Special Dispatch to THE BEE. CHICAGO, June 1 .- The Nebraska delespecial car over the Wabash road. They organized by electing John M. Thurston chairman, and agreed upon the following listribution of honors: Vice-president or Nebraska, E. L. Reed; member of committee on rules and order of business, Chas. P. Mathewson; for committee on credentials, W. T. Scott; for permanent organization, J. H. Maccall; for member the National committee, Church Howe. No agreement has been reached as to the vote, but it is probable that hey will divide. Governor Dawes. men ber of the National committee, and G. W. Dorsey, chairman of the state committee, are working hard to get the solid vote of Neuraska for Baine, at least on the first ballot, but their success is doubtful. It is certain that Baine cannot retain more than three votes after the first ballot. A large number of Nebraskans arrived to-day. The congressional delegation, including Messrs. Manderson, Van Wyck and Lurd, will arrive from Washington to-morrow morning

> "BEE" INTERVIEWS. WITH THE GLOBE-DEMOCRAT MAN.

Special Dispatch to THE BEE. CHICAGO, June 1 .- J. B. McCullough, ditor of the St. Louis Globe Democrat, was asked, "What is your preference?" "For Arthur."

"How does the Missouri delegation tand."

"Arthur has more votes than anybody else. I can count up 10 votes for Arthur, bout 8 for Blaine, 6 for Edmurds and logan has 1 or 2. It is all divided up. "What do you think of Logan's trength?"

"It is a mistake to think Logan can deliver his support to Blaine. I how very well that after the first ballot there are many who will go to Arthur. Those who are instructed for Logan say their instructions extend only as far as the first ballot. Logan can't trade them off as he chooses, and he will find out his mistake.

IOWA'S SECOND. Said an Iowa delega e to-day : "Arthur is unquestionably the second choice of our region. There is a strong feeling of personal friendship for Blaine, but there is unqualified confidence in Arthur, and there would be a feeling of security in business circles should he be given another term. Arthur is strenger to-day with our business men than when our convention was held. All the delegates unite in the opinion that the twenty-six lows votes will be cast for Blaine the first two ballots. After that it is believed five or aix of them at least will awing into the Arthur ranks, and perhaps more may follow."

HON. T. F. SINGISER, a delegate in congress from Idaho, ex-presses himself as very doubtful as to the nominee, but says no man who does not stand squarely in opposition to Chinese

immigration can carry the Pacific When asked how Arthur was regarded in that particular he said he was perfectly satisfactory and that no objection could be found to him. "One thing you can rest assured of, however," said he "the platform has got to speak with no uncer-

sulted. The friends of President Arthur place great reliance upon their abuity to secure accessions from the northwesters states after the complimentary votes have been cast. How far these hopes will be realized yet remains to be determined. Those who are on the tuside believe that, after the first two or three ballots, recruits will begin rallying around the president from all these's ates to such an extent that a stampede in his direction may result. If there ever was an actual deal between Blame and L gan, it ap pears to have been declared off. Members of the Libnois delegation assert that they have not heard of it.

MERITT L. JASPER, assistant secretary of the interior, ex pressed himself as confident of the success of Arthur, and thought that the A Colorado Cloud Burst Sweeps nomination might go to him on the third or fourth ballot, if not sooner.

THE ATTEMPT TO COAX IT TO BLAINE. Special Dispatch to the Brk.

NOT THE ONLY MAN in the south, and they did not propos to be treacherous to the president to give him a cabinet position. So far as can be learned the deal has only resulted in the transfer of six or seven Arkansas votes to Biance, which is regarded by Arthur leaders as poor pay for a cabinet officer. It is claimed by all the southern laaders it will be impossible for Biame to make a serious impression upon the southern vote. They deciare he will get at least

WILLIAM PITT KELLOGG says Arthur has ten and possibly twelve of the sixteen Louisiana votes. "You damaged. may put it down that if Arthur can't be nominated, Louisiana will go for some man who can be elected without regard to the preference of individual delegates. We have a splendid opportunity to carry the state this fall on account of the tariff home in regard to the sugar product.

COL BOBERT SMALLS, member of congress from the 17th district of South Carolina, says the delegation from his state is solid for Arthur, and he thinks a majority of them would vote for Logan as second choice. Nobody except Logan is talked of. But in reply to an inquiry Smalls said he thought Lincoln's name would be received with favor in South Carolina.

DELEGATE MILLER,

of the Kentucky fifth district, says: "Of our 26 delegates 16 will vote for Arthur."

W. A. Pledger, delegate-at-large from Georgia, and one of the most prominent representative politicians of that state, says the delegation is for Arthur first, last and all the time.

Poison Oak

Seems to yield every time to treatment with Swift's Specific. Specific.

Spartanburg. S. C., March 13, 1884.

Your most valuable medicine (Swift's Specific) has done we so much good that I 'cel like saying this for the benefit of those who suffer like I rid. I was poisoned by Poison Oak, and saw not a well day for six years, until I used Swift's Specific. In the six years, used almost every rind of medicine, but none had the desired effect. After using six bettles of Swift's Specific I am restored to perfect health—with not a sign of that swful poison left!

Yours Truly, DAVID NESEITT.
