-Judge Beneke says there is no law against the boys playing ball in the streets. It is simply a resolution passed by the city council. The police judge can do nothing with persons brought before him and charged with such offence except to discharge them. Four boys were before his honor yesterday for playing ball in the street and were discharged.

The Judgment of the Bench.

The following written opinion was rendered by U. S. District Judge Dundy yesterday in the case of Carlson against Parsons et al, a suit removed from the is the old, old story, A young couple district court of Lancaster county to the U. Carlson vs. Parsons, et al. The plaintiff admits in his petition that a part of society and is lost to her family in the debt, secured by chattel mortgage, is not paid. This being so the defendant Slowly but surely abarrier of ice hold possession of the mortgaged property, and to proceed to sell the same, or ich thereof as may be necessary to pay off the balance of the debt thereby secured. He cannot be restrained by injunction from so doing. If the mortgagee sells more of the mortgaged prop-erty than is necessary to pay the balance of the debt, together with reasonable costs and expenses attending the sale, he will be liable therefor. For these reasons the bill praying for injunction to restrain sale, etc., must be dismissed at cost of plaintiff. So ordered.

## AT THE BOYD.

"Young Mrs, Winthrop" by the Madi- Paxton.

The "Young Mrs. Winthrop" was pre sented at Boyd's opera house for the first time in this city, last evening, by the Madison Square company. It is the same company which attained such notoriety in the play of the "Professor." It is strong and evenly balanced company and the play was presented in a most acceptable manner.

The play is a beautiful little drama in four acts. The scene of the play is in New York; the time is the present. It are happily married; a child is born which both idolize and love; the husband, after a few years, is carried away by a desires to increase it. The wife, left to herself, plunges deep into fashionable israised between husband and wife, until all that binds them to each other is the love they bear their child. The child dies and the last link is broken. The husband goes abroad and leaves an old friend, a lawyer, to ar range matters and draw up the paper for a final separation from his wife. A ter an absence of two months the husband returns to sign the separation pa-

pers. The old lawyer calls husband and wife together and proceeds to read the articles of agreemen. In this act very affecting scenes occur. By a very clever mode of procedure the old lawyer brings the young people to a sense of their duty, and in one brief movement the warmth of love melts the barrier of ice and they are sobbing in each other's arms, while the lawyer is hastily destroying the articles of agree-

All the characters are well taken, par ticularly the lawyer, "Buxton Scott," by Mr. Gillette, and "Mrs. Dicklehetwyer," by Miss Ada Dyss.

At the close of their engagement in

this city this evening the company will leave for New York. This season is at an end, and when in a few weeks they again take the road it will be to play that favorite old piece "The Professor.

When completed the church will cost about \$10,000. Of this amount \$7,500 has already been raised, and the balance needed to complete it can easily be obtained. It is intended now to have the defendant's subscription of \$200 toward numerous sacred days which occur in that season of the year. John Dundy Buried in a Trench on Farnam Street.

Yesterday, John Dundy, a laborer employed in digging trenches on Farnam street, went down into a trench infront of earth caved off and buried his limbs as far up as his knees. He attempted to extricate himself when a huge piece of earth gave away and buried him up to his neck. Help was at hand and he was soon released from his perilous situation. Strange to say he was not injured further than a few bruises.

The officer replied that he had been or dered by the marshal to make the arrests last night and nothing remained for him to do but to execute the order, These three men gave their personal recogniz ances to appear to day. At eleven o'clock last night the reporter passing by their places saw their rooms all lighted and from the hall door could be distinctly heard the rattle of ivory chips and the roll of the roulette ball. It was afterwards learned these houses had been

running nearly all day. A second order was issued by the marshal that notice should be given all disorderly women to leave the city at once.

#### SUDDEN CHANGES.

Changes hf temperture are apt to occa ion dangerous affections; in the fullblooded, apoplexy is to be feared. All, both young and aged, should have Bran-DRETH'L PILLS ready; they are never-failing. When you have pain in the head, are dizzy, feverish, rheumatic,, or otherwise affected, take from three to ten, according to bulk of individual. In twenty-four hours, or less time, you will be content. Constitutions are much alike. Vertigo, dizziness, and pain can come only when impurity of the blood is too much for "the life" in us to carry without a struggle. And it is this struggle that Brandruth's Pills aid, and no mistakes are made when you merely take away impurities from the blood.

## The Brick Business,

The amount of brick consumed in building in Omaha at the present time is enormous. So great is the demand that not less than three yards are actually delivering brick before they are cold. The exact figures have not been obtained, but from figures gathered it is certain that fully 200,000 brick are turned out by the yards, in and around the city, daily. There are a dozen yards supplying the city, two of them furnishing from 30,000 to 40,000 a day, yet so rapid is the consumption that a BEE man in search of a few thousand, visited six yards before he obtained the article. Prices range from \$8 to \$10 in the yards, with \$1 a thousand added for delivery. This is for the common article, the machine pressed brick being still higher. A few of the yards naturally take advantage of the demand and put the prices up to the top notch. They are the guerrillas of the trade and as a consequence their bus-iness is limited to the shavings. With these exceptions a uniform price of \$9, in the kiln is charged.

Can't Say Enough. "I cannot speak too highly of Burdock Blood Bitters; they have been a great blessing to me. Cured me of billiousness and dyspepsia from which I had suffered for years." Mr. J. Marsh, Burdock Townston Cart
