AUCTION SALE
of LOTS in
TOWN of PERSIA!

80 Choice Lots will be offered at Public Sale on
WEDNESDAY, April 30th, 1884,
at 10:30 A. M.

Persia is located in Harrison County, Iowa, on the Chicago, Milwaukee & St. Paul Railway, thirty miles north of Council Bluffs and Omaha. Persia is not yet two years old, but already hundreds of people have made new homes and established prosperous business within her borders, and there is still room for many more.
Persia, in addition to being the contemplated point at which the projected short line from Sioux City to Chicago will intercept the main line, is in the midst of a most productive agricultural region, and with such manifest advantages cannot fail to develop into a city of surprising proportions at no distant day.
The lots are distributed in each and every block in the town, and are therefore both business and residence lots. The business lots are located on the level plateau near the depot, and are fully as desirable as any of those now built upon; they are of a uniform size of 25x142 ft. The residence lots are located on the beautifully elevated portion of the town more remote from the depot, and are 50x142 ft. in size.
Business lots will be sold and designated as the east and west half of lots and blocks. In all other respects lots will be sold as per plat of town as it appears on the County records. Title perfect. All lots to be sold to the highest responsible bidder on the following terms, viz.:—One-third of purchase price to be paid when lot is sold. A contract for deed will be given, conditioned that the balance of purchase price be paid in six, twelve and eighteen months with interest at 8 per cent per annum. A discount of 5 per cent on deferred payments will be made for cash. An agent will be on the premises with a map to show property to all visitors prior to sale. Address

POISON

In the blood is apt to show itself in the spring, and nature should by all means be assisted in throwing it off. Swift's Specific does this effectively. It is a purely vegetable, non-poisonous remedy, which helps nature to force all the poison or taint out through the pores of the skin.
Mr. Robert A. Easley, of Dickson, Tenn., writes, under date March 10 1884: "I had chills and fever followed by rheumatism, for three years, so that I was not able to attend to my business; had tried almost every kind of medicine, and found no relief. A friend recommended Swift's Specific. I tried one bottle and my health began to improve. I continued until I had taken six bottles, and it has set me on my feet, as sound and well as ever. I recommend it to all similarly afflicted."
Letters from twenty-three (23) of the leading retail druggists of Atlanta, say, under date of March 24th, 1884: "We sell more of Swift's Specific than any other one remedy, and three to ten times as much as any other blood medicine. We sell it to all classes, and many of the best families use it as a general health tonic.
Our treatise on Blood and Skin Diseases mailed free to applicants.

ADDITIONAL LOCAL NEWS.

A NARROW ESCAPE.

The Floor of St. Paul's Episcopal Church Gives Way.

At the Sunday night service at St. Paul's Episcopal church, there was almost a crush. The church was packed to its utmost capacity, every available bit of sitting and standing room being taken, and fully a hundred people were unable to get in, even the vestibule being filled. The cause of all this rush was the desire to hear Bishop Perry and witness the confirmation of the class, which numbered 30—the largest class ever confirmed in the history of the church in this city.

Shortly before the close of the service a stone pillar in the basement supporting the center of the floor gave way, causing the floor to settle with a crack, which caused some alarm, but fortunately no such panic occurred as would probably have occurred had those present realized their danger. The congregation moved out slowly and deliberately and the floor gave way no further.

An examination made afterwards showed the floor to be in a very tottering and weak condition, and yesterday workmen were employed in strengthening it so that there will be no possible danger of any repetition of the occurrence.

This accident is but a forcible reminder of the oft-repeated remark that Council Bluffs needs better church buildings, there not being a single church in the city which is really a credit to a city of 25,000 inhabitants.

LETTER FROM ASSEMBLYMAN HOAG.

STATE OF NEW YORK, ASSEMBLY CHAMBER, ALBANY, April 13, 1883.

During my temporary residence here the past winter, I contracted a severe cold, which for a time confined me to my room and rendered me unfit to attend to my duties. I not only suffered all the inconveniences which usually attend a heavy cold, but was afflicted with a tightness in the chest, accompanied with a severe pain, which made breathing difficult, and rest impossible. I tried the usual remedies—cough drops, cough cordials, &c., but received no substantial relief until I applied ALLCOCK'S POROUS PLASTERS, on my back and chest.

These I put on when retiring, and was delighted to find myself much better the next morning. In two days I was well. This, and the experience I have had with Allcock's Plasters in my family, has convinced me that for coughs, colds, sprains, bruises, rheumatism and local pains, Allcock's Porous Plasters are the quickest and most effective remedy extant.

A Cure of Pneumonia.

Mr. D. H. Barnaby, of Owego, N. Y., says that his daughter was taken with a violent cold which terminated with pneumonia, and all the best physicians gave the case up and said she could not live but a few hours at most. She was in this condition when a friend recommended DR. WM. HALL'S BALSAM FOR THE LUNGS, and advised her to try it. She accepted it as a last resort, and was surprised to find that it produced a marked change for the better, and by persevering in its use a permanent cure was effected.
