

A Dangerous Case.

... Remember, June 1, 1882. Ten years ago I was attacked with the most intense and deadly pain in my back and kidneys...

A WHITE SLOUCH HAT.

An Incident of the Campaign in the Kanawha Valley.

Sharpshooting with a Flavor of Malice in It--A Tragic Sequel to a Soldier's Enmity.

From the Philadelphia Times. In the spring of 1864 Gen. Crook's division, of which I was a member, was ordered to strike tents and leave the great Kanawha Valley to join Gen. Hunter's army in his campaign down the Shenandoah valley to Lynchburg...

like me for his victim! "It's a bad piece of business," said he, in a serious tone, "and I can't for the life of me understand it. It is evidently plain that he has marked you as his own, and that as long as he can find you he is going to shoot at you."

The next day was a fairly warm one all around. Gen. Hunter had fooled his opportunities away until the foe had ample time to be re-inforced from the army about Richmond and Petersburg.

The residence of Mr. Allen, a farmer living near Elk Point, was burned the other day. The contents of the house, including nearly \$100 in currency and \$1,200 in notes, were destroyed.

The actual valuation of Cheyenne is estimated at \$2,387,305. A woman and two children were killed by lightning on the 11th, on Box Elder creek.

The men of Cheyenne will lead the procession on the Fourth. It will be a lively day in the territorial metropolis. The mining interests of Wyoming are just now enjoying a quiet boom.

Near Carbon the Union Pacific is strengthening the road bed. The recent rains have weakened the coal deposit bed to such an extent that while it was wet the trains had to run slowly.

A maverick of the male specie, running loose at Cheyenne, assaulted three young girls in one day, but failed to accomplish his villainous purpose.

Colorado. The Artesian well at Zang's brewery in Denver has yielded 482,000 gallons of water per day.

The graders on the Pike's Peak railway have been discharged. The company is short of funds.

California. A vein of coal is reported to have been found near the quarry back of the insane asylum at Napa.

Utah. The murderer who was condemned to be shot on the 13th, has been respited by Acting Governor Thomas in order that his appeal may be heard by the United States supreme court.

Montana. The receipts of bullion in Salt Lake city for the week ending June 11th, inclusive, was \$1,311,554.82; of ore, \$5,701.

Virginia City bankers have been making large shipments of gold dust this spring--larger than usual at this season.

At Helena, last week, George Tarrell, a commercial traveler who attempted to evade the license law, was arrested and compelled to pay up, the license, fines, costs, etc., amounting to the sum of \$109.75.

The production of the mines of the Hecla company, of Glendale, in 1883, was 2,912 net tons of lead, 668,472 71 ounces of silver, and 502.53 ounces of gold in the lead, and 988,395 pounds of copper matte, containing 69,372 21 ounces of silver, and 308,519 pounds of copper.

Of the many remedies before the public for Nervous Debility and weakness of Nervous System, there is none equal to Allen's Compound. It is a purely scientific and perfectly restores all lost vigor; it never fails, \$1 per bottle, 6 for \$5.--At druggists.

WESTERN NEWS.

DAKOTA. The Artesian well at Chamberlain is down 250 feet. You now have ten flowing wells of the Artesian pattern.

There are 492,080 acres of deeded land in Spink county. The total area of the county is 967,680 acres.

The Congregational church at Plankinton has been supplied with a bell weighing 1,000 pounds and costing \$100.

The Bismarck Tribune says that crops never looked finer in northern Dakota at this season of the year than they do now.

The largest quartz mill in the world--a 200 ton mill--is to be built by the Homestake mining company, in the Black Hills.

It is reported that the Chicago & Milwaukee railroad has arranged for the survey of all the government lands in Campbell and Me-Therson counties.

Thirty miles of the Dakota and Great Southern have been graded in Day and Sargent counties. The grade in some places is six feet above the prairie.

The residence of Mr. Allen, a farmer living near Elk Point, was burned the other day. The contents of the house, including nearly \$100 in currency and \$1,200 in notes, were destroyed.

Surveyors are now at work in Campbell county, and a survey about twenty townships which will probably not be opened for filing until before the middle of August or the first of September.

The actual valuation of Cheyenne is estimated at \$2,387,305. A woman and two children were killed by lightning on the 11th, on Box Elder creek.

Laramie capitalists are organizing a stock company to purchase 600,000 acres of railroad land in that vicinity.

The firemen of Cheyenne will lead the procession on the Fourth. It will be a lively day in the territorial metropolis.

The mining interests of Wyoming are just now enjoying a quiet boom. Prospectors in various sections are opening up both quartz and placer claims, and working them with profit.

WATCH The Kidneys.

They are the most important secretory organs. Into and through the Kidneys flow the waste fluids of the body, containing poisonous matter taken out of the system. If the Kidneys do not act properly this matter becomes disordered and the following symptoms will follow: Headache, weakness, pain in the small of back and loins, flushes of heat, chills, with disordered stomach and bowels.
