Stocks-Active and weak at the first call prices rallied 1@7. Lake Shore was conspicnously on the reports and loaned stock will be called in. Nearly all the leading shares were inactive. There was a borrowing demand, showing an oversold condition of the market Meantime Denver was very weak, selling down to 10h, the lowest yet reached. Near one o'clock Central Pacific broke to 50 against 541 at the opening. No special reason was assigned for the break. The others yielded to it on sympathy. Central Pacific subsequently rallied 17. During the afternoon Jersey & Reading were the features of speculation, the former rising 32 and the latter 21. The strength of the two stocks mentioned had a favorable influence on other active shares, until near the close, when there were great pressures on Western Union, Union Pacific, and Missouri Pacific. Vanderbilts were noticeably firm. The market closed heavy. Out of 110 stocks traded in, 20 closed lower than last night, 11 higher, and 6 unchanged.
