#### COMING FROM CHICAGO

Portions of the California and Nebraska Delegations Arrive in Omaha Yesterday.

Owing to the fact that Mr. Thurston did not return from Chicago yesterday, the reception to be given him and the remaining members of the Nebraska delegrtion at the Boyd last evening was postponed until such a time as he can be present. ### COURTS AND JURIES.

The Investigation of the City Officials to Begin This Morning.

DISTRICT COURT.

In the district court yesterday before Judge Neville no case was found ready for trial. An application for a temporary injunction was filed by William Dove against Matt Patrick. The application alleges that Dove is in possession of a lot on Sixteenth street near Capitol avenue, under a lease from the owner. These premises have been leased to Patrick, the defendant, his term to begin when Dore's shall have expired. The defendant has taken steps to erect a building on this lot, and these proceedings were taken to restrain him from completing its erection. The case was argued yesterday afternoon, the court at the conclusion allowing the temporary writ to issue, holding that if the defendant could keep possession of part of the premises by the same principle of law he could take the whole.

Before Judge Wakeley, the case of Berthold against Guy was on trial all day before a jury. The amount involved in this suit is several thousand dollars, and the cause arose out of an attachment alleged to have been made against the plaintiff, when the defendant was sheriff of Douglas county.

#### COUNTY COURT.

In the county court yesterday, an ac-tion was commenced by Sadie York against Sarah Bernstein, to recover judgment for one thousand dollars. The plaintiff alleges in her petition that she has been damnified in that amount by reason of malicious prosecution, vexatious litigation, malicious attachment and abuse of process arising in a couple of suits wherein the plaintiff was defendant and the defendant was plaintiff. These actions were brought in Justice Brandes' court, and attachments were issued in

THE GRAND JURY.

The grand jury resumed its work again yesterday morning. This morning they will begin the investigation of the charges against the mayor, marshall and other city officials. The sheriff has served subpoenss upon the proprietors of the several gambling houses citing them to appear before the grand jury at 10 a. m. to-day. From reliable authority it the guest of Mr. C. Specht, proprietor of the was learned that several presentments would be made to-day, but who the in-dicted parties are could not be found out.

#### Evidently Wounded,

From evidences found yesterday, i seems almost certain that Richter's clerk shot the highwayman who robbed him C. L. Hall, Esq., one of Lincoln's rising Sunday night of his watch and \$17 in money. Officer Buckley was yesterday sent out to see if any clue could be found to the robber. In an old box, near terday from Chicago, where he has been at. Twentieth and St. Mary's avenue, used tending the convention. He will return to by the expressmen in which to feed their horses, large pools of blood were found Miss Kittle Manning, daughter of Hon. As this is the direction taken home of the latter. Cass and Twenty-fourth by the robber, the police think it avi dently probable that he found in this box to dress his wounds.
