"I find that in addition to the pure spirits contained in their composition, they rontain the extracts of hops and other well known and highly approved medicinal roots, leaves and tinctures in quantities sufficient to render the article what the makers claim it to be, to wit, a medicinal preparation and not a beverage

"From a careful analysis of their formula-which was attested under oath-I find that in every wine-glassful of Hop Bitters, the active medicinal properties aside from the distilled spirits are equal to a full dose for an adult, which fact in my opinion, subjects it to an interal revenue tax as a medicinal bitter,"
