

THE DAILY BEE. COUNCIL BLUFFS.

Thursday Morning, May 8.

SUBSCRIPTION RATES. By Carrier 30 cents per week. By Mail \$1.00 per year.

OFFICE: No. 7 Pearl Street, Near Broadway.

MINOR MENTION.

See J. Reiter's, spring goods. Congregational social to-morrow evening. There is still a great demand for houses rent. Herman Kissell says it's nice to be a papa. It's a boy. 150 DOZEN Ladies' and Children's hose at less than cost at Laing's. The dentist's meeting draws well, and the proceedings are filled with interest. Ladies are especially invited to visit L. C. Arthur's millinery opening today. The fliest thing out is the dust which is almost too, too fly. Where are the sprinklers? Thirty-six saloon licenses have been granted for the coming quarter by the city council in spite of the coming fourth of July. The sidewalk at Dohany's opera house is being made of concrete, and promises to be a good one. Persons interested in school matters should read the advertisement of the new Commercial and Normal school in Council Bluffs. The case of obstructing the street with a dirt wagon, was a case up before Justice Schurz yesterday, but neither party appeared.

Where's Omaha's fast roller skater to compete with Johnnie Epeneter? Omaha should speak up. Council Bluffs is aching for a contest. Henry Westlake, who has been in several scrapes here of late, was yesterday sent back to jail by Justice Schurz for ten days on a charge of vagrancy. Are there to be any flowers in Baylin's park this year? There are some beds made ready to receive plants. Let the citizens take hold and fill them up. Nephi Winchester was fined yesterday for being drunk again or for keeping up the same old drunk. It was about time that old Nephi was getting some of the old fines paid out. Mr. D. E. Bevoise, ticket agent of the pool lines, has a number of large and convenient maps of the Northwestern road, which he will give out to business men on application. Hans Larsen, alias N. Brown, or Brown, alias Larsen, was fined yesterday for being drunk and being let out to get the money, proceeded to renew the drunk and was run in again. It is rumored that the teamsters who are now being paid \$3 a day propose to strike next week for \$4 a day. Whether the advance will be granted without a struggle is an uncertain question. A sewer water pipe in upper Broadway burst yesterday. If the mayor had to appoint fifteen special policemen because a main burst, he ought to have put on about five specials for a sewer pipe. The bills for special police are not read in open council, as formerly, but referred to the police committee with the power to allow. It don't do to have too much publicity about these matters. C. Nelson, a brakeman on the Sioux City road, fell from a moving train near the Northwestern depot, Tuesday, striking on his head, and suffering concussion of the brain, which may prove fatal. Work is suspended at present on the government building, the wait being for Congressmen Pusey to get that other \$100,000 appropriation, in which event the plans would be changed somewhat. Many are asking the question, for how long is Walters elected chief of the fire department? As none of the city officials seem to know positively, or at least as they do not agree, it is no wonder that outsiders cannot tell. The sensation yesterday was the beginning of the work of cleaning up of the Presbyterian alley, as it is familiarly known, though it has been anything but Presbyterian in cleanliness or godliness. It has long needed regeneration. John Ahles had a narrow escape from being bitten by a large dog belonging to Mrs. Davis, on upper Broadway. The dog rushed at him as he was going along the street. The chief of police has notified Mrs. Davis to hereafter keep the dog chained. A quartette of fellows living in a dug-out near Rapp's got into a squabble yesterday. The survivor claims that the three others knocked him down and robbed him of \$10 in money, and then skipped out. The police have not captured the robbers yet. There are including the chief thirteen of the fire department who have left the service on account of the recent election of Walters, and as that is over half of the active force it necessitates practically a reorganization of the entire force. The indignation of the citizens at the heedless action of the council increases rather than diminishes. The more they think of it the madder they get. City attorney Holmes, several days ago, filed his report on the question whether the mayor had a right to cast a vote in case of a tie. Mayor Vaughn was very anxious to have the opinion given very promptly, but this desire for haste rather weakened when it was learned that Holmes' opinion he would not vote, even on a tie. If the report had been of a different character it would have been called up several days ago.

"Texas," the well known son of Africa, was arrested yesterday, together with several of his dusky household on the charge of conspiracy and also of the larceny of \$50, a white man claiming that he entered the place and got downed for that amount. The victim gives the name of Noble, and claims he is from Harrison county. He says he was seeing the sights, and while in this house his pocket book was got away from him. Besides "Texas" whose name is Richard Baker, Mary Baker, Emma Brown and Minnie Travell were arrested.

There was a happy time at the roller-skating rink last night at the benefit ball given by the Bavarian band. A pleasing programme of twenty numbers was arranged and with good music and a select company, there was special enjoyment for all who participated. One of the events of the evening was the opening of the cream parlors, which Mr. Martens has decided to conduct in connection with the rink. These parlors are nicely fitted up; all the needfuls in the way of ices and creams are excellent. Mr. Martens' enterprise will be doubtless appreciated by the public.

A young man giving his name as Dennis A. Hearn and claiming to live in Omaha, was arrested yesterday afternoon on lower Broadway by officer Austin, who deemed him a suspicious character. The young man had hidden in his sleeve a lady's gold watch with enameled case, and an acorn charm attached to the chain. The young man insisted the watch belonged to him, and he had a right to carry it to suit himself, but he will have to wait and be investigated.

J. W. LAING has only six weeks longer to close out his stock.

PERSONAL.

A. P. Tenney has gone to Texas to join his family there. Wm. Paxton, of Omaha, was on this side of the river yesterday. Little Gracie Clark, the bright little daughter of C. S. Clark, is, we are glad to say, better, and is now in a fair way to recovery. We hope Gracie's little one will be spared to him, because she is her father's idol and a precious jewel in the household. Dr. A. H. Post, pastor of the Baptist church at Harlan, was here yesterday, on his way home from Missouri Valley, where he has been attending the ordination of the pastors there. He says that a lively interest is being taken at Harlan in the Home of the Friendless of this city, and that a strong local board has been organized there. Rev. J. G. Lemon is at home again. He has been away much of the time of late, working in the interest of the Home of the Friendless, of which he is manager. He reports much success, and among the encouraging features, is the fact that several of the churches have agreed to take annual collections for the home. He goes to Logan to speak to-night and to-morrow night in its interest.

Bigger reductions than ever to close out my stock by July 1st. J. W. LAING.

Shipments of Stock.

The following were the shipments of stock at the union yards yesterday: B. S. Clark, one car cattle, 40 head, to Hastings via U. P. C. F. James, one car horses, 17 head, to Fort Robinson via N. W. Stokes & Russell, ten cars cattle, 450 head, to Hatchery, Neb., via U. P. E. F. Frederick, seven cars cattle, 280 head, to Rock Creek, Wyoming, via U. P. E. P. Frederick, one car horses, to Cheyenne via U. P. P. M. Mallon, four cars cattle, 165 head, to Lenora, Kas., via Mo. P. Bacon & Co., eleven cars cattle, 48 head, to Overton, Neb., via U. P. C. A. Cuzzel, two cars cattle, 80 head, to Franklin, Neb., via B. & M. Bushnell sells railroad tickets cheap to all points.

Council of Ordination.

Pursuant to the call of the Missouri Valley Baptist church, the following churches responded by delegates May 6, at 10 a. m., to consider the propriety of ordaining Mr. W. E. Randall to the gospel ministry: Council Bluffs, Logan, Carroll, Woodbine and Harlan, Ia., and Blair, Neb. The council was organized by electing Rev. O. A. Homes, of Blair, moderator and Rev. A. H. Post, of Harlan, clerk. The morning session was occupied in hearing and examining the candidate concerning his Christian experience and call to the ministry, which evinced a thorough work of divine grace and the holy spirit leading into the sacred office of the ministry. From 2 p. m. to 5:30, the council thoroughly examined Mr. Randall upon his views of bible doctrines, which were clear, positive and thoroughly scriptural. After due consideration the council heartily and unanimously voted to proceed in the evening at 8 p. m., with the ordination of Mr. Randall in the following order: Opening exercises by Rev. A. H. Post. Sermon by Rev. J. G. Lemon. (Text 2 Tim., 4:2). Ordaining charge and prayer to candidate by Rev. O. A. Homes. Hand of fellowship by Rev. A. H. Post. Charge to the church by Rev. S. C. Carter. The choir made up of singers from Blair, Logan and the home church gave excellent and impressive music. Mr. Randall is a promising young man of sterling worth, good common sense, excellent social powers, careful in all his intercourse and by his studious habits he is proving himself an able minister of the gospel. "Highly dividing the Word of truth." Mr. Randall has been at Missouri Valley since December last, and by energetic work a fast gaining a strong hold upon the church and all classes of the community. The council very much regretted that Rev. T. S. Bovell, of Carroll, who had rendered efficient aid in the council could not remain to take part in the ordaining exercises of the evening.

MAKING MUSIC. The Hardman Piano And How it is Manufactured.

The last number of the American Art Journal contains the following concerning the Hardman pianos, of which J. Mueller, of this city is the general agent: Among the wide awake and progressive manufacturers in the piano trade are Hardman, Dowling & Peck. During the past year they have added many improvements to their instruments. Without regard to cost they have worked to make their pianos equal to the very best in the market, and they are entitled to much credit for what they have accomplished. While they have practically a full iron frame in their Uprights, they have overcome one of the chief difficulties and had effects resulting from its use, in covering its westplank. As constructed by most manufacturers they have adopted the full iron frame the pins are made to pass through the frame, giving a leverage of half an inch or more on the pins, which, to a certain extent, affects the vibrations of the strings, and consequently the solidity and permanency of tone. In this respect Hardman, Dowling & Peck have, in their new uprights, all the benefits of a full and complete iron frame extending to the top of the piano, while that part of the westplank in which the pins are driven is free. On account of these improvements and the excellent workmanship and material used in the Hardman pianos, the manufacturers have been obliged to advance their prices. As might be expected, under the circumstances, all of their agents have expressed a perfect willingness to push the increased price, and continue to push the instruments the same as heretofore.

New Goods—Seersuckers, chambrays, satines, percales and cambrics at New York cost at Laing's.

DOINGS OF THE DOCTORS.

The State Dental Association Still in Session.

The state dental association continued its session yesterday. In the forenoon Dr. Ingersoll, of Keokuk, who is also dean of the dental department of the state university, gave a lecture on a clinic. Dr. E. I. Woodbury, of this city, also gave a clinic, showing his methods of taking impressions and making dies from metal.

In the afternoon several papers were given and discussions had. Dr. J. Hardman of Muscatine, read a paper on "Loose Incisors and their Treatment." Dr. C. Ingersoll of Keokuk, gave a paper on "Dental Therapeutics."

Among the promulgators from outside the state who were in attendance yesterday were Dr. Low, of Chicago; Dr. McGraw of Mankato, Minn.; Drs. Nason, Wertz and Wilson of Omaha, and Dr. C. T. Darby, of St. Jo.

This morning there will be clinics given by Dr. Darby of St. Jo., Dr. Nason of Omaha, Dr. Low of Chicago, and Dr. McGraw of Mankato, and this afternoon there will be other papers and discussions.

My entire stock of dry goods at less than cost to close out. J. W. LAING.

Death of Dr. Studley. Many in this community will be surprised to learn of the death of Dr. Studley. He had been in ill health for a long time, and of late has been failing more rapidly, but was still able to be out and about. A short time ago he went to Omaha, thinking he could be better cared for by friends living on South Sixth street. On Tuesday he seemed about as usual, but on retiring at night seemed restless, and about 1 o'clock in the morning passed quietly and suddenly away.

Word was sent to his friends in this city and they got D. M. Connell, the undertaker, to go after the body and bring it to this city where it will be kept until further advice is received from his two brothers who live in New York. Dr. Studley had lived here for about four years. He was in some respects eccentric, but had many traits of head and heart which caused him to win numerous friends here.
