

THE DAILY BEE.

Tuesday Morning, April 29.

NEBRASKA STATE GAZETTEER & BUSINESS DIRECTORY to be issued in July, 1884, price \$4.50.

LOCAL BREVITIES.

The Woman's Christian Temperance association will meet in their rooms this afternoon at half past two o'clock. The family of John Linsay Sunday received an increase in the shape of two bright boys. They are the prettiest twins of their race which have ever appeared in Omaha.

WHAT THEY THINK.

The Views of the Mechanics, Job Printers and Merchants.

A Chat With Several of the Above and Their Views in Regard to the Recent Strike and the Subsequent Moves of the Strikers and Their Friends.

A reporter happened to meet one of the Moulder's Union, who was present at the "grand mass meeting" on Saturday night, and asked him what he thought of "Well," said he, "it was the most disgraceful thing I ever witnessed in a meeting called by workmen."

"What do you think of it now?" asked a reporter of a bricklayer who was not at the "citizens' meeting."

"Well, I must say it looks altogether different from what I thought it did. The way the meeting was conducted by the printers looks as though they were afraid to back the truth."

J. R. Manchester, assistant claim and stock agent of the U. P., left for Beatrice yesterday on railroad business. A party of eastern friends accompanied him as far as Council Bluffs, the new town between Lincoln and Beatrice, where they will probably locate in the near future.

The Barber Asphalt Company began its first work of this season laying pavements yesterday. The first block paved with asphaltum will be the one on which the post-office building is. The two unpaved sides of this block will be paved as soon as it can be done.

The suit of Emma Washburne, otherwise known in this city as Neokelita against A. B. Huberman was tried in the county court yesterday. This case was an action in replevin to recover the possession of a diamond ring, alleged to be the property of the plaintiff.

A warrant for James St. Louis, Mo., April 25.—A Versailles, Mo. special says it is reported that Sheriff Cooper of Cooper county, is now in Honesville, Ala., armed with a revolver from Gov. Crittenden for the arrest of Frank James on the charge of participating in the Ottoburn train robbery.

SUBURBAN VILLAS.

A Residence Park to be Laid Out 2 1/2 Miles West Omaha, by Mr. Touzalin and Others.

A. H. Touzalin, vice president of the Atchison, Topeka & Santa Fe railway, who has been in the city for some time past left, yesterday for Kansas City. While here he has with several other gentlemen whose name cannot, for the present, be mentioned formed themselves into a company for the purpose of laying out and keeping a residence park in West Omaha.

THE BOARD OF PUBLIC WORKS.

A Long Session with but Little Business Done. At the special meeting of the Board of Public Works last evening, all the members were present. The contract of Hugh Murphy & Co., for paving St. Mary's Avenue, was called up for signature, there being some defects in originally signing it.

A communication from the street railway company asking permission to pave its track on Fifteenth street on a sand foundation was read by the secretary. Permission was granted to pave one block on this foundation.

A communication from J. E. Riley & Co., offering to lay the gutters on Ninth street with the same materials as the pavement of that street, the guttering to be of regular paving blocks on broken stone and sand, making the gutters of the same form as under the original contract without extra charge. The curbing and guttering was ordered done according to original plan and specifications.

The bids for filling lots 1, 2, 7 and 8 in block 94 were next opened. The contract was awarded to Geo. B. Stryker at 20 cents per square yard. The ordinance of the city council relating to the appointments of inspectors was read. Daniel Kennison was appointed an inspector subject to the confirmation of the city council. The board then adjourned.

Harvard's Acid Phosphate, or "Fick Headache." Dr. N. E. Read, Chicago, says: "This is a remedy of the highest value in many forms of mental and nervous exhaustion, attended by sick headache, depression and diminished vitality."

THE MAIL SERVICE.

Standard Time to be Used in the Post Office After May 1st.

The Fast Mail Train to Run Direct into Omaha. In the near future some important changes will take place about the post-office and in the mail service in this city. The partial failure of the fast mail and the new time card to be adopted soon by the Union Pacific railroad have brought them about.

STANDARD TIME. On Thursday next the new time card of the Union Pacific railway goes into effect. In addition to the change of the time of arrivals and departures of certain trains from this city standard time, recently adopted at the meeting of the division superintendents of the Union Pacific railway in this city, will also go into effect. When the result of this meeting was made known to the public through the columns of the Bee it was divined that the city would be forced into adopting it, as all the roads leading out of Omaha would be using it. An important step in that direction was made yesterday.

Postmaster Coutant, after deliberating over the matter, has concluded to adopt standard time also. On next Wednesday night at twelve o'clock the hands of the postoffice clock will be turned ahead twenty-four minutes, thus making its time correspond with that of the railroads. This will be done to save the annoyance and trouble of continually adding the twenty-four minutes to the sun time which is now used in the city by everyone except the railroads. When this ordered change shall go into effect it will be only a question of time as to how long the city can hold out against its adoption.

THE FAST MAIL TRAIN. Postmaster Coutant yesterday received a letter from Senator Manderson in which also was a communication from F. B. Thompson, superintendent of the railway mail service. Mr. Thompson states his attention has been called by the newspapers of this city to the impractical workings of the fast mail trains so far as regards Omaha. He continues that as this fast train costs the government nothing additional it will be kept in the service.

At no distant date, Mr. Thompson says, under the authority of a prominent C. & N. P. official, that this train will run direct into Omaha by way of Pacific Junction. Its arrival here will be in time probably for the distribution of the mail in the evening, as the running time between Omaha and Ottumwa will be shortened materially and the delay of transfer at the Bluffs will be avoided.

Not Reported. With a majority of people it is an experiment that Dr. Bosanko's Cough and Lung Syrup is a cure for Coughs, Colds, Pains in the Lungs, Soreness in the Throat, etc., but for those who doubt, ask your neighbor who has used it or get a free sample bottle of Schroder & Becht, the druggists. Regular size 50 cents and \$1.00. Sold to the trade by C. F. Goodman.

HAZEL KIRKKE. A Rare Dramatic Event at Boyd's Last Night.

The "Cremore de la cremore" of Omaha society greeted the Madison Square opera house last night. The fact that the veteran actor C. W. Couldock was to assume the role of "Dunstan Kirke" and that "Hazel Kirke" trials and joys were to be in the keeping of that talented young lady, Miss Annie Russell, was sufficient to draw a liberal patronage from the elite of the city. O. W. Couldock's "Dunstan Kirke" has become a household fact, his magnificent rendition of the iron-willed father needs no words of praise from country critics. Miss Russell, as the winsome, loving and pathetic "Hazel," won every heart in the theatre. Outside of the character of Mr. Graham is decidedly out of place in the role of "Lord Travers." He has not the slightest conception of the part. The sooner the management fills his place with a man who has an idea of the bearing of a gentleman, even much less that of a peer, the better for the reputation of their company.

Watches, Diamonds, and Silver ware, everything way down in price at Huberman's, and all first class. 26-2t.

OAKHURST. Oakhurst has been placed on sale again and is meeting favor among all classes of investors. The location is beautiful, it is within three blocks of the Park Avenue cars—lies high and dry, with excellent drainage, and on each lot from three to six excellent shade trees of natural growth add to the beauty of the addition. Lots on all sides of Oakhurst sell at from \$800 to \$1,000, but until further notice we offer Oakhurst lots at \$400 to \$600, one-quarter down. Sales of these lots will be rapid, and now is the time to look over the addition and choose your lot. You can see these present prices will soon advance, and now is the time to invest in one of the handsomest locations in Omaha.

LOST A LEG.

Christopher Lawn Falls Beneath a Moving Car and Loses a Leg.

Sunday morning, about 6:30 as Christopher Lawn, a switchman in the employ of the Union Pacific company, was engaged in coupling cars a few feet east of the depot, he caught his foot between a guide rail and the rail proper, in such a manner as to be unable to extricate it. A moving car ran him down and passed over his leg just above the ankle. Doctors Galbraith, Hoffman and Herzman were called and amputated the injured member. He was taken to the St. Joseph hospital and is getting along as nicely as could be expected. He is a married man.
