and they admitted that they were not voters and had never obtained their naturalization papers. but said that they had been promised plenty of work in the city, and other things also, if they would only vote for Duncan. They will be complained against for illegal voting and it will be seen what the strong arm of the

law can do in such cases. Such has been the means employed at this election. It has been anything to beat Mr. Thrane in the first ward and it now remains to be seen how well this scheming and trickery on the part of the roustabouts and ward bummers will suc-
