Saturday Morning, April 26.

SUBSCRIPTION RATES. By Carrier - - - - - 20 cents per week. By Mail - - - - - \$10.00 per year.

OFFICE: No. 7 Pearl Street, Near Broadway.

MINOR MENTION.

See J. Reiter's, spring goods. Seed corn at John Hanthorn, 700 Broadway.

Spiritual sociable this evening. Music and dancing.

The democratic delegate to Burlington returned yesterday morning.

The veterans who attended the reunion at Marshalltown returned yesterday.

Ladies, go to Mrs. F. P. Jones' millinery opening to-day. 14 Main street.

A postal note found on the street is awaiting its owner at Justice Schurz's office.

Elegant line of black Plumes just received at J. J. Auwerda's, 317 Broadway.

All railroad tickets bought of D. W. Bushnell are guaranteed, also all rebate orders given by him.

Monsieur and Madame LeFleur are now charged before Justice Schurz with keeping a house of ill-fame.

It isn't much of a town now that cannot at least arrest one man on suspicion of being Glover, the Missouri murderer.

Strawberries appear in the market, and the churches are planning to steal a march on each other by giving the first festival.

A St. Louis merchant named Hayes yesterday got an injunction restraining the sheriff from selling Smith & Tallor's stock as advertised for Monday next.

Engineer Birkinbine, of the water-works, has presented Chief Templeton, of the fire department, with a really elegant spanner which the chief will keep for Sunday use.

Thomas Cusick and William Chapman were the names given yesterday by two fellows arrested on suspicion of having stolen some plated spoons and knives which they were found selling.

"There is no death; what seems so is transition." Spiritual circle to-morrow afternoon and evening at Spiritual Hall, (Shugart & Beno's) block at 2 and 7:30 o'clock. Entrance on Main and Pearl streets, two doors south of post office.

"The Western Wonders" who appeared at Dohany's proved wonders only in the fact that they got even a few to go to their show, and that they got anybody to stay half through. If those few had read THE BEE, they would not have been sold so badly.

Arrangements are being made for a contest here at the rink, to decide who is the fastest two mile skater, the contest to be open to Council Bluffs and Omaha skaters. John Epeneter, who won the one mile contest here, will step first as Council Bluffs favorite in the two mile race.

One of the same American Express teams which ran away Thursday took another run yesterday on the same street, Madison. The driver, Ed. Bennett, jumped out of the wagon. The runaway collided with a wagon by Wias & Clausen's store, smashing one of the wheels of the wagon.

Meetings under the auspices of the Y. M. C. A. to be held as follows: Bible study and song service this evening at 8 o'clock in room 1240 Main street. Young men are invited, and the regular gospel service for both ladies and gentlemen at the Presbyterian church to-morrow afternoon at 4 o'clock. All will be welcomed.

Miss Stella Hall, the little daughter of L. N. Hall, attracts much attention and calls forth many complimentary remarks whenever she appears on the floor of the skating rink. The little Miss is only eight years old, and she is so skillful on rollers that she glides about like a little fairy, and she is getting well along with fancy skating, some of her movements being remarkable for grace and skill.

It seems that Council Bluffs is to have no representative in either of the national conventions. The democrats, by a row among themselves, lost the chance of getting a delegate to their national convention, and it is claimed that the republicans of the city, with an eye to getting the congressional nomination, are going to personally give the delegates to some other county.

Three young fellows giving the names of William R. Nimmus, Dick Miller and Charles Daley were arrested on the charge of stealing a revolver from the head waiter at Bechtel's. They had a valise which they handled suspiciously and which they took to the express office for shipment. The young men were locked up, and the valise overhauled, but no stolen property was discovered, so they were released on the payment of costs.

About a week ago some one fired some shots through the windows of John Margal's house, in Omaha. Margal caused James Smith, Walter H. Bennett, and Joe Huffman to be arrested as being the ones who did the shooting. Smith had his examination before Justice Schurz yesterday and was discharged, the evidence showing that none of the three were at the place, and all were at home with their wives at the time of the shooting. The cases against Bennett and Huffman will now probably be dropped.

There was a crowd of ladies all yesterday at the cooking school in the Boston Tea Store, interested in learning how to make nice bread food. Visit the Boston tea-store and see how easy it is done. Information free.

JONES CLEARED.

The Charge of Stealing from the Express Company Does not Stick.

A Large Delegation from Neola

The trial of Charles F. Jones before Judge Aylesworth yesterday, caused a large gathering of the citizens of Neola, where the trouble arose, some being witnesses, many more interested spectators. Jones has been doing the transfer business between the two depots, and Jet Robinson, one agent, claimed that he delivered to Jones two money packages, one for \$19 and one for \$4. The other agent claimed that Jones never delivered the packages to him. Jones was not in the habit of giving receipts to Jones and took none from the other agent, but claimed that the package received by him had been delivered to the other agent, so far as he knew. After spending most of the day in hearing the case, Judge Aylesworth discharged Jones. The judge held that there was evidence showing that Jones received the packages, and that the other agent did not receive them from Jones, and that probably Jones would be held responsible in a civil action but there was no evidence that he had acted criminally. The packages might have been lost by him in transit or disappeared in some other way. If a piece of one of the envelopes or part of the money had been found in his possession, there would have been some evidence of his having converted the money to his own use, but there was no such evidence.

When the accused was discharged, the crowd clapped their hands enthusiastically, and Jones with his friends marched off in triumph.

The feeling between the two agents at Neola, and the division of sentiment and sympathy in the community, have led to much strong feeling back of the outward case, and Neola has been greatly exercised over the arrest and prosecution.

What Everybody Ought to Know.

That Prof. Horsford's Phosphatic Baking Powder has for its active agent Prof. Horsford's Acid Phosphate in powdered form, which restores to the flour a large percentage of the nutritious phosphates which are taken from the flour in the process of bolting, the deficiency of which is a frequent source of ill health and retarded mental development.

Phosphate of lime, an essential constituent of all grain, is the principal ingredient in this powder. It is not only an important nutritive principle, but also an indispensable element in the construction of all bodily tissues. The biscuits, gems, etc., made with this powder are remarkably light, sweet and palatable. They may be eaten warm or hot by persons with delicate digestive organs where biscuits made by the ordinary process must become stale before being eaten. In raised biscuits the carbonic acid is obtained at the expense of certain nutritious elements of the flour, while by using Horsford's Baking Powder this loss not only does not occur but the eliminated phosphates are in a great measure restored and the products rendered more easily digestible. The highest medical as well as chemical authorities consider "Horsford's" by far the most valuable among the great number of baking and yeast powders, and it is for sale by leading grocers everywhere. Prices same as other so-called first class goods.

PERSONAL.

C. Woods, of Persia, arrived at the Ogden yesterday.

E. W. Stanley, of Boston, is at the Ogden.

E. P. Lorange and O. M. Druse, of Lincoln, were at Bechtel's yesterday.

Charles S. Early and A. Platt, of Sac City, dined at Bechtel's yesterday.

J. W. Chaffin, of the Red Oak Express, returned home last evening.

W. W. Oliver, of Centerville, Iowa, was in the city, and at the Pacific yesterday.

James Turner the wide-awake news agent at Missouri Valley, was in the city yesterday.

Prof. E. R. Paige, now of Chicago, is in the city looking after his property interests here for a few days.

S. W. Ferguson has returned from Grant City, Missouri, where he spent his tenth wedding anniversary with his family who are visiting friends there.

Col. J. W. Chapman returned yesterday from Washington. It is whispered that his mission thither was in the interests of the Union Pacific road.

There will be a practical demonstration of the superiority of Prof. Horsford's Phosphatic Baking Powder at the Boston Tea Store to-day. Ladies call and see the proof of the assertion that "Horsford's" is the best in the world." Hearing is believing.

Fast in Figures.

Yesterday afternoon there was a competitive exercise in rapid computation between the pupils of Miss Swan's room, and those of Miss Lyons in the Bloomer building. The figures were placed on a board behind a curtain, which was then

dropped, and the pupils would mark the result in chalk on their slates and hold them up. The judges were Mr. Ed Mott, Mr. Frank Cook and Mrs. J. K. Cooper. The pupils averaged in age between seven and ten years, and their computations were certainly remarkable both for accuracy and rapidity. There were ten pupils in Miss Swan's class and 23 in Miss Lyons'.

The first exercise consisted of ten examples in addition. Miss Swan's pupils averaged 7.5 in correctness and Miss Lyon's 8.5. On six of the problems Miss Lyon's class was first to give the result, and Miss Swan's class first on three problems, while on one there was a tie. The second exercise consisted of four problems in combination of numbers. The result was about as the first exercise. The third exercise was a test of time in the addition of twelve numbers. The first result was gained by Miss Lyon's class in the speedy time of four seconds. One was gained by Miss Swan's class in 20 seconds. And the two others by Miss Lyon's class in the same time.
