"WH, THE PEOPLE OF MASSACHUSETTS,"

Boston, June 13.—The independents of Massachusetts who oppose the republican presidential ticket met to-day in Menionan Hall. Henry L. Pierce called the meeting to

Col. Higginsen in a speech alluded to Governor Cleveland, of New York. The reference was loudly applauded.

James Freeman Clarke also spoke, The following preamble and

RESOLUTIONS WELL ADOPTED: WHEREAS, We are met in conference as republicans and independents of the Massachusetts to take action in opposition to the nomination of James G. Blaine, for president, and John A. Logan for vice president of the United States and

United States, and,
Whereas, These candidates were named
in absolute disregard of the reform sentiment
of the nation, and represent the political
methods and principles to which we are un-

alterably opposed.

Resolved, That it is our own conviction the country could be better served by opposing these nominations than by supporting them.

Resolved, That we look with solicitude to the coming nominations of the democratic party. They have proper men. We hope they will put them before the people for elec

Resolved, That whatever action be taken by the democratic party in Chicago, we, republi-cans and independents, direct our committee to call a convention in such manner the may deem expedient, after the democratic candidates have been nominated, and not later than August 1st, and to take further action as may to them seem necessary to carry out the sense of the meeting with practical effect.

Mr. Hallowell offered a resolution declaring any man who accepts the presidential nomi-nation from the democratic party thereby forfeits all claim to republican support. This was received with hisses and finally defeated. Hallowell said he could not vote with dem-PRESIDENT ELIOT.

If we put on our platform their candidate, it will be better for them and percandidate, it will be better for them and per-fectly satisfactory, but political progress is to secured only by a conflict of national parties, and as a rule there are two national parties. Therefore I hope that out of this meeting will ow a new party as one was grown years ago. FOUND A NEW PARTY

in our country—a party of national principles, and one which looks forward to national triumph."

The committee of one hundred was appointed; also a committee of twenty-five to go to New York to confer with the independent re-publicans of New York on June 17th. The committee is headed by Colonel Codman. Letters from Congressman Lyman and other sympathisers were read.

A GERMAN BOLT.

THE MILWAUKEE DER HERALD. MILWAUKEE, June 13: - A sensation has been created by Der Herald, the most influential and widely-circulated German newspaper in the west and northwest. Hitherto it has been a staunch republican organ. It announces in a double-leaded editorial that it will not support the Blaine and Logan ticket. Further-more, that in the event of the democratic national convention nominating Cleveland er Bayard upon a sound democratic platform it will support such a ticket without prejudi e to will support such a ticket without prejudie to its returning to its allegiance to the republican party in futures campligns. Dr. Seilner, editor-in-chief of Der Herald, in an interview last night, said he believed that this view voiced the sentiments of a great mass of the German republicans in the west an inorthwest. The action of the paper is significant, and was the sole topic of a mment among Produke and German speaking republicans vess English and German speaking republicans yes

AT BLAINE'S HOME. RUMORS AND DEVELOPMENTS.

Chicago Tribune, Augusta, Me., Dispatch 12th The announcement that Mr. Blaine will attend the meeting of the national republican committee in New York is not considered to have much foundation. Neither have the statements that he will stump the states of West Virginia, Ohio, New York, Massachusetts, Connecticut, and Indiana any authority at the present time. Four years ago Mr. Blaine opposed Gen.
